## ABSTRACT

**Background:** The response to 9/11 continues into its 14th year. The World Trade Center Health Program (WTCHP), a long-term monitoring and treatment program now funded by the Zadroga Act of 2010, includes >60,000 World Trade Center (WTC) disaster responders and community members ("survivors"). The aim of this review is to identify several elements that have had a critical impact on the evolution of the WTC response and, directly or indirectly, the health of the WTC-exposed population. It further explores post-disaster monitoring efforts, recent scientific findings from the WTCHP, and some implications of this experience for ongoing and future environmental disaster response.

**Findings:** Transparency and responsiveness, site safety and worker training, assessment of acute and chronic exposure, and development of clinical expertise are interconnected elements determining efficacy of disaster response.

**Conclusion:** Even in a relatively well-resourced environment, challenges regarding allocation of appropriate attention to vulnerable populations and integration of treatment response to significant medical and mental health comorbidities remain areas of ongoing programmatic development.

**Key Words:** disaster response, environmental disaster, 9/11, post-disaster health surveillance, World Trade Center

## INTRODUCTION

The response to 9/11 continues into its 14th year. More than 60,000 World Trade Center (WTC) responders and community members ("survivors") participate in the World Trade Center Health Program (WTCHP), a long-term monitoring and treatment program now funded by the Zadroga Act of 2011. Here we review key aspects of the response to 9/11 that have affected the health of the exposed population, subsequent monitoring efforts,

recent scientific findings from the WTCHP, and some implications of this experience for ongoing or future environmental disaster response.

## THE IMMEDIATE RESPONSE TO THE WTC DISASTER: COORDINATION AND SITE SAFETY

The extremely chaotic conditions at the WTC site challenged the coordination of rescue and recovery efforts there. The New York City Office of Emergency Management (OEM), headquartered at the WTC, lost its entire command center. This was a major blow to the city's overall emergency response. The OEM was the intended coordinator of emergency response among ~150 agencies. OEM employees were forced to evacuate in the early hours of the disaster. Many telephone, power, and computer lines were down. The police had closed off lower Manhattan, making it difficult for officials to get past checkpoints without badges.

These circumstances also complicated the federal government's ability to respond to environmental and safety concerns. The Federal Emergency Management

Applied Sport Management Skills, Second Edition (With Web Study Guide) Robert N. Lussier, PhD and David C. Kimball, PhD , *America's Report Card* John McNally, 2006-07-17 *America's Report Card* offers a brilliant vision of contemporary American life that is frightening darkly hilarious and tinged with satire John McNally tells the story of two unlucky people who forge an improbable yet possibly life saving connection in a world overshadowed by the Patriot Act and No Child Left Behind a world in which hulking government bureaucracies and vast corporations join forces to numb the populace into apathy with various standardization and surveillance programs But McNally sees hope in the daily experiences of his characters sometimes haphazardly by going about their own very particular lives people circumvent the official program and begin to actively claim lives of freedom and dignity *America's Report Card* is an arresting and humane portrait of life taking place in the margins outside the stunted imagination of government and media As in his critically acclaimed novel *The Book of Ralph* McNally dazzles with characters like Jainey O Sullivan a lonely confused purple and green haired sometime truant Jainey cares so little about high school that on her final standardized test she writes an essay heaping scorn on the test administrators even as she asks her faceless reader for help Charlie Wolf leads a fairy tale graduate student life with just enough money and clout to keep him in books vodka a threadbare apartment and a beautiful intellectual girlfriend But the bohemian dream starts to crumble when Charlie takes a job scoring standardized tests and finds himself surrounded by people who are either plodding blindly along or caught up in wild conspiracy theories When Charlie and Jainey stumble upon one another they also stumble upon their own bravery and compassion They try to protect each other from their habitual bad luck and the shadowy threats lurking at the edges of their lives and what ensues doesn't follow any prescribed course The official version of American life today may get the broad strokes and primary colors right but *America's Report Card* reveals how the government and the media overlook the corners and shadows where our individual realities unfold all too often in chaotic precarious and bewildering ways This wholly original wildly entertaining novel mirrors our part in the dark but frequently redemptive comedy that is life

**Habeas Corpus after 9/11** Jonathan Hafetz, 2011-01-04 2012 American Bar Association Gavel Award Honorable Mention for Books 2012 Scribes Book Silver Medal Award presented by the American Society of Legal Writers The U S detention center at Guantamo Bay has long been synonymous with torture secrecy and the abuse of executive power It has come to epitomize lawlessness and has sparked protracted legal battles and political debate For too long however Guantamo has been viewed in isolation and has overshadowed a larger interconnected global detention system that includes other military prisons such as Bagram Air Base in Afghanistan secret CIA jails and the transfer of prisoners to other countries for torture Guantamo is simply and alarmingly the most visible example of a much larger prison system designed to operate outside the law *Habeas Corpus after 9/11* examines the rise of the U S run global

detention system that emerged after 9 11 and the efforts to challenge it through habeas corpus a petition to appear in court to claim unlawful imprisonment Habeas expert and litigator Jonathan Hafetz gives us an insider s view of the detention of enemy combatants and an accessible explanation of the complex forces that keep these systems running In the age of terrorism some argue that habeas corpus is impractical and unwise Hafetz advocates that it remains the single most important check against arbitrary and unlawful detention torture and the abuse of executive power Top Ten Global Justice Law Review Articles 2008 Amos Guiora,2009 Top Ten Global Justice Law Review Articles 2008 is a thorough and accessible review of the most salient the most controversial and the most illuminating essays on security law in the previous calendar year In this edition Professor Amos Guiora presents the ten most vital and pertinent law review articles from 2008 written by both scholars who have already gained international prominence as experts in global justice as well as emerging voices in the realm of international criminal law and human rights These articles deal with issues of terrorism security law environmental law and the preservation of civil liberties in the post 9 11 world The chosen selections derive not just from the high quality and expertise of the articles authors but equally from the wide diversity of legal issues addressed by those authors Guiora combines the expertise of scholars from both eminent law schools and government agencies to provide a valuable resource for scholars and experts researching this important subject area This annual review provides researchers with more than just an authoritative discussion on the most prominent global justice debates of the day it also educates researchers on new issues that have received far too little attention in the press and in academia These expert scholars and leaders tackle and give voice to issues that range from the psychology of terrorism to the role of oil in the Sudanese genocide to the oppression of women in new Arab democracies to transnational environmental cooperation and beyond Together the vast knowledge and independent viewpoints represented by these ten authors make this volume a valuable resource for individuals new to the realm of global justice and for advanced researchers with a sophisticated understanding of the field Top Ten Global Justice Law Review Articles 2008 serves as a one stop guidebook on how both the U S and the world generally are currently grappling with fundamental principles of social and political life **Reports of Cases Decided in the High Court of Chancery ...** Great Britain. Same-sex Marriage in Latin America Jason Pierceson,Adriana Piatti-Crocker,Shawn Schulenberg,2013-01-01 This volume sheds light on regional national and individual level factors that have led to major developments for same sex relationship equality in Latin America and explores institutional political and social barriers for same sex couples in the region It analyzes cross national patterns of same sex relationship policies in Latin America and examines country cases of recent policies for same sex couples in the region **9/11 Fiction, Empathy, and Otherness** Tim Gauthier,2015-04-02 9 11 Fiction Empathy and Otherness analyzes recent works of fiction whose principal subject is the attacks of September 11 2001 The readings of the novels question and assess the validity and potential effectiveness of both the subsequent calls for a cosmopolitan outlook

and the related but no less significant emphasis placed on empathy and exhibited in such recent studies as Jeremy Rifkin's *The Empathic Civilization* Karsten Stueber's *Rediscovering Empathy* and Julinna Oxley's *The Moral Dimensions of Empathy* As such this study examines the extent to which us and them narratives proliferated after 9 11 and the degree to which calls for greater empathy and a renewed emphasis on cosmopolitan values served to counterbalance an apparent movement towards increased polarization encapsulated in the oft mentioned clash of civilizations A principal objective of the book is thus to examine the ethical and political implications revealed in the exercising or withholding of empathy For though empathy in and of itself may not be sufficient it is nevertheless a vital component in the generation of actions one might identify as cosmopolitan In other words this book examines the responses to 9 11 in both Western and non Western novels in order to uncover what their dramatic renderings might tell us about the possibility of a truly globalized community The attainability of any cosmopolitan engagement is contingent upon our abilities to understand the other knowing always that otherness eludes our grasp and the best we can do is imagine some version of it It is primarily in this capacity that the novel has a role to play Whether it is the challenge of connecting with the survivors of trauma and the inhabitants of a traumatized city or with a hyperpower that has experienced its own vulnerability for the first time or even with the terrorist who seeks to commit violent acts these novels afford us the means of examining the complex dynamics involved in any exhibition of fellow feeling for the other and the ever present potential failure of that engagement *Index of Specifications and Standards* ,

educational issues the use of movies in academic coursework has far outpaced the scholarship on teaching religion and film What does it mean to utilize film in religious studies and what are the best ways to do it In *Teaching Religion and Film* an interdisciplinary team of scholars thinks about the theoretical and pedagogical concerns involved with the intersection of film and religion in the classroom They examine the use of film to teach specific religious traditions religious theories and perspectives on fundamental human values Some instructors already teach some version of a film and religion course and many have integrated film as an ancillary to achieving central course goals This collection of essays helps them understand the field better and draws the sharp distinction between merely watching movies in the classroom and comprehending film in an informed and critical way
