The Rainbow Serpent Ira R. Buchler,Kenneth Maddock,2011-06-01 No detailed description available for The Rainbow Serpent **The Serpent Shell** David Ross,Margaret Greaves,1993 While walking on the beach with his grandfather James asks to hear the story about another young boy long ago who helped save a sea serpent that was stranded on the beach *The Delineator* ,1900 *Maya Narrative Arts* Karen Bassie-Sweet,Nicholas A.

Hopkins,2019-01-15 In *Maya Narrative Arts* authors Karen Bassie Sweet and Nicholas A Hopkins present a comprehensive and innovative analysis of the principles of Classic Maya narrative arts and apply those principles to some of the major monuments of the site of Palenque They demonstrate a recent methodological shift in the examination of art and inscriptions away from minute technical issues and toward the poetics and narratives of texts and the relationship between texts and images Bassie Sweet and Hopkins show that both visual and verbal media present carefully planned narratives and that the two are intimately related in the composition of Classic Maya monuments Text and image interaction is discussed through examples of stelae wall panels lintels benches and miscellaneous artifacts including ceramic vessels and codices Bassie Sweet and Hopkins consider the principles of contrast and complementarity that underlie narrative structures and place this study in the context of earlier work proposing a new paradigm for Maya epigraphy They also address the narrative organization of texts and images as manifested in selected hieroglyphic inscriptions and the accompanying illustrations stressing the interplay between the two Arguing for a more holistic approach to Classic Maya art and literature *Maya Narrative Arts* reveals how close observation and reading can be equally if not more productive than theoretical discussions which too often stray from the very data that they attempt to elucidate The book will be significant for Mesoamerican art historians epigraphers linguists and archaeologists

The Serpent's Veil Brandon Rowell,2025-01-01 In a world saturated with information the ability to discern truth from falsehood is more crucial than ever *The Serpent's Veil* explores this very tension weaving a narrative around forensic linguist Vivian Kane a woman whose expertise lies in decoding the hidden meanings embedded within language When Vivian stumbles upon a cryptic code in a seemingly innocuous government broadcast she unwittingly unravels a conspiracy of global proportions The organization she discovers *The Serpent's Veil* operates in the shadows manipulating events on an international scale to further their own sinister agenda The book's central theme revolves around the power of language its ability to both conceal and reveal to unite and divide to instigate and obfuscate Vivian's journey is a testament to the power of human intelligence resourcefulness and unwavering

determination As she navigates treacherous encounters and faces seemingly insurmountable odds she uncovers a web of deceit that extends into the highest echelons of power More than a suspense thriller *The Serpent's Veil* is an exploration of the human condition our capacity for both great good and terrible evil our resilience in the face of adversity and our ongoing struggle to define truth in a world where the lines are often blurred **The Theosophical Review**, 1906 **The magic of jewels and charms** George Frederick Kunz, 2023-11-21 In *The Magic of Jewels and Charms* George Frederick Kunz explores the rich tapestry of gemstones and their cultural significance throughout history This scholarly work combines detailed mineralogy with folklore unveiling the mystical properties attributed to various stones and charms across civilizations Kunz's writing is characterized by a meticulous approach blending scientific analysis with compelling storytelling which invites readers to appreciate the profound connections between natural beauty and human belief systems The book serves as a fascinating chronicle echoing the late 19th century fascination with the occult and the spiritual situating gemstones not merely as adornments but as vessels of power and protection Kunz an accomplished mineralogist and gemologist was deeply entrenched in the gem trade and the scientific community of his time His extensive knowledge coupled with a genuine fascination for the lore surrounding gems propelled him to write this seminal work Kunz's professional experience as a gem buyer for Tiffany Co and his engagement with the American Museum of Natural History provided him with unparalleled insights into the allure of gemstones imparting his profound understanding of both their tangible and intangible values For readers captivated by the intersection of science art and folklore *The Magic of Jewels and Charms* is an indispensable addition to their library It not only enriches the reader's understanding of gemstones but also ignites an appreciation for the enduring human beliefs that have shaped our interaction with these exquisite natural treasures *Early Art of the Southeastern Indians* Susan C. artists subjects starting with animals and insects moving to humans then culminating in supernatural combinations of both and she discusses how a piece s artistic language could function as a visual shorthand in local style and expression yet embody an iconography of regional proportions The remarkable achievements of these southeastern artists delight the senses and engage the mind while giving a brief glimpse into the rich symbolic world of feathered serpents and winged beings

Maya Pilgrimage Paul John Wigowsky,2010-03 It is said that travel broadens one s horizons A pilgrimage on the other hand expands one s consciousness The end result of a pilgrimage is the capacity to see the sacredness in the places that are visited One such sacred place is the vast territory of the Maya world where thousands of pyramid temples form a network or web of interconnected sites These sites like Tikal in Guatemala and Copan in Honduras are remnants of a complex and highly advanced civilization that existed on the continent of the Americas forming what was known as the Land of the Plumed Serpent This mysterious and awe inspiring Land of the Plumed Serpent is the subject of this book Travel with the author on a pilgrimage of this land and explore the heart and soul of the Americas in Guatemala where the Maya people to this day have preserved the ancient customs traditions and religion of their ancestors Learn about Xibalba the Maya underworld the Popol Vuh Maya Bible 2012 calendar cycle Maximon the ancient Mam of Maya mythology the Milky Way the double headed serpent Kukulcan and much more Wander the streets of colonial Antigua the ancient capital of the Spanish Empire Sail the waters of Lake Atitlan the heart center of the planet and see the numerous indigenous Maya groups in their colorful traje clothing Walk on the black volcanic sand beaches of Monterrico where the turtles reenact their eternal drama of survival Climb the active volcano Pacaya and stand next to a flowing river of lava Shop at the incomparable market of Chichicastenango in the Guatemala highlands After reading this book you will marvel at the beauty of the Maya world and you will realize that the Maya consciousness is still alive and thrives in the Land of the Plumed Serpent
