Lost Mines And Treasures Of The Pnw:

Buried Treasures of the Pacific Northwest W. C. Jameson, 2006-01-30 Do Indians living today know the location of the supposedly cursed Lost Gold of Devil's Sink Did Sir Francis Drake bury millions of dollars worth of ancient Incan treasures Has anyone found the box of gold coins buried by a reputed giant in the Washington rain forest Is there a noble family's fortune buried near an old log cabin in the Cascades [Lost Mines and Treasures of the Pacific Northwest](#) R. Jameson, 2013-07-12 The twenty four tales in this book are of the most famous lost treasures in America from a two foot statue reportedly made entirely of silver the Madonna and a cache of gold silver and jewelry that was rumored to also contain the first Bible in America to seventeen tons of gold its value equal to the treasury of a mid sized nation buried somewhere in northwestern New Mexico What makes these tales even more compelling is that none of these known to be lost treasures have been discovered although modern detecting technology has made them eminently discoverable **The Lost Canyon of Gold** W.C. Jameson, 2017-09-01 Join the Search for Lost Treasure First popularized by folklorist and author J Frank Dobie in his book Apache Gold and Yaqui Silver in 1928 the legend of the Lost Adams Diggings is one of the most mythologized tales of lost treasure on the continent In the 1860s Gold was taken from Adams canyon in enormous quantities with nuggets ranging from dust size to some as large as hen's eggs all being plucked from the bottom of a shallow stream This true story of the Lost Adams Diggings starts with the discovery of the rich deposit of gold in a remote mountain range and ends with the author's own story of search and discovery in the twentieth century **Lost Mines and Buried Treasures of the West** Thomas Probert, 1977 This large easy to use volume lists the works of more than eleven hundred different authors covering thousands of stories of lost mines and buried treasures supposedly located in fifteen Western and Southwestern states and in Mexico In addition to being a boon to those adventurers who are tempted to search for lost mines and buried treasures it will be an important basic research tool for historians geologists geographers anthropologists archaeologists and folklorists and it will be useful in identifying the many treasure hoards and mining claims all the way from the Lost Adams Diggings in Arizona

to the Stagecoach in Wyoming The information given in this important bibliography was acquired through perusal of an unusually large number of books newspapers magazines unpublished manuscripts deposits in private and public libraries holdings of various historical foundations and governmental records and archives The task took Mr Probert three full years of steady patient work Many of these stories of lost mines and buried treasures have resulted in the discovery of some that are rarely acknowledged largely because as Mr Probert points out those who have been so fortunate as to find the pot of gold at the end of the rainbow have deemed it wiser and much safer to keep their own counsel Book jacket *Journal of Northwest Anthropology* Darby C.
