Semiotics and Linguistic Structure Richard M. Martin, 1978-06-30 This book is devoted to elementary formal logic and metalogic and their applications to language **Semiotics and Linguistic Structure** Richard Milton Martin, 1978-01-01 This book is devoted to elementary formal logic and metalogic and their applications to language **The Semiotic Web 1990: Recent Developments in Theory and History** Thomas A. Sebeok, Jean Umiker-Sebeok, 2019-11-05 No detailed description available for The Semiotic Web 1990 Recent Developments in Theory and History *Dictionary of Modern American Philosophers* John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought *New Essays on Belnap-Dunn Logic* Hitoshi Omori, Heinrich Wansing, 2020-01-01 This edited volume collects essays on the four valued logic known as Belnap Dunn logic or first degree entailment logic FDE It also looks at various formal systems closely related to it These include the strong Kleene logic and the Logic of Paradox Inside readers will find reprints of seminal papers written by the fathers of the field Nuel Belnap and Michael Dunn In addition the collection also features a well known but previously unpublished manuscript of Dunn an interview with Belnap and a new essay by Dunn Besides the original monumental papers the book also includes research by leading scholars They consider the extraordinary importance of Belnap Dunn logic from several perspectives They look at how philosophically it has served as a basic system of inconsistency tolerant reasoning as the core of underlying logics for theories based on dialetheism and more recently for theories based on Buddhist philosophy Coverage also explores its contributions to computer science such as knowledge representation and information processing This mix of seminal papers and insightful analysis by top scholars offers readers a comprehensive outlook on Belnap Dunn logic and its related expansions which have been agenda setting for the debate on philosophical logic as well as philosophy of logic The book will also enhance further discussion on the philosophical issues related to nonclassical logics in general *Historical Dictionary of Logic* Harry J. Gensler, 2006-02-27 Historical Dictionary of Logic contains a dictionary section of more than 300 entries on persons concepts theories forms of logic fields in which logic is used and the many fallacies that can trap the unwary It

the development of linguistic theory both in Germany and internationally The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses To this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory

Defending Hope Justin Langford, 2013-02-01 Most of the current scholarly literature on biblical intertextuality or the use of the Old Testament in the New Testament exhibits a high degree of variance regarding methodological approach The variety of methods employed naturally yields a variety of results Semiotics or the study of signs and how they communicate offers an avenue for approaching intertextual references that focuses on communication theory and meaning In addition semiotic theory provides an overarching methodological framework for examining intertextual references As such a semiotic approach can assist in creating greater methodological consistency and clarity for this nuanced area of New Testament study The purpose of this book is to explore the use of semiotics as a viable approach to biblical intertextuality The intertextual references to Isaiah in 1 Peter will serve as the test case for an application of the method A semiotic approach is promising because it offers a solution to the pervasive problem of methodology in intertextual studies Moreover the investigation of 1 Peter's use of Isaiah provides a fresh perspective on how Peter utilizes this important source in the construction of his epistle and the communication of his message
