Right Before Your Eyes:

Right Before Your Eyes Ellen Shanman, 2007-05-01 Outspoken playwright Liza Weiler left Yale with everything she thought she needed to make her mark on the New York stage So why nearly a decade later is she still waiting for her real life to finally begin But like any great drama Liza's life only needs one good twist And that's what happens when she turns her ankle on the way out of a downtown nightspot and falls into the arms of a suspiciously gallant Wall Street prince and a practically perfect ER doc Suddenly Liza not only has a couple of men in her life but her play has fallen into the hands of a hip theater director Now Liza's about to discover how much mess she can make of a seemingly good thing and how terrifying slightly tragic and utterly hilarious a little success can be *Right Before Your Eyes* Ruth Price, 2015-08-01

Educational Piano Library In engaging and informal language Ruth Price invites pianists to look for the magic in well known works from both concert and student repertoire What gives a piece its identity How can we get inside the composition in order to develop an interpretation What makes us fall in love with certain passages *Right Before Your Eyes* passionately delves into piano music through score study based on the idea that if we start with our emotional reactions to the music analysis and interpretation will flow more naturally It is a valuable guide to score study for students at every level and a must have book for every piano teacher Right Before My Eyes Michelle Robinson, 2012-03-06

What we can see lets us protect ourselves but what about the things we can't see The most dangerous threats are often the ones that catch us off guard forming an abrupt and unsettling feeling that just doesn't sit right In *Right Before My Eyes* Angela Diane skillfully incorporates a psychological thriller that obscures the lens between perception and reality The novel follows Sarah a college sophomore working to find her place in the world She flounders with faith identity and the eerie feeling that someone or something is watching her Furthermore Grace Valley Christian College's remote picturesque campus with its soaring mountains and quiet halls conforms to both sanctuary and prison intensifying Sarah's rising anxiety As Sarah undergoes the forces of faith and belonging the novel underscores the chilling world of obsession and surveillance Through alternating perspectives the reader is drawn into the mind of a mysterious observer someone who knows Sarah's routines too well Here subtle warnings misplaced belongings and a lingering presence in the shadows turn mundane moments into disturbing

encounters leaving Sarah contesting her own sanity *Share the Fire* Francis Patrick Sullivan,1989 Cycle A Cover **And the Flowers Showered** Osho,2012-05-08 Using eleven Zen stories as a starting point and diving deep into their mysterious world he then weaves his magical clarity on many diverse contemporary topics From the true meaning of happiness to an understanding of the process of death it s all here To begin reading this book is to commence a journey into the world of wonder Buddha s disciple Subhuti is showered with blossoms upon experiencing sublime emptiness But isn t emptiness usually an absence of something Through his commentary on this seemingly strange tale Osho illuminates the vast difference between a negative and a sublime emptiness *Evolution Explosion* Stephen R Palumbi,2002-09-03 Evolution is not only the slow process that ruled the rise and fall of the dinosaurs over hundreds of millions of years It also happens quickly so quickly and frequently that it changes how all of us live our lives drugs fail because diseases evolve insects overcome the most powerful pesticides HIV and tuberculosis develop resistance to the newest drugs in a few months While the ecological scars of human technology have been well publicized the broad evolutionary consequences of antibiotic and antiviral use insecticide applications and herbicide bioengineering are largely unexplored Humans have a great impact on evolution Our impact remains largely accidental but our actions have generated a burst of evolutionary change that affects the entire natural world These changes come back to haunt us and affect our daily lives Written for a wide audience The Evolution Explosion examines the practical and critical aspects of modern evolution **Critical Sermons of the Zen Tradition** Shin'ichi Hisamatsu,2002-11-30 This book brings together two giants of the history of Zen Linji Japanese Rinzai and Hisamatsu Shin ichi Linji is looked upon as the founder of the Rinzai sect in Japan Hisamatsu was a leading twentieth century master thinker who lived in Kyoto and was a tremendous influence on the development of the Kyoto school of Japanese philosophy The translators and editors have translated and annotated twenty two of Hisamatsu s Zen teisho Dharma talks in effect sermons for Zen practitioners of a classical Zen text the Record of Linji the recorded sayings of the Chinese founder of Rinzai Zen **queerqueen** Claire Maree,2020-06-30 From the twins Osugi and Peeco to longstanding icon Miwa Akihiro Claire Maree traces the figure of the Japanese queerqueen showing how a diversity of gender identifications sexual orientations and discursive styles are commodified and packaged together to form this character Representations of gay men s speech have changed in tandem with gender norms increasingly crossing over into popular media via the body of the authentic gay male up to and including the current LGBT boom in Japan In this context queerqueen demonstrates how commercial practices of recording transcribing and editing spoken interactions and use of on screen text encode queerqueen speech as inherently excessive and in need of containment Tackling questions of authenticity self censorship and the restrictions of heteronormativity within this perception of queer excess Maree shows how queerqueen styles reproduce stereotypes of gender sexuality and desire that are essential to the business of mainstream entertainment Take Your Eye Off the Ball Pat Kirwan,2010-08-01 While more and more football fans are watching the NFL each week many of them don t

know exactly what they should be watching What does the offense's formation tell you about the play that's about to be run When a quarterback throws a pass toward the sideline and the wide receiver cuts inside which player is to blame Why does a defensive end look like a Hall of Famer one week and a candidate for the practice squad the next Now Pat Kirwan popular analyst for NFL.com and Sirius NFL Radio and a veteran front office executive and co-author David Seigerman present *Take Your Eye Off the Ball* a book that takes you inside a coach's mind as he builds a roster or constructs a game plan to the line of scrimmage with the quarterback and deep into the perpetual chess match between offense and defense *The Sound of the One Hand* Yoel Hoffman, 2016-12-06 When *The Sound of the One Hand* came out in Japan in 1916 it caused a scandal Zen was a secretive practice its wisdom relayed from master to novice in strictest privacy That a handbook existed recording not only the riddling koans that are central to Zen teaching but also detailing the answers to them seemed to mark Zen as rote not revelatory For all that *The Sound of the One Hand* opens the door to Zen like no other book Including koans that go back to the master who first brought the koan teaching method from China to Japan in the eighteenth century this book offers in the words of the translator editor and Zen initiate Yoel Hoffmann the clearest most detailed and most correct picture of Zen that can be found What we have here is an extraordinary introduction to Zen thought as lived thought a treasury of problems paradoxes and performance that will appeal to artists writers and philosophers as well as Buddhists and students of religion

hunts for his lost heritage A teenager plots revenge on the bureaucrat responsible for demolishing his home A starving child falls in love with a water spirit These stories collected by Ou Ning and Austin Woerner and offered in English by leading translators of Chinese travel the breadth and depth of China's remarkable literary landscape Drawn from the pages of Chutzpah one of China's most innovative literary magazines this anthology bids farewell to the tired tropes of moonlight and peach blossoms goodbye to the constraints of socialist realism In their place it introduces us to the imaginative power boundless creativity and kaleidoscopic diversity of a new generation of Chinese fiction

Body Genre David Scott Diffrient, 2023-11-27 In this groundbreaking work author David Scott Diffrient explores largely understudied facets of cinematic horror from the various odors permeating classic and contemporary films to the wetness sliminess and stickiness of these productions which he argues practically scream out for a tactile mode of textural analysis as much as they call for more traditional forms of textual analysis Dating back to Carol Clover's and Linda Williams's pioneering work on horror cinema film scholars have long conceptualized this once disreputable category of cultural production as a body genre However despite the growing recognition that horror serves important biological and social functions in our lives scholars have only scratched the surface of this genre with regard to its affective corporeal and sensorial appeals Diffrient anatomizes horror films in much the same way that a mad scientist might handle the body separating and recombining constitutive parts into a new analytical whole Further he challenges the tendency of scholars to privilege human over nonhuman beings and calls into question ableist assumptions about the centrality to horror films of sight and sound to the near exclusion of other forms of sense experience In addition to examining the role that animals living or dead real or fake play in human centered fictions this volume asks what it means for audiences to consume motion pictures in which actors stunt performers and other creative personnel have put their own bodies and lives at risk for our amusement Historically grounded and theoretically expansive Body Genre

Anatomy of the Horror Film moves the study of cinematic horror into previously uncharted waters and breathes life into a subject that not coincidentally is intimately connected to breathing as our most cherished dividing line between life and death
