Women Servants of the State 1870-1938 Hilda Martindale, 2024-11-20 Originally published in 1938 *Women Servants of the State 1870-1938* A History of Women in the Civil Service tells the story of women as they became an integral part of the Civil Service work previously reserved for men As the functions of government widened and the activities of the Civil Service touched the lives of people in more ways it was felt there were many opportunities for women particularly in the health and care of women and children It was recognized that the joint contribution made by the cooperation of men and women together would benefit the service as a whole Today it can be read and enjoyed in its historical context

Servants of Culture Ambika Natarajan, 2023-05-12 In nineteenth century Cisleithanian Austria poor working class women underwent mass migrations from the countryside to urban centers for menial or unskilled labor jobs Through legal provisions on women's work in the Habsburg Empire there was an increase in the policing and surveillance of what was previously a gender neutral career turning it into one dominated by thousands of female rural migrants *Servants of Culture* provides an account of Habsburg servant law since the eighteenth century and uncovers the paternalistic and maternalistic assumptions and anxieties which turned the interest of socio-political players in improving poor living and working conditions into practices that created restrictive gender and class hierarchies Through pioneering analysis of the agendas of medical experts police socialists feminists legal reformers and even serial killers this volume puts forth a neglected history of the state of domestic service discourse at the turn of the 19th century and how it shaped and continues to shape the surveillance of women

From Servants of the Empire to Everyday Heroes Tobias Harper, 2020-02-13 In the twentieth century the British Crown appointed around a hundred thousand people military and civilian in Britain and the British Empire to honours and titles For outsiders and sometimes recipients too these jumbles of letters are tantalizingly confusing OM MBE GCVO CH KB or CBE Throughout the century this system expanded to include different kinds of people while also shrinking in its imperial scope with the declining empire Through these dual processes this profoundly hierarchical system underwent a seemingly counter-intuitive change it

democratized Why and how did the British government change this system And how did its various publics respond to it This study addresses these questions directly by looking at the history of the honours system in the wider context of the major historical changes in Britain and the British Empire in the twentieth century In particular it looks at the evolution of this hierarchical deferential system amidst democratization and decolonization It focuses on the system s largest and most important components the Order of the British Empire the Knight Bachelor and the lower ranks of other Orders By creatively analysing the politics and administration of the system alongside popular responses to it in diaries letters newspapers and memoirs Tobias Harper shows the many different meanings that honours took on for the establishment dissidents and recipients He also shows the ways in which the system succeeded and failed to order and bring together divided societies

Sound Bible Doctrine for the Servants of Lord Jesus Christ! Elder C. Dawse Sloan,2015-02-03 A study to show thyself approved unto God a workman that needeth not to be ashamed rightly dividing the word of truth The Servant of the Lord in Isaiah XL-LXVI John Forbes,1890 **A Review of the Case of the Civil Servants of the Crown**

Investigator,1857 **Isaiah 53 in the Light of Homecoming After Exile** Fredrik Hägglund,2008 In this study Fredrik Haggglund presents an interpretation based on a hypothesis that conflicts emerged between the people in the land of Israel and those who returned from exile He analyzes these conflicts with the help of contemporary refugee studies other texts of the Old Testament and also relevant passages in Isa 40 55 At the end of the exile there was hope that the deported people would return to Israel that it would be rebuilt and that Jerusalem would again flourish This hope is most clearly expressed in Isa 40 1 52 10 However as time went by there was a realization that the envisaged glorious return was in reality a rather limited return and the joy of receiving those who returned had turned into conflicts not least regarding the possession of land and the availability of places to live In this situation someone probably reflected on the message of Isa 40 1 52 10 and sought to understand what had gone wrong Isa 53 was then inserted as an explanation of how the people in the land of Israel i e the we should have received those who returned i e the servant If this embrace had taken place Mother Zion would have rejoiced as described in Isa 54 Instead of these pictures painted for us in Isa 53 and 54 we encounter the reality of the conflicts described in Isa 56 66 **Servants of the King** Robert Elliott Speer,1909 A journal of the life of that ancient servant of Christ J. G., ... with a collection of his books and manuscripts [Edited by J. Whiting.] John GRATTON,1720
