Littell,1878 **The Living Age** ,1878 *Black Stallion's Shadow* Steven Farley,2012-02-29 It has all the makings of a glorious day the Black has just won the America's Cup But the fruits of victory quickly sour when it is learned that the Black's challenger shying at a shadow on the track has suffered a fatal fall Now the Black himself is hobbled by a fear of shadows a problem that could end his brilliant racing career Will the Black become the next victim if he is not cured of his fright *Gasping for Air and Grasping Air in Medicine* Mariam Abdurrahman,Ana Hategan,Caroline Giroux,2023-11-25 This book will examine the role and the opportunity for EDI advancement as a requisite in healthcare particularly in the context of the professional landscape as this directly affects care delivery It considers the problems of clinicians who continue to suffer the ill effects of being othered within a medical setting It argues that clinicians lacking the awareness and skills necessary to engage in an EDI informed manner with members of their professional setting and patients and benignly unaware of their privilege cannot effectively deliver care The goal is to engage readers in a more inclusive practice **New York Supreme Court** ,1904

Yesterday's Tomorrow Olive Wadsley,1929 **Shadows in the Glen** Rebecca Guy,2025-10-01 The trail promised solitude It delivered something much darker Annie Pattison sets out on a hundred mile trek through the Scottish Highlands carrying the ashes of her late husband to the highest peak of his favourite trail This journey was meant to be a final goodbye a way to honour the man she loved But the trail is not empty At night she wakes to the sound of footsteps circling her tent slow deliberate The wind carries eerie whispers that don't belong to the living In the morning she finds chilling notes each one weighed down by a bloodied stone and a lifeless mouse The feeling that she is not alone tightens around her like a noose She is not just being watched she is being followed And then she sees him Standing in the mist Wearing her dead husband's jacket Terror grips her but deep beneath the panic is something worse recognition It isn't just the jacket It's the way he stands The way he moves His presence is in the trees in the shifting fog in the desolate mountains There is nowhere left to run The mountains are vast The shadows are closing in and Annie is about to learn just how much her husband kept from her Annie thought she knew the man she married but there were secrets he never shared secrets that got him killed and the

same people who silenced him have been waiting for her to follow his path Alone in the vast and merciless Highlands Annie must confront the shadows of the past before they claim her too
