### **Rising Suns Rising Daughters Gender Clab And Power In Japan:**

*Rising Suns, Rising Daughters* Joanna Liddle, Sachiko Nakajima, 2000-12 Surprisingly little is known in the West about Japanese women Exploring themes of gender and class this book traces the changing position of women through history and into the present Repudiating the cliché of the submissive Japanese woman the authors show women as active agents in both family and public life The women's liberation movement of recent years resonates with echoes of struggle and resistance from earlier times The broader movements of history and culture are brought into focus within the experiences of individual women

**Japanese Women, Class and the Tea Ceremony** Kaeko Chiba, 2010-09-13 This book examines the complex relationship between class and gender dynamics among tea ceremony chad practitioners in Japan Focusing on practitioners in a provincial city Akita the book surveys the rigid hierarchical chad system at grass roots level Making critical use of Bourdieu's idea of cultural capital it explores the various meanings of chad for Akita women and argues that chad has a cultural economic social and symbolic value and is used as a tool to improve gender and class equality Chad practitioners focus on tea procedure and related aspects of chad such as architecture flower arranging gardening and pottery Initially only men were admitted to chad women were admitted in the Meiji period 1868 1912 and now represent the majority of practitioners The author a chad practitioner and descendant of chad teachers provides a thorough honest account of Akita women based on extensive participant observation and interviews Where most literature on Japan focuses on metropolitan centres such as Kitakyushu and Tokyo this book is original in both its subject and scope Also as economic differences between metropolitan and non metropolitan areas have become more pronounced it is timely to explore the specific class and gender issues affecting non metropolitan women This book contributes not only to the ethnographic literature on chad and non metropolitan women in Japan but also to the debates on research methodology and the theoretical discussion of class

**Japan in the 21st Century** Pradyumna Karan, 2010-09-12 The ancient civilization of Japan with its Shinto shrines and Buddhist temples is also closely associated with all that is new and modern Looking outward Japan sees what it has become since Hiroshima the world's second largest economy a source of fury and wonder a power without arms Looking inward Japan sees old ways shaken and new ones developing at a hectic pace Japan in the Twenty first Century offers compelling insights into the current realities of the country and investigates the crucial political economic demographic and environmental challenges that face the nation A combination of text maps and photographs provides an essential understanding of Japan's geography cultural heritage demography economic and political development and of many other important issues Pradyumna P Karan explores the obstacles and opportunities that will shape Japan and affect the world community in the coming years He highlights strategies and policies that will facilitate economic and political change and stimulate the development of effective institutions for long term sustainable prosperity and economic vitality Unique field reports drawn from direct observations of events and places in Japan illuminate Japanese traditions and sensibilities The first

full length English language textbook on Japan's geography culture politics and economy to appear in nearly four decades Japan in the Twenty first Century will be a vital resource for researchers academics general readers and students of Japan Pradyumna P Karan professor of geography and Japan studies at the University of Kentucky is the author or editor of numerous books on Asian geography and culture including The Japanese City and Japan in the Bluegrass "We are the Mods" Christine Jacqueline Feldman,2009 Drawing on archival research oral history interviews and participant observation this examination of the adoption and adaptation of Mod style across geographic space also maps its various interpretations over time from the early 1960s to the present The book traces the Mod youth culture from its genesis in the dimly lit clubs of London's Soho where it began as a way for young people to reconfigure modernity after the chaos of World War II to its contemporary country specific expressions By examining Mod culture in the United States Germany and Japan alongside the United Kingdom We Are the Mods contrasts the postwar development of Mod in those countries that lost the war with those that won The book illuminates the culture's fashion music iconography and gender aesthetics to create a compelling portrait of a transnational subculture Book Jacket **Japanese Flower Culture - An Introduction** Kaeko Chiba,2022-12-20 This book provides a comprehensive introduction to ikebana and other forms of Japanese flower culture Unlike other books on the subject which focus on practice the book provides both an academic discussion of the subject and an introduction to practice It examines ikebana and flower culture from anthropological and sociological perspectives analyses Japanese aesthetics customs and rituals related to flower arrangements and outlines ikebana history and the Grand Master Iemoto system It considers how the traditional arts are taught in Japan and links traditional arts to current issues in today's society such as gender and class This book also covers how to prepare ikebana utensils preserve flowers and branches and how to appreciate arrangements placing an emphasis on acknowledging our five senses throughout each stage of the process The book will be of interest to a wide range of people interested in Japanese flower culture university professors and students tourists and people interested in traditional Japanese arts **Marriage Migrants of Japanese Women in Australia** Takeshi Hamano,2019-05-30 This book investigates the experience of Japanese women who have immigrated to Australia through marriage to a local partner Based on long term participant observations gathered with a Japanese ethnic association in Sydney and on in depth interviews with the association's members it examines the ways in which the women remould themselves in Australia by constructing gendered selves that reflect their unique migratory circumstances through cross border marriage In turn the book argues that the women tend to embrace expressions of Japanese femininity that they once viewed negatively and that this is due to their lack of social skills and access to the cultural capital of mainstream Australian society Re molding the self through conventional Japanese notions of gender ironically provides them with a convincing identity that of minority migrant women Nevertheless by analyzing these women's engagement with a Japanese ethnic association in a suburb of Sydney the book also reveals a nuanced sense of ambivalence a tension between the women's

Japanese community and their lives in Australia Accordingly the book provides a fresh perspective on interdisciplinary issues of gender and migration in a globalized world and engages with a wide range of academic disciplines including sociology of migration sociology of culture cultural anthropology cultural studies Japanese studies Asian studies gender studies family studies migration studies and qualitative methodologies **Forthcoming Books** Rose Army,2001 *Index de Périodiques Canadiens* ,1964 **Arts & Humanities Citation Index** ,1994 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals *Portland Transcript* ,1860 **Comfort** ,1891 **Ebony** ,2005-11 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Working Mother* ,2001-10 The magazine that helps career moms balance their personal and professional lives **The DVD-laser Disc Newsletter** ,2004 *American Book Publishing Record* R.R. Bowker Company,1978 **Webster's Color Dictionary** John Gage Allee,1979 A dictionary comprising over 50 000 entries with over 700 color illustration *Books in Print Supplement* ,2002 **School Library Journal** ,2008 **The land of the rising women** Saya Iwasaki,2012 *Japan's Far More Female Future* Bill Emmott,2020-09-25 The Japan on show in the 2019 Rugby World Cup was an admirably safe stable resilient and efficient society However that appearance disguises crucial vulnerabilities and social ailments including an ageing and shrinking population slow productivity growth a new low wage insecure workforce declining marriage and fertility rates and an extreme level of gender inequality Within this gender gap lies the key both to the ailments and the cure A deterioration in the use of human capital and a decline in family formation have become entrenched thanks to discrimination against the female half of the population Yet gradual change is occurring thanks not only to demographic necessity but also to a significant rise in female access to university education since the 1990s and the emergence of a wide range of role models to inspire and empower the next generation Analysis of trends and policy options combined with interviews with 21 role models spanning fields from business to the arts diplomacy to politics music to e commerce provides ample grounds for optimism Japan is becoming a nation with an increasing number of potential female leaders If this rise can be accelerated by both public policy and private action Japan could achieve much greater social justice and sustainable prosperity in the decades to come
