Rolls, 2023-02-28 The fifth Canadian edition of LOOK weaves together theory popular culture and first person accounts from diverse communicators to give students a critical understanding of interpersonal communication With opportunities for practical application readers will gain confidence to build communication skills within their own relationships both in academia and in their future workplaces Built with students in mind LOOK 5Ce invites students from all programs of study to see the impact of communication skills on their everyday lives *Conceptual Art and Painting* Charles Harrison, 2001 In *Conceptual Art and Painting* a companion to his *Essays on Art and Language* Charles Harrison reconsiders Conceptual Art in light of renewed interest in the original movement and of the various forms of neo Conceptual art Publisher's description Robert Qualters Vicky A. Clark, 2014-02-15 Teeming with convulsive energy raw brush strokes and Fauvist colors the paintings of Robert Qualters reflect the multifaceted and kinetic spirit of the artist himself In these pages the art historian Vicky A Clark presents the first in depth study of the art and life of this iconic Pittsburgh artist Complemented by over eighty color images Clark follows Qualters's development from early childhood sketches through his recent autobiographical work As she reveals Qualters is truly a quotidian raconteur who infuses allegory narrative and memory into his paintings of urban landscapes neighborhoods lunch counters and amusement parks Here we witness coming of age and sexuality economic hardship working class identities death and rebirth and many other themes both personal and universal As Clark shows Qualters's oeuvre is the culmination of a lifelong artistic journey recalling a host of influences from Japanese prints to Matisse Bruegel and Rembrandt Throughout his career and despite the popularity of his contemporaries many of whom adopted abstract painting Qualters has maintained a distinctly representational style keeping a close link to his audience through the power of visual storytelling **Saint Paul and Philosophy** Gert Jan van der Heiden, George Henry van Kooten, Antonio Cimino, 2017-08-07 The much acclaimed present day philosophical turn to the letters of Saint Paul points to a profound consonance between ancient and modern thought Such is the bold claim of this study in which scholars from contemporary continental philosophy new testamentary studies and ancient philosophy discuss with each other the meaning Paul's terms *pistis* faith In this volume this theme discusses in detail the threefold relation between Paul and 1 continental thought 2 the Graeco Roman world and 3 political theology It is shown that *pistis* does not only concern a mode of knowing but rather concerns the human ethos or mode of existence as a whole Moreover it is shown that the present day political theological interest in Paul can be seen as an attempt to recuperate Paul's *pistis* in this comprehensive sense Finally an important discussion concerning the specific ontological implications and background of this reinterpretation of *pistis* is examined by comparing the ancient ontological commitments to those of the present day philosophers Thus the volume offers an insight in a crucial consonance of ancient and modern thought concerning the question of *pistis* in Paul while not

forgetting to stipulate important differences

The Invention of the Self Andrew Spira, 2020-06-25 This book is an examination of personal identity exploring both who we think we are and how we construct the sense of ourselves through art It proposes that the notion of personal identity is a psycho social construction that has evolved over many centuries While this idea has been widely discussed in recent years Andrew Spira approaches it from a completely new point of view Rather than relying on the thinking subject s attempts to identify itself consciously and verbally it focuses on the traces that the self sense has unconsciously left in the fabric of its environment in the form of non verbal cultural conventions Covering a millennium of western European cultural history it amounts to an anthropology of personal identity in the West Following a broadly chronological path Spira traces the self sense from its emergence from the collectivity of the medieval Church to its consummation in the individualistic concept of artistic genius in the nineteenth century In doing so it aims to bridge a gap that exists between cultural history and philosophy Regarding cultural history especially art history it elicits significances from its material that have been thoroughly overlooked Regarding philosophy it highlights the crucial role that material culture plays in the formation of philosophical ideas It argues that the sense of personal self is as much revealed by cultural conventions and as a cultural convention as it is observable to the mind as an object of philosophical enquiry

The Road to McCarthy Pete McCarthy, 2024-01-17 Pete McCarthy established one cardinal rule of travel in his bestselling debut McCarthy s Bar Never pass a bar with your name on it In this equally wry and insightful follow up his characteristic good humor curiosity and thirst for adventure take him on a fantastic jaunt around the world in search of his Irish roots from Morocco where he tracks down the unlikely chief of the McCarthy clan to New York and finally to remote Mc Carthy Alaska The Road to McCarthy is a quixotic and anything but typical Irish odyssey that confirms Pete McCarthy s status as one of our funniest and most incisive writers
