McKay,2020-07-24 This volume offers an account of some key activities of the Allied secret services and their German counterparts in Sweden during World War II It also describes in some detail Swedish wartime legislation and Swedish organizations concerned with internal security and intelligence **The Development of the Soviet Armed**

Forces, 1917-1966 Kenneth R. Whiting,1966 This document describes the development of the Soviet Armed Forces during the period 1917 through 1966 It includes the organization the size the quality and the weapons as they evolved during this time [Hitler's Northern War](#) Adam R. A. Claasen,2001 Adolf Hitler had high hopes for his conquest of Norway which held both great symbolic and great strategic value for the Fuhrer Despite early successes however his ambitious northern campaign foundered and ultimately failed Adam Claasen for the first time reveals the full story of this neglected episode and shows how it helped doom the Third Reich to defeat Hitler and Raeder the chief of the German navy were determined to take and keep Norway By doing so they hoped to preempt Allied attempts to outflank Germany protect sea lanes for German ships access precious Scandinavian minerals for war production and provide a launchpad for Luftwaffe and naval operations against Great Britain Beyond those strategic objectives Hitler also envisioned Norway as part of a pan Nordic stronghold a centerpiece of his new world order But as Claasen shows Hitler s grand expectations were never realized Gring s Luftwaffe was the vital spearhead in the invasion of Norway which marked a number of wartime firsts Among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers Although it got off to a promising start the German effort particularly against British and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the Luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the German war effort elsewhere and the northern theater s harsh climate and terrain Claasen s study covers every

aspect of this ill fated campaign from the 1940 invasion until war s end and shows how it was eventually relegated to a backwater status as Germany fought to survive in an increasingly unwinnable war His compelling account sharpens our picture of the German air force and widens our understanding of the Third Reich s way of war *Hermann Goering: From Madrid to Warsaw and Beyond, 1939* Blaine Taylor, 2023-09-17 1939 was a glorious year for Hermann Goering He spent it entertaining dignitaries visiting the Third Reich attending galas going on official visits giving rousing speeches at factories and military parades and indulging in his love of fine art rich cuisine and sumptuous clothes and jewels Ever vain pompous and ambitious in 1939 he attained the summit of his power and popularity when Hitler speaking to a packed Reich Chancellery on 1 September named him his successor Goering s rise was inseparable from that of his Luftwaffe As commander in chief he basked in the glory of the Condor Legion s victory in Spain in April 1939 and the Luftwaffe s decisive role in the Blitzkrieg of Poland in September From these encounters the Luftwaffe emerged as the world s most feared and respected air force but beyond the trappings of victory there were deep seated flaws Fearing their exposure against a more powerful enemy Goering did not want Germany to go to war with Great Britain and France Hermann Goering From Madrid to Warsaw and Beyond 1939 is a photographic chronicle of a momentous year in the life of the Luftwaffe s commander in chief showing him at his most happy and self confident and equally at his most anxious about what the future might bring

Barbarossa Derailed David Glantz, 2014-10-19 The supplemental companion to a two part study on Operation Barbarossa Hitler s plan to invade Soviet Russia during World War II Volume three the Documentary Companion to Barbarossa Derailed contains the documentary evidence for the two volumes of narrative In addition to key F hrer Directives issued by Adolf Hitler to provide direction to his forces during the Barbarossa Campaign as well as vital orders issued by German Army Group Center this book includes the daily operational summaries of the participating Soviet fronts armies and some divisions and many if not most of the orders and reports issued by the struggling Soviet armies Precise translations illustrate not only the capabilities and states of mind of key Soviet commanders as they dealt with crisis after crisis but also the characteristics such as aggressiveness passivity brutality and despair of their varied styles of command They also demonstrate how an army which lost the bulk of its experienced troops during the first several months of the campaign attempted to use its operational directives and tactical orders to educate its soldiers and officers in the basics of waging war in the midst of active and bloody operations Praise for Barbarossa Derailed A meticulous operational narrative covering a key Eastern Front campaign Glantz certainly succeeds in providing the best account of Smolensk to date Parameters The US Army War College Quarterly Both author and publisher are to be congratulated for producing such a detailed and comprehensive study of what could turn out to be one of the seminal battles of the Soviet German War Given the amount of Russian material in this volume and presumably in the volumes still be published taking all four volumes collectively this will hopefully mean a more objective and factually accurate description of the roles of both major combatants in the early opening

phase of the war on the Eastern Front and may well cause others to re examine the Battle and assess its overall importance to the eventual victory of the USSR Dr Steven J Main DefAc UK British Army Review With Barbarossa Derailed Glantz has provided the specialist on the Soviet German War with an excellent study of this early conflict that served as an incubator for Soviet victory Canadian Slavonic Papers A necessary and valuable addition to the English language literature on the Great Patriotic War It includes a wealth of documents never before available in English and it substantially revises earlier accounts of the Battle of Smolensk Journal of Military History
