Long Passage To Korea Black Sailors And The Integration Of The United States Navy:

Long Passage to Korea Bernard C. Nalty, 2003 **Long Passage to Korea** Bernard C. Nalty, Naval Historical Center, Department of the Navy, 2013-09 Full color reprint of Naval Historical Study in the U S Navy in the Korean War series

Power at Sea Lisle A. Rose, 2007 Volume 1 Traces the social issues technological advances and combative encounters of the international naval race from 1890 through WWI as the largest industrial nations U S Great Britain Japan and Germany scrambled to secure global markets and empire using their battleship navies as pawns of power politics Provided by publisher *The Korean War* Keith D. McFarland, 2009-12-04 The Korean War is the most comprehensive and detailed bibliography compiled to date on the American involvement in The Forgotten War In this revised and expanded second edition Keith D McFarland s clearly written annotations provide concise descriptions of more than 2 600 of the most important books articles and documents written in English on the conflict in Korea Key topics include origins of the war the political and military roles of North and South Korea the United States the Soviet Union China Great Britain Canada Australia South Africa Turkey and other United Nations members campaigns and battles weapons and uniforms and the military and diplomatic aspects of the war Specific subjects are easy to find using the index organized by topic and author making The Korean War a necessity for every academic or research library **American Military History** Daniel K. Blewett, 2008-12-30 In this companion volume to his 1995 bibliography of the same title Daniel Blewett continues his foray into the vast literature of military studies As did its predecessor it covers land air and naval forces primarily but not exclusively from a U S perspective with the welcome emergence of small wars from publishing obscurity In addition to identifying relevant organizations and associations Blewett has gathered together the very best in chronologies bibliographies biographical dictionaries indexes journals abstracts glossaries and encyclopedias each accompanied by a brief descriptive annotation This work remains a pertinent addition to the general reference collections of public and academic libraries as well as special libraries government documents collections military and intelligence agency libraries and historical societies and museums *Black Sailor, White Navy* John Darrell Sherwood, 2007-11-01 It is hard to determine what dominated more newspaper headlines in America during the 1960s and early 70s the Vietnam War or America s turbulent racial climate Oddly however these two pivotal moments are rarely examined in tandem John Darrell Sherwood has mined the archives of the U S Navy and conducted scores of interviews with Vietnam veterans both black and white and other military personnel to reveal the full extent of racial unrest in the Navy during the Vietnam War era as well as the Navy s attempts to control it During the second half of the Vietnam War the Navy witnessed some of the worst incidents of racial strife ever experienced by the American military Sherwood introduces us to fierce encounters on American warships and bases ranging from sit down strikes to major race riots The Navy s journey from a state of racial polarization to one of relative harmony was not an easy one and *Black Sailor White Navy* focuses on the most turbulent point in this road the

Vietnam War era **The U.S. Navy in the Korean War** Edward Marolda, 2013-09-15 This remarkable collection of works by some of the most authoritative naval historians in the United States draws on many formerly classified sources to shed new light on the U S Navy s role in the three year struggle to preserve the independence of the Republic of Korea Several of the essays concentrate on fleet operations during the first critical year of the war and later years when United Nations forces fought a static war Others focus on the leadership of Admirals Forrest P Sherman C Turner Joy James H Doyle and Arleigh A Burke and on carrier based and ground based naval air operations as well as the contributions of African American Sailors As a whole this book documents how the Navy s domination of the seas around Korea enabled Allied forces to project combat power ashore the length and breadth of the Korean peninsula It also shows how the powerful presence of U S and Allied naval forces discouraged China and the Soviet Union from launching other military adventures in the Far East thus keeping the first limited war of the Cold War era confined to Korea But far from being an aberration unlikely to be replicated the Korean War proved to be only the first in a long line of twentieth century and early twenty first century conflicts involving U S naval forces confronting Communist and nontraditional adversaries and a full understanding of the Korean War experience as provided in this book helps define the role of sea power in today s world Rise to Command Isaac W. Hampton II, 2025-07-15 Rise to Command is a social history told in the words of twenty Black military officers who grew up in the Jim Crow era and served in the US military The officers speak candidly about their careers and struggles and the important lessons they learned from their communities which helped them succeed Black Americans in the armed forces fought on two fronts one against America s external adversaries on the battlefield and the other against racial discrimination and segregation within military culture and American society The officers discuss living through segregation the civil rights movement and the Black Power movement These torchbearers speak frankly about the racially biased officer evaluation system gender discrimination and how they survived and thrived despite systemic obstacles Rise to Command examines the evolution of policies and cultural dynamics within the US military with a critical focus on the complexities of racial integration and equity It not only traces the history of change but also underscores the persistent challenges that continue to shape the experiences of service members Through the memories of Black officers Rise to Command provides a vital perspective on the struggle for inclusivity and justice within one of America s most enduring institutions The many perspectives from across the wars of the twentieth century highlight the progress these soldiers fought for from total segregation during World War II to the deployment of America s first racially integrated military force during the Vietnam War Although these officers may not have known it they were blazing the trail for the next generation of Black Americans in and out of military service **African-Americans in Defense of the Nation** James T. Controvich, 2011-03-28 The role of the African American in American history has been documented but sometimes ignored by historians This work is intended to assist researchers in locating the wealth of material that has been published African Americans in Defense of the Nation

builds on a long list of early bibliographies concerning the subject This work brings together a broad spectrum of titles related to the African American participation in America s wars It covers both the military exploits as African Americans have been involved in every American conflict since the Revolution and their participation in the homefront support in building the weapons that the armed forces used Organized both chronologically and topically chapters cover the various conflicts from the Revolutionary War to the Post World War II era and branches of the military as well as the role of African American women in the United States military This extensive reference work is the most comprehensive listing of African American units available Additionally a listing of juvenile titles will assists parents and teachers in locating material

Understanding War Christian P. Potholm,2016-08-03 The third book in Professor Christian Potholm s war trilogy which includes *Winning at War* and *War Wisdom* *Understanding War* provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material *Understanding War* is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures

The Oxford Handbook of Military Psychology Janice H. Laurence,Michael D. Matthews,2012-02-24 The critical link between psychology and the military is imprtant to recruiting training socializing assigning employing deploying motivating rewarding maintaining managing integrating retaining transitioning supporting counseling and healing military members These areas are hardly distinct and the chapters in *The Oxford Handbook of Military Psychology* have contents that cross these boundaries Collectively the topics covered in this volume describe the myriad ways in which modern psychology influences warfare and vice versa The extensive topics included come from within the areas of clinical industrial organizational experimental engineering and social psychology The contributors are top international experts in military psychology some uniformed soldiers others academics and clinicians and others civilian employees of the military or other government agencies They address important areas in which the science and practice of psychology supports military personnel in their varied and complex missions Among the topics addressed here are suitability for service leadership decision making training terrorism socio cultural competencies diversity and cohesion morale quality of life ethical challenges and mental health and fitness The focus is the ways in which psychology promotes the decisive human dimension of military effectiveness Collectively the 25 topical chapters of this handbook provide an overview of modern military psychology and its tremendous influence on the military and society as a whole

Our Team Luke Epplin,2021-03-30 The riveting story of four men Larry Doby Bill Veeck Bob Feller and Satchel Paige whose improbable

union on the Cleveland Indians in the late 1940s would shape the immediate postwar era of Major League Baseball and beyond In July 1947 not even three months after Jackie Robinson debuted on the Brooklyn Dodgers snapping the color line that had segregated Major League Baseball Larry Doby would follow in his footsteps on the Cleveland Indians Though Doby as the second Black player in the majors would struggle during his first summer in Cleveland his subsequent turnaround in 1948 from benchwarmer to superstar sparked one of the wildest and most meaningful seasons in baseball history In intimate absorbing detail Luke Epplin's *Our Team* traces the story of the integration of the Cleveland Indians and their quest for a World Series title through four key participants Bill Veeck an eccentric and visionary owner adept at exploding fireworks on and off the field Larry Doby a soft spoken hard hitting pioneer whose major league breakthrough shattered stereotypes that so much of white America held about Black ballplayers Bob Feller a pitching prodigy from the Iowa cornfields who set the template for the athlete as businessman and Satchel Paige a legendary pitcher from the Negro Leagues whose belated entry into the majors whipped baseball fans across the country into a frenzy Together as the backbone of a team that epitomized the postwar American spirit in all its hopes and contradictions these four men would captivate the nation by storming to the World Series all the while rewriting the rules of what was possible in sports

Parameters, 2004 *Military Sociology*

Wilbur J. Scott, Karin Modesto De Angelis, David R. Segal, 2022-12-30 This textbook introduces the reader to the field of military sociology through narrative reviews of selected key studies in the discipline The book provides a guided introduction In each chapter the authors set the stage and then immerse the reader in Spotlights that is descriptions of essential studies that inform the discipline of military sociology The goal is to afford readers a ready pathway into how sociologists and social scientists have thought about topics in the study of the military and war Topics covered in the book include What is military sociology What does it have to offer in understanding armed forces wars and societies What basic tools are needed to ply sociological or more broadly social science perspectives for studying war and the military What are the bio social bases of war What does the spectrum of such societally organized violence look like How do societies raise and maintain formal militaries What are variations in their social composition and in the profiles of civil military relations How and why is military organization and war changing so dramatically in the 21st century What does the future hold This book will be of great interest to students of military sociology the armed forces and society peace studies and International Relations

America, Sea Power, and the World James C. Bradford, John F. Bradford, 2022-11-29 The gold standard in college level American naval history texts edited by the foremost scholar in the field In the newly revised second edition of *America Sea Power and the World* a team of distinguished researchers delivers an extensive and authoritative survey of American naval history the place of the United States in world affairs and the role of that country's naval forces during peacetime and wartime Each chapter contains a comprehensive analysis of its subject as well as brief sidebars describing a key weapon or technological development of the era and a short biographical sketch of an influential leader or representative of the navy from that era

The book offers extensive illustration and maps and a throughgoing emphasis on naval policy strategy roles and missions with careful attention paid to naval operations These factors given greater focus than the descriptions of battle tactics found in other texts Readers will also find A thorough introduction to sea power and the modern state system as well as the American War for Independence at sea Comprehensive explorations of the genesis of the United States Navy from 1785 to 1806 Practical discussions of the Naval War of 1812 and the Confirmation of Independence from 1807 to 1815 and the Squadron Navy as an agent of the commercial empire until 1890 Fulsome treatments of the Second World War in the Atlantic Mediterranean and the Pacific including defensive actions in the Pacific from 1937 to 1943 and offensive actions from 1943 to 1944 New chapters exclusive to the 2nd edition focused on the history of African Americans and women in the US Navy the development of joint operations and unified command and the naval history of the last two decades Perfect for undergraduate students taking courses on the naval history of the United States America Sea Power and the World Second Edition will also earn a place in the libraries of members of the general public interested in naval and military history

Blue & Gold and Black Robert John Schneller,2008 During the twentieth century the U S Naval Academy evolved from a racist institution to one that ranked equal opportunity among its fundamental tenets This transformation was not without its social cost however and black midshipmen bore the brunt of it Blue Gold and Black is the history of integration of African Americans into the Naval Academy The book examines how civil rights advocates demands for equal opportunity shaped the Naval Academy s evolution Author Robert J Schneller Jr analyzes how changes in the Academy s policies and culture affected the lives of black midshipmen as well as how black midshipmen effected change in the Academy s policies and culture Most institutional history is written from the top down while most social history is written from the bottom up Based on the documentary record as well as on the memories of hundreds of midshipmen and naval officers Blue Gold and Black includes both perspectives By examining both the institution and the individual a much more accurate picture emerges of how racial integration occurred at the Naval Academy Schneller takes a biographical approach to social history Through written correspondence responses to questionnaires memoirs and oral histories African American midshipmen recount their experiences in their own words Rather than setting adrift their humanity and individuality in oceans of statistics Schneller uses their first hand recollections to provide insights into the Academy s culture that cannot be gained from official records Covering the Jim Crow era the civil rights movement and the empowerment of African Americans from the late 1960s through the end of the twentieth century Blue Gold and Black traces the transformation of an institution that produces men and women who lead not only the Navy but also the nation *Sea Power on Call* Malcolm Muir,2005 United States Navy and the Korean War Highlights fleet operations of the United States Navy in the Korean War from June 1951 to July 1953

Doris Miller, Pearl Harbor, and the Birth of the Civil Rights Movement Thomas W. Cutrer,T. Michael Parrish,2018-03-05 On the morning of December 7 1941 after serving breakfast and turning his attention to laundry services

aboard the USS West Virginia Ship's Cook Third Class Dorie Dorie Miller heard the alarm calling sailors to battle stations The first of several torpedoes dropped from Japanese aircraft had struck the American battleship Miller hastily made his way to a central point and was soon called to the bridge by Lt Com Doir C Johnson to assist the mortally wounded ship's captain Mervyn Bennion Miller then joined two others in loading and firing an unmanned anti aircraft machine gun a weapon that as an African American in a segregated military Miller had not been trained to operate But he did firing the weapon on attacking Japanese aircraft until the 50 caliber gun ran out of ammunition For these actions Miller was later awarded the Navy Cross the third highest naval award for combat gallantry Historians Thomas W Cutrer and T Michael Parrish have not only painstakingly reconstructed Miller's inspiring actions on December 7 They also offer for the first time a full biography of Miller placed in the larger context of African American service in the United States military and the beginnings of the civil rights movement Like so many sailors and soldiers in World War II Dorie Miller's life was cut short Just two years after the attack on Pearl Harbor Miller was aboard the USS Liscome Bay when it was sunk by a Japanese submarine But the name and symbolic image of Dorie Miller lived on As Cutrer and Parrish conclude Dorie Miller's actions at Pearl Harbor and the legend that they engendered were directly responsible for helping to roll back the navy's then to fore unrelenting policy of racial segregation and prejudice and in the chain of events helped to launch the civil rights movement of the 1960s that brought an end to the worst of America's racial intolerance

Proud Warriors Alexander M. Bielakowski, 2021-11-15 During World War II tens of thousands of African Americans served in segregated combat units in U S armed forces The majority of these units were found in the U S Army and African Americans served in every one of the combat arms They found opportunities for leadership unparalleled in the rest of American society at the time Several reached the field grade officer ranks and one officer reached the rank of brigadier general Beyond the Army the Marine Corps refused to enlist African Americans until ordered to do so by the president in June 1942 and two African American combat units were formed and did see service during the war While the U S Navy initially resisted extending the role of African American sailors beyond kitchens eventually the crew of two ships was composed exclusively of African Americans The Coast Guard became the first service to integrate initially with two shipboard experiments and then with the integration of most of their fleet Finally the famous Tuskegee airmen are covered in the chapter on air warfare Proud Warriors makes the case that the wartime experiences of combat units such as the Tank Battalions and the Tuskegee Airmen ultimately convinced President Truman to desegregate the military without which the progress of the Civil Rights Movement might also have been delayed
