Body Sculpting Sally Morgan, 2007-10-02 Design a body It may be possible I can do anything Did you know that people spend millions of dollars on cosmetic procedures each year That the technology needed to perform a face transplant already exists So how far are surgeons prepared to go in pursuit of the perfect body Science at the Edge focuses on the developments and theories in science that are giving rise to controversy and public concern *Hobswyke* C. R. Clarke, 2024-02-28 The finish of school life should have gifted Lucy Claybourne an uncomplicated summer that is until she makes the decision to revisit Hobswyke Hall a sprawling derelict manor house that was once her childhood home **Bring Me Your Midnight** Rachel Griffin, 2023-08-01 From the New York Times bestselling author of *The Nature of Witches* and *Wild is the Witch* comes a lush romantic fantasy about forbidden love the choices we make and the pull between duty and desire Featuring an exclusive case only available on the first print run Tana Fairchild's fate has never been in question Her life has been planned out since the moment she was born she is to marry the governor's son Landon and secure an unprecedented alliance between the witches of her island home and the mainlanders who see her very existence as a threat Tana's coven has appeased those who fear their power for years by releasing most of their magic into the ocean during the full moon But when Tana misses the midnight ritual a fatal mistake there is no one she can turn to for help until she meets Wolfe Wolfe claims he is from a coven that practices dark magic making him one of the only people who can help her But he refuses to let Tana's power rush into the sea and instead teaches her his forbidden magic A magic that makes her feel powerful Alive As the sea grows more violent her coven loses control of the currents a danger that could destroy the alliance as well as her island Tana will have to choose between love and duty between loyalty to her people and loyalty to her heart Marrying Landon would secure peace for her coven but losing Wolfe and his wild magic could cost her everything else **The Wild Marsh** Rick Bass, 2018-06-01 An account of one year in the Yaak Valley wilderness range by the acclaimed naturalist and memoirist Beginning with his family settling in for the long northwestern Montana winter and capturing all the subtle harbingers of change that mark each passing month the initial cruel teasing of spring the splendor and fecundity of summer and the bittersweet memories evoked by fall this is a beautiful evocation of the fauna flora and folks in this rugged and spectacular landscape Publishers Weekly starred review It is full of rich observation about what it takes to live in the valley toughness improvisation and of course duct tape *The Wild Marsh* is also poignant especially as the author reflects on what it means for his young daughters to grow up surrounded by the strangeness and wonder of nature He shares with them the Yaak's little secrets where the huckleberries are best in a dry year where to find a grizzly's claw marks in an old cedar and discovers that passing on this intimate local knowledge the knowledge of home is a kind of rare and valuable love Bass emerges not just as a writer but as a father a neighbor and a gifted observer uniquely able to bring us close to the drama and sanctity of small things ensuring that though the wilderness is increasingly at risk the voice of the wilderness will not disappear A work of

wonder praise and thanksgiving for all the marvels of nature where every aspect is connected and every process has its place Bass grounding his book in science well takes the facts and transforms them as a musician transforms musical notes into a work of great beauty This walk through a year is a walk through the author s soul filled with passions dreams fears and the exuberance of Walt Whitman School Library Journal starred review Whether the topic is a forest fire in his front yard or the excitement of the first tiny cheerful glacier lilies in spring Rick Bass is a stirring companion on the trail that leads west from the Walden Pond of Henry David Thoreau and the Sand County of Aldo Leopold Ivan Doig author of *The Whistling Season*

can decrease parent pressure for antibiotics This book carefully documents the important and observable link between micro social interaction and macro public health domains **Just Don't Fall** Josh Sundquist,2010-12-28 Just Don't Fall is one of the most inspiring books I have ever read not too mention poignant and funny A J Jacobs author of The Year of Living Biblically This winning memoir of triumph over tragedy tells a story that has deeply affected thousands of readers When he was just nine years old Josh Sundquist was diagnosed with Ewing's sarcoma a virulent cancer strain that eventually claimed his left leg Told in a wide eyed often heartbreaking voice Just Don't Fall is the astounding story of the boy Josh was and of the young man he became an utterly heroic struggle through numerous hospitalizations and worse to become an award winning skier in the Paralympics and renowned motivational speaker What emerges is one of the most fresh and sincere works of inspiration to come along in years **Just Don't Fall (Adapted for Young Readers)** Josh Sundquist,2023-09-05 Adapted for young readers from his adult memoir Just Don't Fall is the the hilarious true story about Josh Sundquist's battle with childhood cancer and how he worked his way to making the United States paralympic ski team The inspiration for the Apple TV show Best Foot Forward When he was ten years old Josh Sundquist had his leg amputated to treat bone cancer But this is not a sad story on the contrary this memoir is a story of resilience heart and most importantly humor Young Josh had a lot of adapting to do after he lost his leg He had to learn how to walk again He had to accept that he wouldn't be able to try out for the travel soccer team He knew his life would never be the same again But when he sees a poster in the hospital elevator advertising skiing classes he realized all might not be lost Equal parts heartbreaking and hilarious Just Don't Fall is Josh's story of surviving cancer with 50/50 odds learning to be a professional skier and making his way to being a bestselling writer and motivational speaker Inspirational and moving Josh's story is one that can be appreciated by readers of all ages

Desire Play Adepoju Olaoluwa Itunu ,2021-02-25 Have you ever imagined what it is like to live in a rich and respected family when you have to uphold the crown that was attached to your identity from birth How you need to try hard and live by the standards that others have set for you you are demanded to be perfect failing which you will be left out without thinking twice No matter how hard the options life gives These are the options one have The story takes you into an emotional journey of how difficult it is to choose and more so to live by your own choices and decision **The Five Dynamics of Creative Development** Johannes Ziskoven,Ad van Vugt,2020-09-30 The Five Dynamics of Creative Development proposes a framework for exploring and better understanding the complex and beautiful process of development and growth This creative process takes on many forms however always following the structure of underlying dynamics The work is focused on recognising the dynamics and creating the right environment and conditions for growth to occur naturally At its root lies the assumed reality that love is the true force behind positive growth and that every human being has this basic capacity Based on 45 years of experience working in mental health institutions it is written by a young explorer of Art Therapy who will guide you through a journey of positive and playful learning It is a book full of recognition and useful tips for anyone who is personally

interested in growth creativity and change as well as for parents therapists teachers and other professionals Ad van Vugt worked in psychiatry for over forty years both clinically and on an out patient basis Early on he came to the conclusion that mere talking was not enough and that the felt experience through creativity was at the basis of change Creative activities would be an important tool to support this change He started developing programmes with the help of colleagues and clients The core question that occupied him was about which dynamics are actually responsible for change and development and which conditions stimulate these dynamics in a natural way He moved away from problem oriented thinking and into development oriented thinking The theory that he developed is described in this book Johannes Ziskoven decided in 2015 to stop his philosophy course and travelled to Spain to assist his father participate in the courses and in return write the book about his father s work For three years he followed him did and assisted in workshops tried out the different creative techniques and had almost daily conversations and interviews with his father The result was this book It is not only a fitting rendering of his father s work but also a clear expression of his own creative process He now studies in the Netherlands to become an art therapist himself
