## **Serious Fraud And Current Issues:**

**Serious Fraud and Current Issues** Sally Ramage, 2005 Fraud is big business and it rots the fabric of finance and accountancy as it is exercised by all day trading of bonds junk bonds loans Twenty five years ago fraud was said to be rapidly expanding and manifests itself by shady deals fraudulently converted cash Fraudsters who are active especially electronic fraud do in fact treat the use of fraud as serious business and the execution of frauds as work much as other criminals treat their activities as their job Identity theft poses a frightening threat of being taken in by crooks If twenty five years ago it was estimated that the amount of fraudulent cash around the world at any one time more than equalled the Gross National Products of several third world countries it would not be believed a damning indictment indeed In this fascinating and comprehensive study on Fraud the author takes advantage of the fact that people seem thrilled to hear about frauds like murders She has prepared works that will use the reader's attention to discuss law enforcement and the consequences of breaking the law by committing frauds

**Further Issues and Serious Fraud Instances** Sally Ramage, 2006-12 This FRAUD LAW BOOK FIVE is a compilation of articles illustrating the diverse areas in which serious fraud occurs areas such as accountancy frauds music piracy internet fraud and identity fraud In music piracy for example the issue is that of the protection of property rights yet still ensuring the free circulation of goods bought in good faith That these issues are hugely problematic is borne out by the fact that the United Kingdom Parliament is still grappling with the drafting of the UK Fraud Bill yet to receive Royal Assent

**Fraud and the Serious Fraud Office** Sally Ramage, 2005 This is Book Two Fraud and the Serious Fraud Office in the series Fraud Law following Book One Serious Fraud and Current Issues and deals with legal issues such as the right to silence of a suspect The law of Germany France and New York and Illinois is discussed and compared with English law to give a good perspective of fraud in the developed world The very fact that the series consists of five volumes speaks for itself that fraud is a huge problem and seems to have become accepted as part of our culture with roots of fraudulent behaviour running deep into the fabric of finance and accountancy There is nothing new under the sun as the saying goes and fraud is as common today as in centuries past man's ingenuity and cunning only growing sharper
