Rising From The Plains:

Rising from the Plains John McPhee, 1986-11-17 Sometimes it is said of geologists that they reflect in their professional styles the sort of country in which they grew up Nowhere could that be more true than in the life of a geologist born in the center of Wyoming and raised on an isolated ranch This is the story of that ranch soon after the turn of the century and of the geologist who grew up there at home with the composition of the high country in the way that someone growing up in a coastal harbor would be at home with the vagaries of the sea Back cover
