The Great Contest II: Enmity Between the Seed-lines Zen Garcia, 2017-04-06 The second book of The Great Contest Trilogy in this manuscript I explain in great elaboration how the knowledge that Cain was the first born son of the nachash the feathered serpent and devil of Genesis 3 is in my opinion the key to deciphering many riddles throughout the Holy Scriptures which are connected to this revelation I prove that this knowledge was once commonplace but is now mostly forgotten lost and hidden having been destroyed by the Illuminati so as to hide their direct links to being the dragon s progeny and servants Those led by the Holy Spirit recognize it as the main focus of Yahushua s teachings on the parables of the sower seed kingdom net and especially the tares of the field in Matthew 13 All these parables and much are covered in great depth within the chapters of this book

to the living God **Ethical Monotheism** Ehud Benor, 2017-12-15 The term Ethical Monotheism is an important marker in Judaism's tumultuous transition into the modern era. The term emerged in the context of culture wars concerning the question of whether or not Jews could or should become emancipated citizens of modern European states. It appeared in arguments whether or not Judaism could be considered a Religion of Reason, a symbolic motivational representation of a universal morality, and in debates about whether or not Judaism could or should reform itself into a Religion of Reason. This book is both a decisive departure from such discussions and an attempt to add a further post-modern statement to their ongoing development. As a departure, it refuses to take for granted a philosophical conception of Religion of Reason as the standard for Ethical Monotheism, according to which Judaism was to be evaluated or reformed. As a continuation, the book undertakes a phenomenology of Jewish modes of ethical religiosity that allows it to inquire what kind of ethical monotheism Judaism might be. Through sophisticated analysis of select snapshots or fragments of a hologram guided by a robust theory of religion, the author discloses Judaic ethical monotheism as an ongoing wrestling with the meaning of justice. By closely examining five main snapshots of this long process—the Bible, rabbinic Judaism, Maimonides, The Zohar, and the modern philosophers Buber and Levinas—the author offers his own constructive philosophy of Judaism and his own distinctive philosophy of religion. Ethical Monotheism offers a new way to think about Judaism as a religion and as a coherent philosophical debate and demonstrates the need to integrate philosophy, history, cognitive psychology, anthropology, theology, and history of science in the study of religion.

Families of the Bible Kamila Blessing, 2010-08-19 Reinterpreting the Bible through Family Systems Theory, this fascinating exploration shows how the theology of creation, restoration, and salvation can be meaningfully and uniquely understood through the lens of the biblical family. It is not possible to recreate a biblical family in the modern world. Thus, we must think of the principles of faithful family life demonstrated in the Bible and express them in a new way. That is the idea underlying *Families of the Bible: A New Perspective*. Examining themes related to family health, connection, spirituality, and psychology, the author relates stories from the Bible to modern-day experience in an effort to help readers strengthen and heal their own families, whatever their structure. While the book addresses the family of the patriarchs and other major traditional families in the Bible, it also specifically examines Jesus's new definition of family, showing how his psycho-spiritual family has a different and more inclusive shape than the natural family. The author, who is an Episcopal priest, insists that the Bible shows God as faithful in providing for his people. The many disadvantaged in our society, as well as those who are alone and those who have found that wealth does not provide satisfaction, will benefit from this thoughtful reinterpretation.

God's Faithfulness G. Jay Osborne, 2020-10-28 *God's Faithfulness* concerns a young woman who had been raised in an ungodly home by a father who filled her mind with superstition and disbelief in an Almighty God. Belief in God or Jesus Christ was for people who needed a church to hold them up when life became impossible for them to stand on their own. The idea of God or Jesus Christ being anything other than a myth was completely irrational.

Her father's hateful attitude and disbelief made their home a hell on earth a life of turmoil and distress keeping her from ever having happy thoughts or believing she could find a life of happiness Cassandra Cassie Ann Rollins left the home of an overbearing abusive father to find true love with James Adam Henderson a man whom she believed would love her unconditionally forever In the years that followed she would realize apart from God's unconditional love there is no promise of true love or happiness in life No person can tell you how they will act in the future without God James Cassie and their three girls could not have been happier for the first few years of their marriage and then overnight their world collapsed
