Bailey,2006-12-28 The only comprehensive single volume survey of magic available this compelling book traces the history of magic witchcraft and superstitious practices such as popular spells or charms from antiquity to the present day Focusing especially on Europe in the medieval and early modern eras Michael Bailey also explores the ancient Near East classical Greece and Rome and the spread of magical systems particularly modern witchcraft or Wicca from Europe to the United States He examines how magic and superstition have been defined in various historical eras and how these constructions have changed over time He considers the ways in which specific categories of magic have been condemned and how those identified as magicians or witches have been persecuted and prosecuted in various societies Although conceptions of magic have changed over time the author shows how magic has almost always served as a boundary marker separating socially acceptable actions from illicit ones and more generally the known and understood from the unknown and occult The Triads J. M. S. Ward,W. G. Stirling,2014-07-10 First published in 2006 Claiming origins in the mysteries of the Shaolin monastery and its martial traditions the Triads are Chinese secret societies that overthrew the Qing Dynasty evolved into organised crime syndicates spread through the Chinese diaspora and are more powerful now than ever

before The symbol of the Triads is a triangle enclosing the characters for heaven earth and man emblematic of the societies far reaching influence and membership involves challenging rites of initiation and the practice of complex rituals little changed over the centuries On one level these practices can be seen simply as the customs of a purely mystical order on another they may be seen as the organising principles by which secret societies continue to operate as powerful political organisations invisible in our midst This classic work the definitive study of the history symbols and secret rituals of the Triads reveals the Triad initiation ritual of the mystical journey sacred Triad signs words and slang the rite of the magic mirror and the oath of blood brotherhood the symbolic decoration of Triad temples Triad magic and the meaning of the sacred objects and ceremonies at the heart of Triad practice in minute detail The authors show that the Triad ritual is a potent mystical allegory with an immense power that can be used for good or ill
