Risk And Culture An Essay On The Selection Of Technical And Environmental Dangers:

Risk and Culture Mary Douglas, Aaron Wildavsky, 1983-10-27 Can we know the risks we face now or in the future No we cannot but yes we must act as if we do Some dangers are unknown others are known but not by us because no one person can know everything Most people cannot be aware of most dangers at most times Hence no one can calculate precisely the total risk to be faced How then do people decide which risks to take and which to ignore On what basis are certain dangers guarded against and others relegated to secondary status This book explores how we decide what risks to take and which to ignore both as individuals and as a culture Risk and Culture Mary (Tew) Douglas, Aaron B.
