saving worth fighting for *The Point of Faith* is for the Christ seeker on all stages of the journey seeking to strengthen their understanding against the onslaught of anti Christian thought The Barna group stated 73% of Americans identify as Christian and that faith is personally important to them Yet only a small portion have a biblical worldview or paradigm This book is an invitation to free the mind from assumption step back and examine the viewpoint of Christ and the Bible If we think of life as a journey then we see that for the Christian Atheist and Agnostic alike each use a kind of road map or paradigm as a guide It

is my assertion that each of these worldviews is based on some degree of faith trust or belief If ones paradigm fails to guide them to a good destination then what good is it I believe we need to ask what I call the seven fundamental questions of life which are Identity origin meaning purpose ethical value love and consciousness These questions apply to any worldview I believe through the recovery of true Biblical faith that Christ will transform lives Christs own words bid us I came that they may have life and have it in abundance 10 10 Same Journey Different Paths, Stories of Auditory Processing Disorder Various Authors,2013-05-28 Same Journey Different Paths is a wonderfully comprehensive book written by parents and individuals with Auditory Processing Disorder APD By sharing their stories and experiences other parents and individuals with APD understand they are not alone The authors of the book live all over the world and found each other on social media sites while looking for answers during their times of struggle Through this connection they started talking to one another sharing advice telling their stories and developed relationships with one another They now have a group of supportive people who can share in their unique experiences help guide them through the process of getting help and provide emotional support during those very difficult moments Same Journey Different Paths takes you into the life of each of these individuals and helps you to understand the struggles encountered when trying to discover and cope with APD The book also provides an in depth look into what Auditory Processing disorder is including symptoms causes effects getting a diagnosis and treatments It includes resources for obtaining more information and a glossary of terms Auditory Processing Disorder APD is considered a hidden disorder which is difficult to diagnose and is often mistaken for something else The literature and resources for someone with APD are minimal which contributes to one feeling alone on their journey through discovery and treatment The authors of Same Journey Different Paths have combined their stories in this book so that others can learn through their experiences and get the help they need to be successful in school and in life Join these remarkable people on their journeys of living with Auditory Processing Disorder **The Lost Teachings of Atlantis** Jon Peniel,1997-07-06 This is the account of an American teenager who discovered a monastery in Tibet that was the inspiration for the legend of Shangri La It might be categorized as a new age or philosophy book like the Celestine Prophecy since it focuses on his spiritual training and their teachings in a novel like format Hard to believe but interestingly the sub tropical region amongst the Himalayas that he describes finding was later documented by explorers from National Geographic then covered up there is still evidence of this Also interesting is that the author was apparently mentioned in the Edgar Cayce readings the famous American psychic whose books have sold millions of copies as someone who would one day bring an important message to the world
