This account of the incorporation of issues of equality into the social work education curriculum focuses upon the period between 1989 and 1995 a time of considerable activity and rapid change It is based upon research carried out by the author whilst studying for a doctorate in education *The Homosexual(ity) of Law* Leslie Moran, 2002-11 First published in 1996 Routledge is an imprint of Taylor Francis an informa company *History and Genealogy of the Pomeroy Family* Albert Alonzo Pomeroy, 1912 **Monthly Bulletin** Los Angeles Public Library, 1920 **Nonsense and Other Senses** Elisabetta Tarantino with the collaboration of Carlo Caruso, 2020-07-24 This book deals with a topic that is gaining increasing critical attention the literature of nonsense and absurdity The volume gathers together twenty one essays on various aspects of literary nonsense according to criteria that are deliberately inclusive and eclectic Its purpose is to offer a gallery of nonsense practices in literature across periods and countries in the conviction that important critical insights can be gained from these juxtapositions Most of the cases presented here deal with linguistic nonsense but in a few instances the nonsense operates at the higher level of the interpretation of reality on the part of the subject or of the impossibility thereof The contributors to the volume are established and younger scholars from various countries Chronologically the chapters range widely from Dante to V clav Havel and offer a large span of national literatures Czech English Finnish French German Italian Japanese and literary genres poetry prose and drama inviting the readers to trace their own pathway and draw their own lines of connection One point that emerges with particular force is the notion that what distinguishes literary nonsense is its somehow regulated nature Literary nonsense thus sounds like a deliberate last ditch attempt to snatch order from the jaws of chaos the speech of the Fool as opposed to the tale told by an idiot It is this kind of post Derridean retrieval of choice as the defining element in semantic transactions which is perhaps the most significant insight bequeathed by the study of nonsense to the analysis of poetry and literature in general **Catalog of Copyright Entries, Fourth Series** Library of Congress.
