Lost Wisdom Rethinking Modernity In Iran:

Lost Wisdom Abbas Milani, 2004 In the essays collected here Abbas Milani uses an impressive array of cross disciplinary Western and Iranian theories and texts to investigate the crucial question of modernity in Iran today He offers a wealth of new insights into the thousand year old conflict in Iran between the search for modernity and the forces of religious obscurantism The essays trace the roots of Shiite Islamic fundamentalism and offer illuminating accounts of the work of Iranian intellectuals both men and women and their artistic movements as they struggle to find a new path toward a genuine modernity in Iran that is congruent with Iran's rich cultural heritage This book challenges the hitherto accepted theory that modernity and its related concepts of democracy and freedom are Western in essence It also demonstrates that Iran and the West have more that brings them together than separates them in their search for such modern ideals as rationalism the rule of law and democracy

Modernity, Sexuality, and Ideology in Iran Kamran Talattof, 2011-06-01 In Iran since the mid nineteenth century one issue has been a common concern how should Iran become modern More than a century of struggle for or against modernity has constituted much of the social political and cultural history of the country In the decades since the 1979 Revolution the question has become even more critical In **Modernity Sexuality and Ideology in Iran** Talattof finds that the process of modernity never truly unfolded due in large part to Iran's reluctance to embrace the seminal subjects of gender and sexuality Talattof's approach reflects a unique look at modernity as advancement not only in industry and economy but also toward an open intellectual discourse on sexuality Exploring the life and times of Shahrzad a dancer actress filmmaker and poet Talattof illuminates the country's struggle with modernity and the ideological traditional and religious resistance against it Born in 1946 she performed in several theater productions became an acclaimed film star in the 1970s and pursued a career as a journalist and poet Following the revolution she was imprisoned and eventually became homeless on the streets of Tehran Her success and eventual decline as a female artist and entertainer illustrate the conflict between modernity and tradition

and Iran's failure to embrace an overt expression of sexuality Talattof also profiles several other female artists of the 1970s analyzing their lives and work as windows through which to examine what Iranian culture allowed and what it repudiated A pioneering and timely work *Modernity Sexuality and Ideology in Iran* explores the integral role of popular culture and female artists in the shaping of modern Iran constructing a new framework for understanding such crucial concepts as ideology and modernity [Orientalism Versus Occidentalism](#) Laetitia Nanquette, 2017-02-28 This book highlights the role of cultural representations and perceptions such as when Iran is represented in the French media as a rogue state obsessed with its nuclear programme and when France is portrayed in the Iranian media as a decadent and imperialist country Here Laetitia Nanquette examines the functions processes and mechanisms of stereotyping and imagining the other that have pervaded the literary traditions of France and Iran when writing about each other She furthermore analyzes Franco Iranian relations by exploring the literary traditions of this relationship the ways in which these have affected individual authors and how they reflect socio political realities With themes that feed into popular debates about the nature of Orientalism and Occidentalism and how the two interact this book will be vital for researchers of Middle Eastern literature and its relationship with writings from the West as well as those working on the cultures of the Middle East *India, Modernity and the Great Divergence* Kaveh Yazdani, 2017-01-05 India *Modernity and the Great Divergence* is an original and pioneering book about India's transition towards modernity and the rise of the West The work examines global entanglements alongside the internal dynamics of 17th to 19th century Mysore and Gujarat in comparison to other regions of Afro Eurasia It is an interdisciplinary survey that enriches our historical understanding of South Asia ranging across the fascinating and intertwined worlds of modernizing rulers wealthy merchants curious scholars utopian poets industrious peasants and skilled artisans Bringing together socio economic and political structures warfare techno scientific innovations knowledge production and transfer of ideas this book forces us to rethink the reasons behind the emergence of the modern world [Occidental Perceptions of European Architecture in Nineteenth-Century Persian Travel Diaries](#) Vahid Vahdat, 2017-03-31 In the midst of Europe's nineteenth century industrial revolution four men embarked on separate journeys to the wondrous Farangestan a land of fascinating objects mysterious technologies heavenly women and magical spaces Determined to learn the secret of Farangestan's advancements the travelers kept detailed records of their observations These diaries mapped an aspirational path to progress for curious Iranian audiences who were eager to change the course of history Two hundred years later *Travels in Farangi Space* unpacks these writings to reveal a challenging new interpretation of Iran's experience of modernity This book opens the Persian travelers long forgotten suitcases and analyzes the descriptions contained within to gain insight into Occidental perspectives on modern Europe By carefully tracing the physical and mental journeys of these travelers the book paints a picture of European architecture that is nothing like what one would expect **The Shah Abbas** Milani, 2011-01-04 The definitive biography of the last Shah of Iran tracing his dramatic rise and fall and his role in the

creation of the contemporary Islamic Republic Though his monarchy was toppled in 1979 and he died in 1980 the life of Mohammad Reza Shah Pahlavi the last Shah of Iran continues to resonate today Here internationally respected author Abbas Milani gives us the definitive biography more than ten years in the making of the monarch who shaped Iran's modern age and with it the contemporary politics of the Middle East The Shah's was a life filled with contradiction as a social reformer he built schools increased equality for women and greatly reduced the power of the Shia clergy He made Iran a global power courting Western leaders from Churchill to Carter and nationalized his country's many natural resources But he was deeply conflicted and insecure in his powerful role Intolerant of political dissent he was eventually overthrown by the very people whose loyalty he so desperately sought This comprehensive and gripping account shows us how Iran went from politically moderate monarchy to totalitarian Islamic republic Milani reveals the complex and sweeping road that would bring the U S and Iran to where they are today

Too Many to Jail Mark Bradley, 2014-11-21 In 1979 there were fewer than 500 known Christians from a Muslim background in Iran Today there are at least 100 000 believers Church leaders believe that millions can be added to the church in the next few years such is the spiritual hunger that exists The religious violence that accompanied the reign of President Ahmadinejad drained its perpetrators of political and religious legitimacy and has opened the door to other faiths This book sets the rapid church growth in Iran in the context of the deteriorating relationship between Iranians and their national religion There is a major focus on the Ahmadinejad years but the author also covers the history of the church before 1979 picking up on the central idea that the spark may have become buried in the ashes but has never been extinguished The book is careful proportionate well informed and accurate Throughout the text there will be boxes with stories of faith persecution and encouragement

Heaven on Earth Sadakat Kadri, 2025-06-25 *Heaven on Earth* is a vivid revealing and essential narrative history of shari a law the widely contested and misunderstood code of Islamic justice and how the application of its concepts has changed over time and with it the face of Islam Some fourteen hundred years after the Prophet Muhammad first articulated God s law the shari a its earthly interpreters are still arguing about what it means Hard liners reduce it to amputations veiling holy war and stonings Others say that it is humanity s only guarantee of a just society And as colossal acts of terrorism made the word shari a more controversial than ever in the early twentieth century the legal historian and human rights lawyer Sadakat Kadri realized that many people in the West harbored ideas about Islamic law that were hazy or simply wrong *Heaven on Earth* describes his journey through ancient texts and across modern borders in

search of the facts behind the myths Kadri brings lucid analysis and enlivening wit to the turbulent story of Islam's foundation and expansion showing how the Prophet Muhammad's teachings evolved gradually into concepts of justice Traveling the Muslim world to see the shari'a's principles in action he encounters a cacophony of legal claims At the ancient Indian grave of his Sufi ancestor unruly jinns are exorcised in the name of the shari'a In Pakistan's madrasas stern scholars ridicule his talk of human rights and demand explanations for NATO drone attacks in Afghanistan In Iran he hears that God is forgiving enough to subsidize sex change operations but requires the execution of Muslims who change religion Yet the stories of compulsion and violence are only part of a picture that also emphasizes compassion and equity Many of Islam's first judges refused even to rule on cases for fear that a mistake would damn them and scholars from Delhi to Cairo maintain that governments have no business enforcing faith The shari'a continues to shape explosive political events and the daily lives of more than a billion Muslims Heaven on Earth is a brilliantly iconoclastic tour through one of humanity's great collective intellectual achievements and an essential guide to one of the most disputed but least understood controversies of modern times
