The Rise of European Liberalism Harold J. Laski, 1956 *Essays on Liberalism and the Economy, Volume 18* F.A. Hayek, 2024-05-31 A deft selection of unpublished and little known works by F A Hayek that will serve to enlighten and enliven debates around the ever changing face of Western liberalism Across seventeen volumes to date the University of Chicago Press s Collected Works of F A Hayek series has anthologized the diverse and prolific writings of the Austrian economist synonymous with classical liberalism Essays on Liberalism and the Economy traces the author s long and evolving writings on the cluster of beliefs he championed most liberalism its core tenets and how its tradition represents the best hope for Western civilization This volume contains material from almost the entire span of Hayek s career the earliest from 1931 and the last from 1984 The works were written for a variety of purposes and audiences and they include along with conventional academic papers encyclopedia entries after dinner addresses a lecture for graduate students a book review newspaper articles and letters to the editors of national newspapers While many are available elsewhere two have never

appeared in print and two others have not been published in English The varied formats collected here are enriched by Hayek's changing voice at different stages of his life Some of the pieces resonate as high minded and noble some are meant as cuts to intellectuals a pejorative term when used by Hayek like Keynes and Galbraith All serve to distill important threads of his worldview **The Rise of European Liberalism : |b an Essay in Interpretation** Harold Joseph Laski,1947

Liberalism Versus Conservatism François B. Gérard,2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author *The Collected Papers of Bertrand Russell Volume 21* Bertrand Russell,2024-08-01 In *Collected Papers 21* Bertrand Russell grapples with the dilemma that confronted all opponents of militarism and war in the 1930s namely what was the most politically and morally appropriate response to international aggression How to Keep the Peace contains some of Russell's best known essays such as the famous Auto obituary and his treatment of The Superior Virtue of the Oppressed Like the sixteen previous volumes in Routledge's critical edition of Russell's shorter writings however *Collected Papers 21* also includes a number of unpublished manuscripts from the Bertrand Russell Archives at McMaster University Moreover it recovers for Russell scholars and general readers alike a rich vein of material that has previously appeared in print only in obscure or long defunct newspaper and periodical publications **The Jurisprudence of Style** Justin Desautels-Stein,2018-02-22 In the contemporary domain of American legal thought there is a dominant way in which lawyers and judges craft their argumentative practice More colloquially this is a dominant conception of what it means to think like a lawyer Despite the widespread popularity of this conception it is rarely described in detail or given a name Justin Desautels Stein tells the story of how and why this happened and why it matters Drawing upon and updating the work of Harvard Law School's first generation of critical legal studies Desautels Stein develops what he calls a jurisprudence of style In doing so he uncovers the intellectual alliance first emerging at the end of the nineteenth century and maturing in the last third of the twentieth century between American pragmatism and liberal legal thought Applying the tools of legal structuralism and phenomenology to real world cases in areas of contemporary legal debate this book develops a practice oriented understanding of legal thought **My Philosophy** Benedetto Croce,2019-03-20 Originally published in 1949 Croce's essays on political philosophic and aesthetic subjects selected from both his earlier and later writings possess a remarkable underlying unity The political essays which form a major part of this volume display a criticism either direct or implied of the

mass creeds and movements that subordinate the individual to history They combine a passionate belief in liberty with critical and historical judgment

**The Enlightenment** J. C. D. Clark, 2024-07-10 Enlightenment studies are currently in a state of flux with unresolved arguments among its adherents about its dates its locations and the contents of the movement This book cuts the Gordian knot There are many books claiming to explain the Enlightenment but most assume that it was a thing J C D Clark shows what it actually was namely a historiographical concept Currently the Enlightenment is a term widely accepted across popular culture and in a variety of academic disciplines notably history philosophy political theory political science literary studies and theology Clark calls for a fundamental reconsideration in each The Enlightenment An Idea and Its History provides a critical historical analysis of the Enlightenment in England Scotland France Germany and the United States from c 1650 to the present It argues that the degree of commonality between social and intellectual movements in each and more broadly between the five societies has been overstated for polemical purposes Clark shows that the concept of the Enlightenment was not widely adopted in those societies until the mid twentieth century indeed that it was unknown in the eighteenth Without the concept people at the time were unable to act in ways that would have created the Enlightenment as a coherent movement Since the conventional account has held that the Enlightenment was a phenomenon the idea could be used as a component of what has been called a civil religion a summing up of the myths of origin aims and essential values of a society from which dissent is not permitted An appreciation that it was instead a historiographical concept undermines in turn the idea that there was any great transition to what came to be called modernity

New Perspectives on International Functionalism Lucian Ashworth, David Long, 2016-07-27 This book reassesses international functionalism as an approach to global politics Functionalism has been marginalized as simply a pre scientific precursor to regional integration theory In fact functionalism provides a global view of states and international organizations working towards a peaceful and constructive world order through cooperative relationships across borders to satisfy human needs Chapters examine the early development of functionalism and apply functionalist insights to issues problems and conflicts in contemporary global governance

**America's Philosopher** Claire Rydell Arcenas, 2024-05-31 America's Philosopher examines how John Locke has been interpreted reinterpreted and misinterpreted over three centuries of American history The influence of polymath philosopher John Locke 1632 1704 can still be found in a dizzying range of fields as his writings touch on issues of identity republicanism and the nature of knowledge itself Claire Rydell Arcenas's new book tells the story of Americans longstanding yet ever mutable obsession with this English thinker's ideas a saga whose most recent manifestations have found the so called Father of Liberalism held up as a right wing icon The first book to detail Locke's trans Atlantic influence from the eighteenth century until today America's Philosopher shows how and why interpretations of his ideas have captivated Americans in ways few other philosophers from any nation ever have As Arcenas makes clear each generation has essentially remade Locke in its own image taking inspiration and transmuting his ideas to suit the needs of

the particular historical moment Drawing from a host of vernacular sources to illuminate Locke s often contradictory impact on American daily and intellectual life from before the Revolutionary War to the present Arcenas delivers a pathbreaking work in the history of ideas      Contending Liberalisms in World Politics James L. Richardson,2001 After introducing the theme of contending liberalisms Richardson traces the emergence over time of a distinctive liberal view of international relations and reviews the present state of liberal IR theory He then turns to neoliberal ideology examining it in detail particularly in the context of globalization and investigating the powerful forces that support and sustain it      **Isaiah Berlin** A. Dubnov,2012-03-14 This study offers an intellectual biography of the philosopher political thinker and historian of ideas Sir Isaiah Berlin It aims to provide the first historically contextualized monographic study of Berlin s formative years and identify different stages in his intellectual development allowing a reappraisal of his theory of liberalism      History and Heritage Alan Fox,2024-10-21 History and Heritage 1985 offers the first comprehensive exploration and assessment of the historical developments that form Britain s industrial relations system its institutions texture and place in wider society It looks at pre industrial patterns of thought and behaviour at religious and political struggles different strategies of rule and social control and at the central significance of the ruling order s conditional commitment to the rule of law and certain liberal freedoms
