Seneca Hercules Furens Einleitung Text Übersetzung Und Kommentar:

Seneca - Hercules Furens Margarethe Billerbeck, 2018-07-17 This is most comprehensive study of Seneca's *Hercules Furens* to date and indeed of any Roman tragedy Apart from illustrating the poetic language the literary conventions and the dramatic technique of the play the book highlights the figure of the Roman Hercules in relation to its Greek model the Euripidean Herakles The comprehensive introduction on myth modern interpretations and textual transmission of the play is followed by a discussion of the newly discovered collation of the codex Etruscus by J F Gronovius The detailed commentary is provided with a new critical edition and a new German translation The work includes a full bibliography an analytical index and a complete index of passages cited Special attention is given to literary motifs and topoi as well as to Seneca's poetic language in its pivotal position between the Augustan poets and Neronian Flavian epic **Imperial Women** Susan E. Wood, 2000-01-01 An examination of the portraits of female members of Rome's ruling family from the end of the republic when such images first appear through the end of the Julio-Claudian dynasty **Ancient Greeks West and East** Gocha R. Tsetskhladze, 1999 Offering new evidence and interpretations of the relationship of Greeks and local peoples throughout the ancient world this richly illustrated collection of papers shows how Greeks viewed other people and how the establishment of Greek colonies culturally enriched both locals and Greeks The volume is richly illustrated **Linguistics into Interpretation** Johannes M. van Ophuijsen, Peter Stork, 2018-07-17 This volume is a sustained exercise in the genre of secondary literature which aims at explaining a literary work as much as possible in and through the author's own words A crucial passage in direct speech by different speakers from the *History* of Herodotus the earliest long Greek prose text has been made the object of a systematic effort to distill and analyse the linguistic characteristics relevant to its interpretation by confronting it with the rest of the work as well as with earlier and contemporary writings This is done with the primary aim of placing the interpretation of a major author on the firmest ground available the author's *ipsissimi verba* The result made accessible by full indexes will prove helpful to readers of any part of Herodotus' *History* *Valerius Flaccus, Argonautica, Book VI* Henri J.W. Wijsman, 2017-09-18 In spite of an increased interest over the last ten years in the 1st century AD Roman poet Valerius Flaccus involving the production of several commentaries part of his work *Argonautica* was still lacking a modern commentary This book gives a full philological and literary commentary of the turbulent book VI of the *Argonautica* The Silver Latin author's peculiar phraseology and choice of words is highlighted Where possible the poem is interpreted in the context of the other Silver Latin epic poets *Virgil, Aeneid 7* Horsfall, 2018-07-17 This commentary was begun in 1967 but most of the period from 1971 to 1996 was spent on work that was in some sense an essential preliminary to a detailed study of *Aeneid 7* The work will serve as a guide to recent and future work on Virgilian language grammar syntax and style Recent approaches to the text have been where possible taken into account with sympathy but without jargon Virgil's sources in verse and prose have been studied with special care and the commentary presents a coherent approach to Virgil's view of

Italian religion antiquities and topography Unusually full indexing is intended to further the book's use as a guide to many aspects of Augustan poetic idiom There is a text independent of recent editions and a precise prose translation

Euripidea Tertia Kovacs, 2017-09-18 Euripidea Tertia is a companion volume to the Loeb Classical Library edition of Euripides It discusses places in the text primarily of the late plays where the editor's choice of variants or adoption of conjectures required some explanation and also places where the translation needed explaining The plays covered are Iphigenia Taurica Ion Helen Phoenissae Orestes Bacchae Iphigenia Aulidensis and Rhesus with addenda on earlier plays Reviewers of the earlier volumes Euripidea and Euripidea Altera have commented on the cogency and sensitivity of his textual arguments Serious students of Euripides tragedy textual criticism and Greek metre will all want to read this book

Josephus and the Politics of Historiography Gottfried Mader, 2017-07-31 Although Josephus' debt to the traditions of Greco-Roman historiography is widely recognized the classical elements in his Bellum Judaicum are still often dismissed as just formal ornatus This study reconsiders Josephus' intellectual affiliation to his predecessors in the genre and argues that the work's classical complexion and in particular its distinctive color Thucydideus are integral to the intellectual and ideological design of BJ Deployed typically at crucial points where Josephus deals with the motives of the Jewish insurgents the classical elements directly subserve the work's apologetic and polemical tendencies subtly predisposing the reader to a particular interpretation by applying the rationalist and psychological categories of scientific Greek historiography In this sense the classical form of BJ is interpreted in light of the historian's partisan political agenda

Justice as an Aspect of the Polis Idea in Solon's Political Poems Joseph A. Almeida,2017-07-31 This book examines the meaning of justice or dike in the political poems of Solon from a new interpretative perspective The first two chapters argue that neither standard historical nor literary treatments have provided an adequate foundation for understanding Solon s dike The main defect lies in an inability to connect Solon s concrete political work with his poetic perceptions The book s central proposal is that the polis idea from new classical archaeology provides an objective standard for an interpretation of Solon s dike which remedies this defect The third chapter sets forth the polis idea which becomes the measure for an examination in the final two chapters of Solon s view of dike The book thus exhibits an interdisciplinary approach to Archaic poetry
