

Rift and Revolt in Hungary is "a notable book," says Robert R. Bowie, Director of the Harvard Center for International Affairs, in his foreword to the volume. "Comprehensive, analytical, and lively, it brings new insights to the turbulent events in Hungary since World War II even to an informed reader who followed those events closely as they took place. Its author is peculiarly qualified to write such a volume: international lawyer and political scientist, professor and public servant, he experienced Communist rule in Hungary from the inside. Arrested by the Hungarian Security Police, interrogated according to the usual methods, condemned for conspiracy and high treason, he spent five years of his life in Budapest prisons."
