Los Intereses Creados:

Los intereses creados Jacinto Benavente, 1913 Los intereses creados Jacinto Benavente, 1922 The Bonds of Interest Jacinto Benavente, 1967

Leandro and Crispín arrive to a prosperous small city seeking a stroke of good luck to improve their lives. Given that Leandro is the youngest and more handsome of them, they decide that he will play the role of a young and attractive lord travelling with his assistant played by Crispín. With this fake identity, Leandro wants to seduce the daughter of the richest and most powerful man in town, Polichinela. Thus, the difficult path of making their way into a closed society begins so he can gain the recognition someone of his prestige should have. To do so, they establish relations with people who put them in position. As they do not have a single cent, not even to dress, they create a string of debts after asking for loans from the local shops. The debts grow but no one suspects. After some time and having consolidated Leandro's social image, he starts to attend the parties organized by the jet set. In one of the parties at Polichinela's house, he presents his daughter, Silvia, to Leandro as he considers the young man as a good catch. Even though the relationship between Leandro and Silvia began for economical reasons, their love begins to turn real right before the truth is about to come to light to complicate their romance and the lives of several characters.

Douglas Clayton examines the tradition of commedia dell'arte as the Russian modernists inherited it from its origins in Italian street theatre through its various transformations in Italy. Gozzi and Goldoni's plays in France, the development of Pierrot and the restructuring of the plot, and in Germany Tieck's and Hoffmann's metatheatres. He also analyses crucial texts by Gozzi, Lothar Benavente and Schnitzler that came to play a central role in the Russian theatre. Tracing the history of commedia dell'arte on the Russian stage, he demonstrates that the introduction of the tradition was theory-driven and discusses several milestone productions in the pre and post-revolutionary period. Clayton examines the impact of commedia dell'arte russified as the new theatrical genre of balagan on both popular and lesser-known Russian playwrights and, in conclusion, explores the significance of the commedia dell'arte as a theoretical underpinning for Sergei Eisenstein's theories of theatre and film.
