Byron, Poetics and History Jane Stabler, 2002-12-05 Jane Stabler offers the first full scale examination of Byron's poetic form in relation to historical debates of his time Responding to recent studies of publishing and audiences in the Romantic period Stabler argues that Byron's poetics developed in response to contemporary cultural history and his reception by the English reading public Drawing on extensive new archive research into Byron's correspondence and reading Stabler traces the complexity of the intertextual dialogues that run through his work For example Stabler analyses Don Juan alongside Galignani's Messenger Byron's principal source of news about British politics while in Italy and refers to hitherto unpublished letters between Byron's publishers and his friends to reveal a powerful impulse among his contemporaries to direct his controversial poetic style to their own conflicting political ends This fascinating study will be of interest to Byronists and more broadly to scholars of Romanticism in general **Representing and Interrogating Dueling, Caning, and Fencing during the British Romantic Period**

William D. Brewer, 2025-02-21 Representing and Interrogating Dueling Caning and Fencing during the British Romantic Period examines Romantic era representations of physical interpersonal conflict and the ways in which they reflect challenge and subvert gender roles class hierarchies and racial and ethnic stereotypes Along with fictional depictions of one on one physical aggression by writers such as Mary Robinson William Godwin Walter Scott Lord Byron and Mary Shelley it considers historical accounts of honor violence While recent studies of honor disputes during the Romantic period have tended to focus on the codified formal duel this book considers other forms of physical aggression as well including unritualized duels assassinations canings public fencing bouts boxing matches and brawls William Brewer argues that many Romantic era Britons found the aristocratic chivalric code compatible with bourgeois commercial values Although the middle classes were on the ascendant during the decades before the Great Reform Bill British society continued to affirm the chivalric ideals of honor physical courage duty service loyalty and reverence toward women Romantic period representations and interrogations of physical conflict and toxic masculinity along with the affirmative portrayals in Mary Shelley's fiction of pacifistic and nurturing models of masculinity continue to resonate today and testify to the ongoing struggle to contend with and regulate interpersonal aggression Don Juan Byron, 2004-08-26 Byron's exuberant masterpiece tells of the adventures of Don Juan beginning with his illicit love affair at the age of sixteen in

Byron and John Murray Mary O'Connell, 2015-01-05 Byron and John Murray A Poet and His Publisher is the first comprehensive account of the relationship between Byron and the man who published his poetry for over ten years It is commonly seen as a paradox of Byron's literary career that the liberal poet was published by a conservative publishing house It is less of a paradox when as this book illustrates we see John Murray as a competitive innovative publisher who understood how to deal with his most famous author The book begins by charting the early years of Murray's success prior to the publication of Childe Harold's Pilgrimage and describes Byron's early engagement with the literary marketplace The book describes in detail how Byron became one of Murray's authors before documenting the success of their commercial association and the eventual and protracted disintegration of their relationship Byron wrote more letters to John Murray than anyone else and their correspondence represents a fascinating dialogue on the nature of Byron's poetry and particularly the

nature of his fame It is the central argument of this book that Byron's ambivalent attitude towards professional writing and popular literature can be illuminated through an understanding of his relationship with John Murray

about the relationship between historical contexts and literary form in the Romantic period. Diverse and fresh perspectives on canonical texts such as Don Juan, Childe Harold's Pilgrimage, and Manfred are included together with stimulating analyses of less well-known narrative poems, lyrics, and dramas. A clearly structured introduction traces key developments in Byron criticism and locates the essays within wider debates in Romantic studies. Detailed headnotes to each essay and a guide to further reading help to orientate the reader and offer pointers for further discussion. The collection will enable students of English literature, Romantic studies, and nineteenth-century cultural studies to assess the contribution that different critical methodologies have made to our understanding of individual poems by Byron as well as concepts like the Byronic hero and evolving definitions of Romanticism.

Religion, Toleration, and British Writing, 1790-1830 Mark Canuel, 2002-10-17
In *Religion, Toleration, and British Writing, 1790-1830*, Mark Canuel examines the way that Romantic poets, novelists, and political writers criticized the traditional grounding of British political unity in religious conformity. Canuel shows how a wide range of writers, including Jeremy Bentham, Ann Radcliffe, Maria Edgeworth, and Lord Byron, not only undermined the validity of religion in the British state but also imagined a new, tolerant and more organized mode of social inclusion. To argue against the authority of religion, Canuel claims, was to argue for a thoroughly revised form of tolerant yet highly organized government; in other words, a mode of political authority that provided unprecedented levels of inclusion and protection. Canuel argues that these writers saw their works as political and literary commentaries on the extent and limits of religious toleration. His study throws light on political history as well as the literature of the Romantic period.

Romantic Writing and the Empire of Signs Karen Fang, 2010-02-02
Nineteenth-century periodicals frequently compared themselves to the imperial powers, then dissecting the globe, and this interest in imperialism can be seen in the exotic motifs that surfaced in works by such late Romantic authors as John Keats, Charles Lamb, James Hogg, Letitia Landon, and Lord Byron. Karen Fang explores the collaboration of these authors with periodical magazines to show how an interdependent relationship between these visual themes and rhetorical style enabled these authors to model their writing on the imperial project. Fang argues that in the decades after Waterloo, late Romantic authors used imperial culture to capitalize on the contemporary explosion of periodical magazines. This proliferation of post-Napoleonic writing often referencing exotic locales both revises longstanding notions about literary orientalism and reveals a remarkable synthesis of Romantic idealism with contemporary cultural materialism that heretofore has not been explored. Indeed, in interlocking case studies that span the reach of British conquest, ranging from Greece, China, and Egypt to Italy and Tahiti, Fang challenges a major convention of periodical publication. While periodicals are usually thought to be defined by time, this account of the geographic attention exerted by late Romantic authors shows them to be equally concerned with space. With its exploration of magazines and imperialism as a context for Romantic writing culture and aesthetics, this book will appeal not only to scholars of book history and reading cultures but also to those of nineteenth-century British writing and history.
