## **Sensuous Pessimism Henry James:**

**Sensuous pessimism : Italy in the work of Henry James** Carl Maves,1973      **The Other Henry James** John Carlos Rowe,1998 Rowe uses recent work on the oppressive treatment of gays women and children in his analysis of Henry James arguing that James mounts a critique of bourgeois values and lack of historical consciousness      Henry James as a Biographer Willie Tolliver,2014-02-04 This study of Henry James s biographies of Nathaniel Hawthorne and William Wetmore Story offers an argument that he deserves greater recognition for his contributions to the development of biography based on his implicit theory of biography found in his critical commentary and on these two complicated and ultimately artistically innovative performances in the genre Although James maintained an ambivalent relationship to the art of biography in his reviews criticism letters and fiction he wrote about biography from a core of aesthetic conviction that constitutes an informal poetics It is necessary thus to scrutinize the ways in which James s theoretical convictions particularly his insistence on artistic unity fail him when he writes two biographies himself Both Hawthorne 1879 and WilliamWetmore Story and His Friends 1903 fail to cohere in the way traditional biographies achieve unity Neither work has at its center a dynamic and fully dimensional apprehension of the biographical subject Instead James violates one of his own essential biographical tenets He usurps his subject and places himself at the center of what should be a narrative of his subject s life The results fall short of fully achieved biography but they do not fall short of literary interest In order to write these books according to his own genius James had to reinvent the form They are rife with innovations chief among them his great experimentation with narrative point of view here brought to bear on biography This concept and others survey the terrain for the important biographical practitioners and theorists who follow him For this reason a special place must be found for James in pantheon of experimental biographers      Imagining Italians Joseph P. Cosco,2012-02-01 Integrating history literary criticism and cultural studies Imagining Italians vividly tells the story of two voyages across the Atlantic America s cultural pilgrimage to Italy and the Italian racial odyssey in America It examines how American representations of Italy Italians and Italian Americans engaged with national debates over immigration race and national identity during the period 1880 1910 Joseph P Cosco offers a close analysis of selected works by immigrant journalists Jacob Riis and Edward Steiner and American iconographic writers Henry James and Mark Twain Exploring their Italian depictions in journalism photos travel narratives and fiction he rediscovers the forgotten Edward Steiner and offers fresh readings of Riis s reform efforts and photography James s The Golden Bowl and The American Scene and Mark Twain s Pudd nhead Wilson      Ethical Aestheticism in the Early Works of Henry James Tomoko Eguchi,2016-05-11 This study re locates the work of Henry James by revealing parallels between the aestheticism of John Ruskin and that of James It explores a mix of well known fictional texts alongside James s essays and tales which are less frequently analysed but which nevertheless offer important insights into James s attitude to his artistic method Tracing James s early development in comparison with Ruskin s this book also explores German Romantic

thought and the idealism of Kant Goethe and Hegel While examining the German connections with James this study is also alert to James's relations with Walter Pater and French realism to which James became increasingly close in the mid 1880s Rather than placing James within one single category it demonstrates how James interfused Romanticism and realism in establishing his own form of aestheticism Shedding light on James's period of apprenticeship this book therefore articulates the Victorian concept of aestheticism as used by James and Ruskin *Henry James Against the Aesthetic Movement* David Garrett Izzo, Daniel T. O'Hara, 2014-09-17 Writer Henry James 1843 1916 was born in America but preferred to live in Europe he finally became a British subject near the end of his life His status as a permanent outsider is responsible for the recurring themes in his writing dealing with European sophistication decadence compared to American lack of sophistication or innocence He is respected in modern times for his psychological insight for being able to reveal his characters' deepest motivations These 11 essays along with an introduction and an afterword examine James's work through the prism of the author's latest style Topics the contributing authors address include the Henry James revival of the 1930s three of James's male aesthetics women in his works literary forgery and parallels with the career and views of Margaret Oliphant Three essays delve into issues of representation in art and fiction then three more explore decadence identity and homosexuality

**Masculine Domination in Henry James's Novels** Wibke Schniedermann, 2020-07-20 This book proposes a new interdisciplinary approach to the gendered power relations in James's novels Reading James's narrative form through the lens of relational sociology specifically Pierre Bourdieu's concept of symbolic domination reconciles some of the most fiercely disputed positions in James studies of the past decades The close readings focus on three novels *The Portrait of a Lady* *The Wings of the Dove* and *The Golden Bowl* providing a systematic relational analysis into the specifically Jamesian method of narrating the socio psychological embodied responses to masculine power and oppression James persistently narrates his characters as social agents whose perception affects and bodily practices are products of the social structures that they in turn continue to shape and reproduce The chapters trace a development throughout James's career that reflects a growing sensitivity for the concealment and attendant misrecognition of gendered domination *Henry James, Gertrude Stein, and the Biographical Act* Charles Caramello, 2000-11-09 Focusing on biographical portraiture Charles Caramello argues that Henry James and Gertrude Stein performed biographical acts in two senses of the phrase they wrote biography but as a cover for autobiography Constructing literary genealogies while creating original literary forms they used their biographical

portraits of precursors and contemporaries to portray themselves as exemplary modern artists Caramello advances this argument through close readings of four works that explore themes of artistry and influence and that experiment with forms of biographical portraiture James's early biography of Nathaniel Hawthorne and his much later group biography William Wetmore Story and His Friends and Stein's celebrated Autobiography of Alice B Toklas and her largely forgotten Four in America which comprises biographies of Ulysses S Grant Wilbur Wright Henry James and George Washington The first comparative study of these two great expatriate writers Henry James Gertrude Stein and the Biographical Act addresses questions of art influence and literary culture by analyzing important biographical portraits that themselves address the same questions Originally published 1996 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value     New Essays on 'The Portrait of a Lady' Joel Porte,1990-01-26 A collection of essays on Henry James's most appealing and accessible novel     *Henry James: A Literary Life* Kenneth Graham,1995-06-12 This comprehensive account of the writing life of Henry James aims at providing a critical overview of all his important writings firmly set in two contexts that of James's practical career as a novelist in America England and Europe and that of the literary and intellectual climate of his time By tracing the complex development of his career under such headings as American and Romantic Victorian and Realist Crisis and Experiment and Master and Modernist it gives a dynamic portrait both factual and interpretative of one of the greatest and most prolific novelists in the language whose many sided career began in the time of Thackeray and Dickens and ended by ushering in the writings of Joyce and Woolf     **Henry James's Ultimate Narrative** Richard Bartley Joseph Wilson,1981     *Tracing Henry James* Melanie H. Ross,Greg W. Zacharias,2020-11-09 Range and diversity are aims of Tracing Henry James which brings together 28 essays by established and newer Henry James scholars from eight countries in North America Europe and Asia The essays are organized into an introductory section a group of essays on Henry James's shorter fiction one on James's longer fiction one on The American Scene and James's travel essays one on James and criticism and one on Henry James's letters     **Henry James in Context** David Bruce McWhirter,2010-09-16 The fullest single volume work of reference on James's life and his interactions with the world around him     New Essays on 'Daisy Miller' and 'The Turn of the Screw' Vivian R. Pollak,1993-11-26 Specifically designed for undergraduates the series will be a powerful resource for anyone engaged in the critical analysis of major American novels and other important texts     **Travel, Modernism and Modernity** Robert Burden,2016-03-09 Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness

related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire

**Haunted Museum** Jonah Siegel,2021-04-13 For centuries southern Europe and Italy in particular has offered writers far more than an evocative setting for important works of literature The voyage south has been an integral part of the imagination of inspiration Haunted Museum is a groundbreaking in depth look at fantasies of Italy from the late eighteenth to the early twentieth centuries focusing on a literary tradition Jonah Siegel terms the art romance the fantastic voyage south understood as the register of an ambivalent desire for art and a heightened experience of reality Siegel argues that Italy s allure derives not only from its celebrated promise of unique natural beauty and prized antiquities but from the opportunity it offers writers to place themselves in relation to a web of prior accounts of travel to the native land of genius Beginning with Goethe as the founding figure of the tradition Haunted Museum moves from a rich reframing of literature from the first half of the nineteenth century including new readings of works by Byron de Sta l Barrett Browning and others to an ambitious examination of Henry James s well known engagement with Europe newly understood as a response to this important literary legacy Readings of works by Freud Forster Mann and Proust demonstrate the longevity of the tradition of looking to Italy for the representation of desires as impossible to satisfy as they are to deny
