centuries Christians and Muslims were embroiled in one of the most infamous territorial disputes of all time viciously and relentlessly battling one another for the Holy Land In the heart of Jerusalem sat one of the shining jewels of the Christian faith the Church of the Holy Sepulchre Legend has it that this was where their Savior had been buried before his fabled resurrection What was more it was said to house the very cross Jesus Christ had died upon It was for precisely these reasons that fearless pilgrims near and far risked their lives and made the treacherous trek to Jerusalem The Order of the Temple of Solomon also known as the Templars or the Knights Templar is one of the best known and least understood groups in history They appear prominently in everything from novels The Da Vinci Code to films as the Knights of the Cruciform Sword in Indiana Jones and the Last Crusade to videogames Assassin s Creed In these stories they are a sinister cult that manipulated historical events since the Middle Ages via intimidation and assassination They are usually connected to the Freemasons and sometimes to other historical cults like the Hindu Thuggees The real Templars were both more mundane and more fascinating than the myths and legends They were the first military religious order monks who were also knights The founding members were veterans of the First Crusade in Palestine and their main goal was in fact benign They formed their group as a small tertiary order Lay people who took monastic vows but lived in the larger community in Jerusalem policing the pilgrim routes and shrines of the Levant and protecting travelers from the many bandits that infested the area Even though they were used as the core of Crusader armies during the later crusades the Templars never wavered from their original goal The Templars were split into knights about ten percent of the Order sergeants and chaplains the other ninety percent with the non noble sergeants comprising the majority of the Order according to historians like Malcolm Barber in his history of the Order The New Knighthood The knights fought in the main part of the Templar army but the sergeants appear to have backed up the knights in battle both as horsemen and as a small infantry The sergeants also worked as servants and in non military support functions on the Templar farms granges that supported the Order The chaplains were a small group of priests who were rotated into the Order on a temporary basis and served the monks religious needs As the dissipating fog gave way to an unnerving sight the mass of frightening figures clad head to toe in gleaming armor would have been enough to take anyone s breath away Some of them were mounted on the backs of handsome stallions while others leaned forward with squared shoulders ready to attack In one swift motion the men unsheathed their swords and raised it over their heads their weapons winking as the glare of the sunlight bounced off the blade To the somewhat trained eye these warriors in Norman inspired gear would have appeared to be one of the Crusader forces but it is that bold black cross painted across their chests and shields that gave them away These men were none other than the fabled Teutonic Knights The knights of the Teutonic Order have since been compared to the surreal creature that appeared to the biblical Ezekiel one that bore 2 faces one of a man s and one of a lion s The human side of the creature is said to symbolize the order s charity whereas the lion was a metaphor for its valor and gallant spirit which they relied on to vanquish the heathens of the world *The Templars Regime*

Pernoud,2009-09-03 Foreword by Piers Paul Read For centuries historians and novelists have portrayed the Knights Templar as avaricious and power hungry villains Who were these medieval monastic knights whose exploits were the stuff of legend even in their own day Were these elite crusaders corrupted by their conquests which amassed them such power and wealth as to become the envy of kings Indignant at the discrepancies between the fantasies on which writers on history of every kind and hue have indulged themselves without restraint and the available evidence RTgine Pernoud draws a different portrait of these Christian warriors From their origins as defenders of pilgrims to the Holy Land to their dramatic finish as heretics burned at the stake Pernoud offers a concise but thorough account of the Templars contribution to Christendom *The History of the Knights Templar* Charles Addison,2018-06-21 A richly detailed sometimes challenging work Charles Addison s The History of the Knights Templar traces the rise and fall of this legendary religious military organization Addison was an official member of the Templar Inner Table when he composed his definitive study This newly edited 2018 edition from The Templar Press updates some of Addison s more archaic wording into modern English **The Ritual and Symbolism of the Knights Templars** A. Bothwell-Gosse,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **Taking the Templar Habit: Rule, Initiation Ritual, and the Accusations Against the Order** Johnathan Edgeller,2011-05-11 By the bloody fall of Acre in 1291 the Knights Templar had amassed a fortune rivaling the kings of Europe Their castles wealth and military prowess were in notorious contrast to their humble origins On Friday October 13th 1307 Philip had all of the Templars arrested in one surprising blow throughout all the domains of France Lamenting a thing terrible to contemplate horrible to hear Phillip charged the Templars with heinous heresy blasphemy and homosexuality After years of imprisonment and severe torture many of the French Templars confessed to these crimes Because their reputation was irrevocably damaged Clement disbanded them and gave their property to their rivals the Knights Hospitaller To help understand the guilt of the Templars it is necessary to look beyond the absolutes of guilt and innocence and find solace in a lovely shade of grey By examining the heritage and tradition of Templar monasticism the initiation ritual and the charges made at the time of Philip s suppression it is possible to come to a better understanding of Templar initiation rite and open new discussion on the Templar s guilt Templar initiation rites did exist By studying them it is possible to see how real rituals and symbols might have been pejoratively interpreted by hostile outsiders The resulting propaganda would lead to the destruction of one of the most powerful institutions in medieval history Nobly Born Stephen Dafoe,2007 The Poor Fellow Soldiers of Christ and the Templar of Solomon popularly known as the Knights Templar was the most famous and infamous of the crusading military orders Created in the aftermath of the First Crusade 1096 1099 the Templars were established to ensure the safety of the

large numbers of European pilgrims who flowed towards Jerusalem after its conquest The Templars were an unusual Order in that they lived both an active and contemplative life making them effectively the first warrior monks in the western world As such the Templars quickly expanded beyond their role as protectors of pilgrims and played a vital role in many battles of the Crusades Although they suffered more defeats than celebrated victories the Templars are remembered as Christendom's most fearless military force Through innovative financial techniques that could be considered the foundation of modern banking and the use of a well established network of land holdings the Templars in many ways resembled today's multinational corporations The Order's highly organised infrastructure coupled with influential patrons allowed the Order to gain great wealth and power in a relatively brief period of time This rise in power and prosperity continued until the Templars ran foul of King Philip IV of France who arrested the Templars on October 13 1307 on a variety of heretical charges Philip had the Templars tortured in order to extract confessions of guilt and many of their number were ultimately burned at the stake Under the influence of King Philip Pope Clement V disbanded the Order on March 22 1312 In Nobly Born An Illustrated History of the Knights Templar noted expert Stephen Dafoe explores the Order from its origins through to its dissolution set against the complex political and sociological backdrop that was the middle ages a period of history where enemies could become allies at the drop of a hat Individual chapters examine The factors that led to the First Crusade as well as a detailed account of the capture of Jerusalem The origin of the Templars between the years of 1118 1120 AD The Order's rise to papal favour and power and their commercial activities The day to day life of the Templar in the convent The military structure and discipline of the Order in the field The major battles fought by the Templars during the Crusades The downfall of the Order following the loss of the Holy Land in 1291 The legacy and mythos of the Templars that has developed since their demise Alongside the author's well researched and comprehensive text is a superb illustrative content vividly portraying the life of the Templars during this remarkable period of history **Knights Templar** Knights Templar Crusader Gift, 2019-12-06 Love the Knights Templar Are you fascinated with the Freemasons Christian Crusades or Oak Island treasure This cross keepsake is great for anyone who loves history artifacts The Deus Vult Templar Cross the Order of Solomon's Temple or The Holy Grail Say you love the Knights Templar with this Medieval souvenir Its a great Birthday or Christmas gift for Christians Crusaders Soldiers of Christ and Warriors of Christ Get your sword shield and armor and wear this out as a Knights Templar costume
