A PERSONAL HISTORY OF BURMA

"A revelation . . . Represents by far the best introduction yet available to the modern history of Burma. Sad and poignant, intelligent and thought-provoking, *The River of Lost Footsteps* is a wonderfully well written narrative." — WILLIAM DALRYMPLE

Lost Footsteps:

Lost Footsteps Bel Mooney, 2012-07-20 At the heart of Ana Popescu's existence is the love for her son. He is the only thing that makes life in Ceausescu's Romania tolerable. In their mean little flat they have created a private world in which no harm can come to them. But Ana is haunted by a mystery in her own past and by her awareness under a totalitarian regime the soul can gradually be corrupted. At last an incident at Ion's school convinces her she must send him away. When she seizes the chance to give Ion freedom, Ana unwittingly propels him beyond bureaucracy into an underworld of refugees and migrants. Attempting to follow, she is caught and thrown into prison. Then the collapse of communism and the overthrow of Ceausescu rekindle her hope for a future as she leaves her country for the first time and embarks on a quest to reclaim her lost child. The achievement of Bel Mooney's powerful and ambitious new novel as it moves across the changing face of contemporary Europe is that it takes us inside the lives of people caught up in the flood tide of political events. A story of sacrifice, loss, and love, it is a moving and triumphant celebration of the power and immutability of the bonds of motherhood and is also about one of the most pressing humanitarian issues of our age.

The River of Lost Footsteps Thant Myint-U., 2006 When the prodemocracy uprising was finally crushed, there was a muted international response. The United States, Japan, the United Kingdom, and Germany suspended bilateral aid. But there was no pronounced outcry, certainly not from the general public in Europe or in North America. Nothing like the reaction to the massacre at Tiananmen Square a year later. There were no calls for United Nations action. No urgent transatlantic diplomacy. Part of the reason was simple: there were no television cameras present in the country at the time. There was no CNN and no nightly news stories showing the depth of popular feeling or the violence that followed. There were no pundits demanding retribution and little attention on Capitol Hill or at Westminster. Much of the uprising had been in late August and early September, just in time for the late summer holidays. But the lack of response wasn't just attributable to the absence of television or to the fact that important people were vacationing in Martha's Vineyard or Tuscany. It was also because Burma was almost entirely unknown. To the extent that it was thought about at all, it had the image of an exotic and dreamy backwater, a gentle Buddhist country lost in time and quietly isolated, hardly the sort of location for a foreign policy crisis. It was an offbeat tourist destination, unspoiled compared with neighboring Thailand, perhaps even a model of an alternative approach to life, unhurried and without the extremes of modern capitalism and communism. Prodemocracy demonstrations in Burma. It was like hearing about a coup in Shangri-La. What was to be done with a place like that?

Torture and Democracy Darius Rejali, 2009-06-08 This is the most comprehensive and most comprehensively chilling study of modern torture yet written. Darius Rejali, one of the world's leading experts on torture, takes the reader from the late nineteenth century to the aftermath of Abu Ghraib, from slavery and the electric chair to electrocution in American inner cities and from French and British colonial prison cells and the Spanish American War to the fields of Vietnam, the wars of the Middle East.

and the new democracies of Latin America and Europe As Rejali traces the development and application of one torture technique after another in these settings he reaches startling conclusions As the twentieth century progressed he argues democracies not only tortured but set the international pace for torture Dictatorships may have tortured more and more indiscriminately but the United States Britain and France pioneered and exported techniques that have become the lingua franca of modern torture methods that leave no marks Under the watchful eyes of reporters and human rights activists low level authorities in the world s oldest democracies were the first to learn that to scar a victim was to advertise iniquity and invite scandal Long before the CIA even existed police and soldiers turned instead to clean techniques such as torture by electricity ice water noise drugs and stress positions As democracy and human rights spread after World War II so too did these methods Rejali makes this troubling case in fluid arresting prose and on the basis of unprecedented research conducted in multiple languages and on several continents begun years before most of us had ever heard of Osama bin Laden or Abu Ghraib The author of a major study of Iranian torture Rejali also tackles the controversial question of whether torture really works answering the new apologists for torture point by point A brave and disturbing book this is the benchmark against which all future studies of modern torture will be measured African Women of the Ancient World Katy Clark,2025-06-30 Discover the untold stories of Africa s warrior queens rulers who defied empires led armies and shaped the course of history In African Women of the Ancient World journey through millennia to uncover the lives of powerful women like Queen Amanirenas who challenged the might of Rome Queen Nzinga Mbande who fought against the Portuguese slave trade and Dahia al Kahina who defended North Africa from Arab invasion These extraordinary women often overshadowed by their male counterparts ruled with unparalleled strategy pride and ferocity navigating their nations through intense battles and radical changes From the great Pharaoh Hatshepsut of Egypt to Queen Makeda of Sheba whose legacy is intertwined with the legends of King Solomon these rulers are the unsung champions of ancient history In this volume Clark brings these remarkable figures to life drawing from excellent sources to illuminate their conquests and reigns A treasure trove for scholars and history enthusiasts alike this book offers a compelling exploration of the women who fiercely defended their lands and people and whose stories are finally being told **The Enemy Within** Severance Johnson,1920 *Trapped Without You* Daniel Ray Joyner,2023-05-15 It was that very very cold night in December that would change my life I was very young yet even at five years old I had always dreamed of attending college and receiving my degree One obstacle stood in my way poverty We were dirt poor I sadly watched constantly my illiterate father drown himself in alcohol Not once did he ever have that father to son talk Not once did he say to us that he loved or cared for us Yet on the other hand God gave to us our hard working Christian mother a woman who was the opposite of our father a woman who prayed to God every night praying and showing just how much she truly loved her sons Every day of my life I often thought about where my footsteps would lead me Here I was constantly surrounded by poverty violence and racism Would I end up hanging on some street living in
