Approaches will assume a seminal place in the field of career development as the first book to focus solely on qualitative
approaches to career assessment This book represents a timely and important contribution to career development as it seeks
to meet the needs of increasingly diverse client groups Part 1 Foundations strongly positions qualitative career assessment in
its historical philosophical theoretical and research contexts The book is innovative by considering qualitative career
assessment through the lens of learning Part 2 Instruments presents the first collation of chapters on a comprehensive range
of qualitative career assessment instruments and processes written to a standard format to enable readers to compare
contrast and evaluate approaches Part 3 Using quantitative career assessment qualitatively mitigates against depicting an
unnecessary divide in the field between quantitative and qualitative career assessment by considering their
complementarities Part 4 Diverse Contexts considers qualitative approaches to career assessment in contexts other than able
western middle class settings Part 5 Future Directions reflects on the chapters and poses suggestions for the future With
high profile authors from nine different countries the book represents a truly international contribution to the field of career
development In its focus on qualitative career assessment this book holds a unique position as the only such text and will
therefore assume an important place in the libraries of researchers academics and career practitioners **Electronic**
