Right Wing Military Government:

Right-wing Military Government Robert Pinkney, 1990 *Government and Politics - Volume I* Masashi Sekiguchi, 2010-08-27 Government and Politics is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Government and Politics in the Encyclopedia of Social Sciences and Humanities deals with the discipline of general and introductory descriptions on a wide range of political phenomena in rather conventional ways It covers the following topics The first two topics Forms and Modes of Government and Structures of Government deal with institutional and structural aspects of political phenomena The third topic Political Aspects of Government is about dynamic political processes The fourth Ideas and Ideologies in Politics investigates political thoughts and ideologies in the modern world The fifth topic International Politics intend to give readers an international perspective since contexts and systems which have international or transnational characters are obviously important background against which a political aspect of building a sustainable society must be considered These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs The Politics of Military Rule in Brazil, 1964-1985 Thomas E. Skidmore, 1990-03-08 The largest and most important country in Latin America Brazil was the first to succumb to the military coups that struck that region in the 1960s and the early 1970s In this authoritative study Thomas E Skidmore one of America s leading experts on Latin America and in particular on Brazil offers the first analysis of more than two decades of military rule from the overthrow of Jo o Goulart in 1964 to the return of democratic civilian government in 1985 with the presidency of Jos Sarney A sequel to Skidmore s highly acclaimed Politics in Brazil 1930 1964 this volume explores the military rule in depth Why did the military depose Goulart What kind of economic miracle did their technocrats fashion Why did General Costa e Silva s attempts to humanize the Revolution fail only to be followed by the most repressive regime of the period What led Generals Geisel and Golbery to launch the liberalization that led to abertura What role did the Brazilian Catholic Church the most innovative in the Americas play How did the military government respond in the early 1980s to galloping inflation and an unpayable foreign debt Skidmore concludes by examining the early Sarney presidency and the clues it may offer for the future Will democratic governments be able to meet the demands of urban workers and landless peasants while maintaining economic growth and international competitiveness Can Brazil at the same time control inflation and service the largest debt in the developing world Will its political institutions be able to represent effectively an electorate now three times larger than in 1964 What role will the military play in the future In recent years many Third World nations Argentina the Philippines and Uruguay among others have moved from repressive military regimes to democratic civilian governments Skidmore s study provides insight into the nature of this transition in Brazil and what it may tell about the fate of democracy in the Third World

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency, 1966 The Francis Miracle
 John L. Allen, ,2015-03-03 There is no other organization whose inner workings are more secretive than the Vatican the spiritual and physical center of the Catholic Church Now with a dynamic new leader in Pope Francis all eyes are upon the church as this immensely popular Pope seeks to bring the church back from the right to center in what can almost be described as a populist stance blurring the lines between politics religion and culture With topics including women finance scandal and reform at the fore never before have so many eyes been upon the church in what could be its defining moment for modern times Now the most respected journalist covering the Vatican and the Catholic Church today John L Allen reveals the inner workings of the Vatican to display the vast machinery and the man at the helm in a way that no other writer can The Boston Globe has stated that John L Allen is basically the reporter that bishops and cardinals call to find out what s going on within the confines of the Vatican **Communist China Digest** ,1967 **Sustaining Development in Mineral Economies** Richard Auty,2002-09-26 It is widely believed that natural mineral resources are desirable However there is growing evidence that this may not always be the case Indeed it seems that natural assets can distort the economy to such a degree that the benefit actually becomes a curse In Sustaining Development in Mineral Economies Richard Auty highlights these drawbacks and the devastating effect they can have on developing economies With reference to six ore exporters viz Peru Bolivia Chile Jamaica Zambia and Papua New Guinea he outlines how things can go badly wrong He particularly stresses the need to avoid Dutch Disease whereby competitiveness is drained out of the agriculture and manufacturing sectors so that in the long term growth falters *Far-Right Revisionism and the End of History* Louie Dean Valencia-García,2020-03-18 In Far Right Revisionism and the End of History Alt Histories historians sociologists neuroscientists lawyers cultural critics and literary and media scholars come together to offer an interconnected and comparative collection for understanding how contemporary far right neo fascist Alt Right Identitarian and New Right movements have proposed revisions and counter narratives to accepted understandings of history fact and narrative The innovative essays found here bring forward urgent questions to diverse public academic and politically minded audiences interested in how historical understandings of race gender class nationalism religion law technology and the sciences have been distorted by these far right movements If scholars of the last twenty years like Francis Fukuyama believed that neoliberalism marked an end of history this volume shows how the far right is effectively threatening democracy and its institutions through the dissemination of alt facts and histories **A Heritage of Hypocrisy** Holliston Perni,2005-10 In the dark says since the attack on the World Trade Center the question that many Americans have asked is Why Why do they hate us as they do Is it as our leaders would have us believe because they hate our freedom To understand what others find objectionable in us we must take a long and brutally honest view of how we act versus what we like to say about ourselves The facts as this book demonstrates are incontrovertible Our history is an unbroken progression of atrocities betrayals of

trust and abuses of the rule of law both to our global neighbors as well as our own citizens Since the arrival of the first settlers we have cheated and swindled committed the most sweeping genocide in history 100 000 000 members of the indigenous populations attacked civilian populations with nuclear weapons promoted conflicts at home and abroad supported brutal right wing regimes bullied those weaker than us and performed gruesome experiments on the most defenseless of our own citizens poor southern blacks retarded teens and pregnant women These sadly are the facts and are what others see when we say our proud slogans about peace and promoting democracy But who among us is actually responsible for this ignominious state of affairs As Perni argues all of these iniquities can be traced to three sources big business fundamentalist right wing Christians whom he characterizes as our own domestic Taliban and a corrupt government that serves the corporations while manipulating the easily swayed voters

Conservative Party-building in Latin America James Loxton, 2021 Voice and Inequality is about conservative parties in Latin America James Loxton examines parties formed between 1978 and 2010 and tries to understand why some were more successful than others The main puzzle is the surprising connection between roots in dictatorship and success under democracy What allowed authoritarian successor parties in countries like Chile and El Salvador to succeed while those with more democratic origins in countries like Argentina and Guatemala failed It argues that this was not a coincidence the former inherited valuable resources from the old regime that helped them to thrive in the new
