*Greece, the Hidden Centuries* David Brewer, 2012-04-16 For almost four hundred years between the fall of Constantinople in 1453 and the Greek War of Independence the history of Greece is shrouded in mystery distorted by Greek writers and largely neglected by others What was life really like for the Greeks under Ottoman rule Was it a period of exploitation and enslavement for the Greeks until they were finally able to rise up against Turkish rule as is the traditional Greek nationalistic view Or did the Greeks derive some benefit from Turkish rule How did the Greeks and Turks co exist for so long And why are Greek attitudes towards Venice who also controlled much of Greece for many of these years so different In this wide ranging yet concise history David Brewer explodes many of the myths about Turkish rule of Greece He places the Greek story in its wider international context and casts fresh light on the dynamics of power not only between Greeks and Ottomans but also between Muslims and Christians both Orthodox and Catholic throughout Europe This absorbing and riveting account of a crucial period will ensure that the history of Greece under Turkish rule is no longer hidden It will delight anyone with an interest in Greek and Turkish history and in how the past has shaped the Greece we know today

documents and their technical features While the majority of research into this subject has previously been focused on the town of Rhodes this book concentrates instead on the late medieval countryside providing a new angle from which to view this complex period Through a corpus of Hospitaller texts it presents many aspects of the Hospitaller Order s history as well as exploring other crucial developments in the period including both a discussion of Cristoforo Buondelmonti s description of Rhodes and a section dedicated to the sources used within this work The Countryside of Hospitaller Rhodes provides an ideal for academics and postgraduates of the crusades

Frankish interlopers and their Byzantine subjects This is a major addition to crusading studies
