E. Gontarski, 2021-11-18 In addition to contributing significantly to the growing field of Burroughs scholarship Burroughs Unbound also directly engages with the growing fields of textual studies archival research and genetic criticism asking crucial questions thereby about the nature of archives and their relationship to a writer's work These questions about the archive concern not only the literary medium In the 1960s and 1970s Burroughs collaborated with filmmakers sound technicians and musicians who helped re contextualized his writings in other media Burroughs Unbound examines these collaborations and explores how such multiple authorship complicates the authority of the archive as a final or complete repository of an author's work It takes Burroughs seriously as a radical theorist and practitioner who critiqued drug laws sexual practice censorship and what we today call a society of control More broadly his work continues to challenge our

**A Theoretical Approach to Modern American History and Literature** W. Lawrence Hogue, 2020-01-10 This book reconfigures the history of modern America showing how multiple and at times vulnerable social economic literary and political movements levels divisions and conditions such as the emergent middle class the labor movement the Progressive Movement the socialist and communist parties the Women's movements the NAACP the Garvey movement Asian and Native American resistance movements writers artists and intellectuals seized upon social gender economic and racial inequalities and challenged a singularly defined modern America This book re represents the modern American novel accenting the different critical literary voices that come out of the mainstream consumer society but also out of the various unequal social economic gender and political movements and situations In including racial gender sexual colonial class and ethnic others who reject the rigidity the repression the racial and ethnic stereotyping the external and internal colonialism the complication rejection of the past nature and the violence of the institutionalized conformist norm in a discussion of the

modern American novel it effects a fundamental recasting of the modern Americanist paradigm one that is de centered richer more complex and more diverse      *Baudrillard and Signs* Gary Genosko,2002-03-11 This book relates Baudrillard s work to contemporary social r4248y The author traces the connections between Baudrillard s work and Marx and Marxism Lefebvre and structuralist method the works of Saussure Bataille Barthes Foucault Mauss Peirce McLuhan and the Prague School The result is an authoritative and stimulating account of Baudrillard and modern social theory      **The American Politics of French Theory** Jason Demers,2019-01-01 Working from the premise that May 68 is a shorthand that delimits an intensive decade of global revolt Jason Demers documents the cross pollination of French philosophy international activist movements and American countercultures From the assassinations of Martin Luther King Jr and George Jackson to the revolt at Columbia University the 1968 Democratic National Convention Woodstock and the Weather Underground Demers writes French theory into a constellation of American events and icons uncontained by national borders More than a compelling new take on the history of theory *The American Politics of French Theory* develops concepts gleaned from the work of Derrida Deleuze Guattari and Foucault providing new tools for thinking about translation theory and politics By recontextualizing French theory within a complex fabric of mass communication and global revolt Demers demonstrates why it is politically potent and methodologically necessary to think of translation associatively      Arts & Humanities Citation Index ,1993      *Cultures of United States Imperialism* Amy Kaplan,Donald E. Pease,1993 *Cultures of United States Imperialism* represents a major paradigm shift that will remap the field of American Studies Pointing to a glaring blind spot in the basic premises of the study of American culture leading critics and theorists in cultural studies history anthropology and literature reveal the denial of empire at the heart of American Studies Challenging traditional definitions and periodizations of imperialism this volume shows how international relations reciprocally shape a dominant imperial culture at home and how imperial relations are enacted and contested within the United States Drawing on a broad range of interpretive practices these essays range across American history from European representations of the New World to the mass media spectacle of the Persian Gulf War The volume breaks down the boundary between the study of foreign relations and American culture to examine imperialism as an internal process of cultural appropriation and as an external struggle over international power The contributors explore how the politics of continental and international expansion conquest and resistance have shaped the history of American culture just as much as the cultures of those it has dominated By uncovering the dialectical relationship between American cultures and international relations this collection demonstrates the necessity of analyzing imperialism as a political or economic process inseparable from the social relations and cultural representations of gender race ethnicity and class at home Contributors Lynda Boose Mary Yoko Brannen Bill Brown William Cain Eric Cheyfitz Vicente Diaz Frederick Errington Kevin Gaines Deborah Gewertz Donna Haraway Susan Jeffords Myra Jehlen Amy Kaplan Eric Lott Walter Benn Michaels Donald E Pease Vicente Rafael Michael Rogin Jos David Sald var Richard Slotkin

Doris Sommer Gauri Viswanathan Priscilla Wald Kenneth Warren Christopher P Wilson     Hervelino Mathieu  
Lindon, 2022-10-27 On Herv Guibert and the difficulty of writing and speaking about someone beloved and revered Soon that was my nickname for Herv what with my habit of italianizing the names of my nearest and dearest Hervelino that didn't make me think so much of Herv as of us both The word might not seem like much but it was him and it was me he took it for himself Mathieu Lindon met the writer and photographer Herv Guibert in 1978 The nickname Hervelino marked the start of their friendship which was cemented a decade later by the years they both spent in Rome Guibert was a pensionnaire at the Villa Medici starting in 1987 Lindon became a fellow pensionnaire the next year and the two would stay in Italy until 1990 These Roman years are at the heart of this autobiographie deux that alternates between humor and melancholy Guibert had just learned that he was HIV positive and would die not long after returning to France and rising to fame with his searing masterpiece To the Friend Who Did Not Save My Life in which Lindon himself was a character Hervelino is a book about the difficulty of writing and speaking about someone beloved and revered In recounting their time in Italy Lindon contends with the impossibility of writing about Guibert To write about Rome is to skip over everything I don't dare to write because it's so hard to make sense of Herv Hervelino is a story of a singular friendship and of the books read and shared by the friend who was loved and lost As it closes with each inscription Guibert wrote for his friend Mathieu and with Lindon's present day commentary below it what remains are shards and fragments of a friendship sealed by illness and death enshrined by literature and love
