Cattoi,J. McDaniel,2011-11-07 Cattoi and McDaniel present a selection of articles on the role of the body and the spiritual senses our transfigured channels of sensory perceptions in the context of spiritual practice The volume investigates this theme across a variety of different religious traditions within Christianity Hinduism Buddhism and Daoism      Jesus as Guru Jan Peter Schouten,2008 People in India form images of Jesus Christ that link up with their own culture Hindus have given Jesus a place among the teachers and gods of their own religion seeing in his life something of the wisdom and mysticism that is so central to Hinduism Christians in India also make use of the concepts provided by Hinduism when they wish to express the meaning of Christ Thus in any case Jesus is for Hindus and Christians a guru a teacher of wisdom who speaks with divine authority But for many Hindu philosophers and Christian theologians there is much more that can be said about him within the Indian framework He can be described as an avatara a divine descent or linked to the Brahman the all encompassing Reality This study looks at both Hindu and Christian views of Christ starting with that of the Hindu reformer Rammohan Roy at the beginning of the nineteenth century as well as those of the first Christian theologians of India The views of Mahatma Gandhi and the monks of the Ramakrishna Mission are discussed and those of influential Christian schools

such as the Ashram movement and dalit theology Five intermezzos indicate how artists in India portray Jesus Christ

Understanding Interreligious Relations David Cheetham,Douglas Pratt,David Thomas,2013-11-21 The ways in which religious communities interact with one another is an increasing focus of scholarly research and teaching Issues of interreligious engagement inclusive of dialogue more specifically and relations more generally attract widespread interest and concern In a religiously pluralist world how different communities get along with each other is not just an academic question it is very much a focus of socio political and wider community attention The study of religions and religion in the 21st century world must necessarily take account of relations within and between religions whether this is approached from a theological historical political or any other disciplinary point of view Understanding Interreligious Relations is a reference work of relevance to students and scholars as well as of interest to a wider informed public It comprises two main parts The first provides expositions and critical discussions of the ways in which the other has been construed and addressed from within the major religious traditions The second presents analyses and discussions of key issues and topics in which interreligious relations are an integral constituent The editors have assembled an authoritative and scholarly work that discusses perspectives on the religious other and interreligious relations that are typical of the major religious traditions together with substantial original chapters from a cross section of emerging and established scholars on main debates and issues in the wider field of interreligious relations      **One Way** Zoli Csomoss,2013-03-21 This book began as a re write of the Alcoholics Anonymous Big Book that book is old and the language needed to be renewed It then became the story of how one person had taken the steps One Way With more research it became evident that there is only One Way that life can be lived Further research proved that the One Way is all that is and in fact contains everything including what we have called God This book presents the idea that the One Way contains and is contained God and is more than God This book was begun

16 years ago and has grown over that period of time      Beyond Vengeance, Beyond Duality Sylvia Clute, 2010-05-01 We are in trouble Our social financial and religious institutions are crumbling Our criminal justice system is a prime example of society's dysfunction More than 1 in 100 Americans are now in jail Taxes now finance the incarceration of 1 in 53 of adults in their 20s There are now 2.3 million people locked up in the U.S. the same number of prisoners in Russia and China combined The U.S. accounts for 5 percent of the world's population and 25 percent of the world's prisoners What courtroom veteran and law professor Sylvia Clute saw on a daily basis was all too often the miscarriage of justice Because of her legal background Clute focuses on legal horror stories to demonstrate her underlying thesis The crisis in our legal system is merely symptomatic of a rot found in each of our institutions It is rooted in a philosophy of dualism that pits us against one another It is rooted in a philosophy that fails to recognize the oneness or unity of all life Clute unfolds her argument for applying the philosophy of non duality to not only our criminal justice system but to all social relationships She explores the roots of dualist thinking in the religious traditions of the world and offers the hope that if individuals and societies can move beyond dualistic thinking we will create a society that is truly just and authentically caring Part social policy part metaphysics this is a book for all who are looking for a new model for individual and societal relationships
