

Sacrosanctum Concilium
(chapter two)

FOUR THEOLOGICAL PREMISES

- The Celebration of the Eucharist is First of all Christo-centric;
- Every Celebration of the Eucharist Requires a Bishop or his Priest;
- Participation of the Faithful is the Goal to be Considered Before all Others, and,
- The Eucharist is the Source and Summit Christian Life.

Right Of The Community To A Priest New Concilium 1980:

The Authentic Doctrine of the Eucharist Teresa Whalen,1993 At the heart of Roman Catholicism lies the celebration of the Eucharist as it both expresses and renews the living faith of Catholics Each new generation accepts the tradition even as it articulates its own authentic understanding and expression of the Eucharistic doctrine The Authentic Doctrine of the Eucharist documents the rich heritage of this living tradition The Future of Catholic Leadership Dean R. Hoge,1987 This book should be read by every bishop every vocation director every member of every seminary staff every person involved in the recruitment formation and evaluation of ministers of every kind and any and every individual who has ever written or lectured or just sounded off on the so called vocations crisis When the Lilly Endowment initially funded this important project it suggested that it be practical realistic and helpful This book meets all three requirements And more Richard P McBrien

The Church of God and Its Human Face Martin Madar,2019-06-12 The Church of God and Its Human Face is the first comprehensive study of perhaps the most original U S ecclesiolgologist of our times Joseph A Komonchak In language accessible to a wide audience the author offers an exposition of Komonchak s thought on the church and explores its distinctive features including its implications for church practice Ecclesiogenesis Leonardo Boff,1986-01-01 Examines whether Catholicism should be adapted to suit an individual country s culture and analyzes the structure of the Catholic Church **Liturgical Catechesis of Sunday Celebrations in the Absence of a Priest** Veronica C. Rosier,2002 The number of Catholic communities with no priest available to celebrate Sunday Eucharist has increased steadily over 60 years For many other forms of Sunday celebration are the statistical norm This dramatic development coincides with Vatican II s insistence on liturgical catechesis for the baptised the main source of their Christian spirit comes from active participation in the liturgy especially the Sunday Eucharist Celebrating the liturgy in all its symbolic fullness leads to inner participation in the mystery A more profound appropriation of this living relationship with Christ comes about through well celebrated rites and reflection on personal experience of the rites Yet liturgical catechesis is largely ignored or dismissed because it is not understood Liturgical celebrations frequently lack the vitality capable of leading people into the depth of the sacred mysteries they celebrate Sunday celebrations in the absence of a priest are no exception This book presents a systematic treatment of the modern church s teaching on liturgical catechesis It proposes ten general principles of liturgical catechesis These principles are used to explore and criticize the Directory for Sunday Celebrations in the Absence of a Priest 1988 as well as the rituals prepared from the Directory by the USA and Canada Even when there can be no Sunday Mass in parishes hospitals and nursing homes navy ships and jails liturgical prayer is to be a privileged place of evangelisation catechesis spirituality and discipleship in Christ **Handbook for Liturgical Studies, Volume III** Anscar J. Chupungco,2016-03-24 Volume III The Eucharist contributes to the reflection on the meaning and purpose of the eucharistic celebration It also offers to teachers and students of liturgy a handbook for studying this subject according to a system based on historical development theology

Christian Ministry in the Divine Milieu Maldari, SJ, Donald, C., 2019-03-27 Fr Maldari offers a vision of Christian ministry as a community in which each member actively participates in fostering creation's evolution toward fulfillment While ministry is ultimately cooperating with God in furthering the process of creation to its fulfillment in salvation it also humbly recognizes human limitation and dependence upon the Holy Spirit

Constructing Local Theologies Robert J. Schreiter, 2015-09-15 In the thirty years since *Constructing Local Theologies* first appeared it has been the basic handbook for anyone interested in understanding the theological implications of cultural pluralism While the themes of inculturation and contextualization have been increasingly familiar the insights of this groundbreaking work remain startlingly fresh and original The proliferation of local theologies and the emergence of voices from the margins continue to challenge traditional assumptions that the theology of the dominant culture is universal and undetermined by context

Lay Presiding Kathleen Hughes, 2005-03 Ministry in the Church 2nd Edition Paul Bernier, 2015-12-01 Real Presence Regis A. Duffy, 2010-05-01 Why is there so much worship and so little real commitment to living out the Gospel How can there be so much participation in the sacraments and so little growth and transformation in most of our lives In this challenging book of practical theology Regis Duffy tackles vital questions that are seldom asked let alone answered Basing his argument solidly on the New Testament and core Christian teaching Duffy shows how ritual sacrament worship and community have real meaning and worth only when they function as effective symbols of transformation and renewed commitment What is often lacking is not God's presence but our own By relating individual sacraments Initiation Eucharist Penance to studies of the life cycle and stages of faith *Real Presence* presents a compelling vision of what genuine participation in the Christian community involves throughout our lives

The world we know has been irrevocably shaped by certain major movements of massive significance among them the Enlightenment and Renaissance the Industrial Revolution the French Revolution and the American Revolution to say nothing of lengthened life heightened education and awareness of women's rights Largely untouched by the fundamental attitude of much of these changes is the Roman Catholic Church It is probably the only major global institution where the emphasis on a central monarchy has been steadily growing the Roman papacy and Episcopal hierarchy Change will inevitably come to the Church and that change will include the Roman Catholic Church What is proposed in this book is a flexible shape that opens the way to such change implemented immediately at grass roots To express it simply gatherings of the grass roots folk for clergy free small group Eucharist's and more rarely for small group clergy free celebrations of reconciliation the equivalent of current priests would focus above all on leadership in faith communities Very basically reality needs to be given to the priesthood of the faithful and emphasis given to the importance of leadership in faith communities The shape that this reality and this emphasis will be given will vary enormously in each culture and society The need for some basic underlying direction is not difficult to discern

Religious Books and Serials in Print, 1980-1981, 1980 **Married Priests in the Catholic Church** Adam A. J. DeVille, 2021-04-01

These essays offer a historically rigorous dismantling of Western claims about the superiority of celibate priests Although celibacy is often seen as a distinctive feature of the Catholic priesthood both Catholic and Orthodox Churches in fact have rich and diverse traditions of married priests The essays contained in Married Priests in the Catholic Church offer the most comprehensive treatment of these traditions to date These essays written by a wide ranging group that includes historians pastors theologians canon lawyers and the wives and children of married Roman Catholic Eastern Catholic and Eastern Orthodox priests offer diverse perspectives from many countries and traditions on the subject including personal historical theological and canonical accounts As a collection these essays push especially against two tendencies in thinking about married priesthood today Against the idea that a married priesthood would solve every problem in Catholic clerical culture this collection deromanticizes and demythologizes the notion of married priesthood At the same time against distinctively modern theological trends that posit the superiority apostolicity and ontological necessity of celibate priests this collection refutes the claim that priestly ordination and celibacy must be so closely linked In addressing the topic of married priesthood from both practical and theoretical angles and by drawing on a variety of perspectives Married Priests in the Catholic Church will be of interest to a wide audience including historians theologians canon lawyers and seminary professors and formators as well as pastors parish leaders and laypeople Contributors Adam A J DeVille David G Hunter Dellas Oliver Herbel James S Dutko Patrick Viscuso Alexander M Laschuk John Hunwicke Edwin Barnes Peter Galadza David Meinzen Julian Hayda Irene Galadza Nicholas Denysenko William C Mills Andrew Jarmus

Thomas J Loya Lawrence Cross and Basilio Petr *A Roman Catholic Theology of Pastoral Care* Regis A. Duffy, 2010-05-01
Drawing upon the long history of care in the sacramental mission of the clergy especially since the reforms of Vatican II
Father Duffy offers a new model that can stimulate both Catholic and Protestant pastoral care to fresh thinking and
imaginative reconstruction The model derives from the catechumenate that lengthy process of study and service which down
through the ages has preceded baptism and guided Christian formation Reflecting a judicious use of interdisciplinary insights
and praxis theology Father Duffy s vision represents an ecumenical contribution to sharpened focus and strengthened
identity for pastoral care and practice The Catholic Priest John C. Fogarty, 1988 In this study of Catholic priests working
in the diocese of Joliet Illinois Fr Fogarty probes the theological pastoral and ministerial issues involved in the priest s
understanding o f himself Beginning with a look at how the priesthood was perceived by priests and other in the 50 years
before the Second Vatican Council Fogarty points to the changes that have occurred in the priest s way of life and his present
understanding of God Jesus and the Church Laity's Mission in the Local Church Leonard Doohan, 2016-09-10 *The*
Authority of the Saints Pauline Dimech, 2017-05-18 Pauline Dimech explores whether and to what extent we may attribute
authority to the saints but also how we may ensure that it is the saints and not the scoundrels whose influence persists and
whose memory endures The thing that drives her research is the thought that history is full of examples of individuals who
held positions of official authority that they did not deserve Dimech is convinced that Hans Urs von Balthasar can help us
clarify the issues surrounding the authority of the saints Besides establishing Balthasar s involvement with the enterprise this
book tries to establish the theological foundations upon which the authority of the saints would have to be based in theory
and possibly already however implicitly based in practice
