American Freethought David C. Hoffman, 2025-06-17 A history of how the freethought movement fought to maintain a secular United States Although today it has largely faded from public memory the American freethought movement played an important role in shaping the religious landscape of the United States Without its influence state and local governments might still demand that public officeholders subscribe to specific religious doctrines and prosecute those who question the existence of God or the authority of the Bible for blasphemy In American Freethought David C Hoffman traces the history of the freethought movement to discover the strategies that allowed it to endure and succeed in a fervently religious nation Hoffman argues that American freethought has proceeded through four waves a period of deism inspired by Thomas Paine s The Age of Reason and allied with Jeffersonian republicanism in the 1790s a revival in 1825 that centered on the celebration of Paine s birthday and drew in the followers of utopian socialist Robert Owen a golden age of freethought in the late 1870s that saw an unprecedented explosion of freethought publications and organizations together with a demand for the separation of church and state and a final resurgence in the 1920s that helped realize the remarkable series of twentieth century Supreme Court decisions that created America s present conditions of secularism Hoffman argues that the freethought movement was successful because it united people with a wide variety of religious outlooks including deists pantheists Unitarians Universalists spiritualists transcendentalists Humanists agnostics and atheists behind the idea that religion is freer and the state is more just when the government refrains from religious involvement [A Series of Letters in Defence of Divine Revelation](#)

Hosea Ballou, 1820 *Life of Rev. Hosea Ballou* Thomas Whittemore, 1854 **Universalism in America** Richard Eddy, 1886 [A Checklist of American Imprints for 1820-1829](#) Richard H. Shoemaker, 1972 **The Universalist Quarterly and General Review**, 1883 *Dictionary of Early American Philosophers* John R.

Shook, 2012-04-05 The Dictionary of Early American Philosophers which contains over 400 entries by nearly 300 authors provides an account of philosophical thought in the United States and Canada between 1600 and 1860 The label of philosopher has been broadly applied in this Dictionary to intellectuals who have made philosophical contributions regardless of academic career or professional title Most figures were not academic philosophers as few such positions existed then but they did work on philosophical issues and explored philosophical questions involved in such fields as pedagogy rhetoric the

arts history politics economics sociology psychology medicine anthropology religion metaphysics and the natural sciences Each entry begins with biographical and career information and continues with a discussion of the subject's writings teaching and thought A cross referencing system refers the reader to other entries The concluding bibliography lists significant publications by the subject posthumous editions and collected works and further reading about the subject **A**

Skepticism and American Faith Christopher Grasso, 2018-06-04 Between the American Revolution and the Civil War the dialogue of religious skepticism and faith shaped struggles over the place of religion in politics It produced different visions of knowledge and education in an enlightened society It fueled social reform in an era of economic transformation territorial expansion and social change Ultimately as Christopher Grasso argues in this definitive work it molded the making and eventual unmaking of American nationalism Religious skepticism has been rendered nearly invisible in American religious history which often stresses the evangelicalism of the era or the secularization said to be happening behind people's backs or assumes that skepticism was for intellectuals and ordinary people who stayed away from church were merely indifferent Certainly the efforts of vocal infidels or freethinkers were dwarfed by the legions conducting religious revivals creating missions and moral reform societies distributing Bibles and Christian tracts and building churches across the land Even if few Americans publicly challenged Christian truth claims many more quietly doubted and religious skepticism touched and in some cases transformed many individual lives Commentators considered religious doubt to be a persistent problem because they believed that skeptical challenges to the grounds of faith the Bible the church and personal experience threatened the foundations of American society **Skepticism and American Faith** examines the ways that Americans ministers merchants and mystics physicians schoolteachers and feminists self help writers slaveholders shoemakers and soldiers wrestled with faith and doubt as they lived their daily lives and tried to make sense of their world

If you ally compulsion such a referred **Series Of Letters In Defence Of Divine Revelation A** book that will come up with the money for you worth, acquire the unconditionally best seller from us currently from several preferred authors.
