Highly Sensitive Julie Klutiny, 2022-10-04 Highly Sensitive is about an Empath's journey to freedom to balance. After leaving a life she spent over 30 years creating, Julie left everything to look after a failing parent, her mother. Over time, Julie began to lose sight of her self and her connection to who she had become as an adult. As her life became filled with caring for her mother and her mother's life, she began to notice how the wounds of her childhood were rising to the surface. This, as Julie saw it, was an opportunity to heal and evolve as a more loving daughter and being. **Evolution and Advances in**

It is helpful on many levels from the identifying traits of being sensitive to acknowledging what people have said to you since a child. It makes you see the positives of being sensitive instead of the negatives. Unlike some psychology books, it is very accessible and friendly and non-judgemental. Karen Reads and Recommends. The aim of *The Sensitive Soul* is to help gentle people recognise their own worth. To give them the coping tools to manage emotions and navigate insensitive environments. To help sensitive people identify the red flags of toxic relationships. It's truly helped me through the past few tricky weeks. Thank you Goodreads Reviewer 5 stars.

Highly Sensitive People Vayana Ariz, 2020-09-01. This is a 3-book bundle which addresses various subtopics including, but not limited to, these: Book 1: The contents of this book will guide you along to a variety of topics related to high sensitivity. They range from the simple basics of what makes someone a highly sensitive person to the connection between high sensitivity and autism, the attraction of narcissists, tips to stop worrying, and how to face rejection without getting hurt. And the last chapter talks about how hypersensitivity can be a hereditary factor people are born with. Each of these issues is laid out well and explained in detail. You will find that your understanding of highly sensitive people, whether that pertains to yourself or someone you know, will deepen. There is no question about it. Getting this book will help you comprehend high sensitivity better. Book 2: Are highly sensitive people all introverts? When can you classify someone as being highly sensitive? Are empaths the same as highly sensitive people? If you're a highly sensitive person, what can you do to be happy? These and

other questions will be answered in this clear and concise guide. Aside from such topics about happiness, traits, secret talents and life vision relationship tips are given and common concerns will be addressed. And the last chapter will specifically focus on being highly sensitive as a man. Book 3: Are you or is anyone you know a highly sensitive person? In order to answer that question we have to study the subject and what distinguishes such a person from others who have regular levels of sensitivity. The journey begins in a person's childhood. Highly sensitive children react differently to the heightened impulses that enter their brains. These stimuli shape their character, their behavior and their talents. Being in love with or related to someone with high sensitivity has its benefits and challenges as well. They typically don't like being rushed. They don't like too much drama or too much stimulation of the senses. It's good to know what to say to them and what not to say to people with sensitive personalities. Last but not least, being highly sensitive can have a lot of benefits ranging from creativity to emotional connection.
