Engines Of Discovery: A Century Of Particle Accelerators (Revised And Expanded Edition) Edmund Wilson, Andrew Sessler, 2014-04-17 The first edition of Engines of Discovery celebrated in words images and anecdotes the accelerators and their constructors that culminated in the discovery of the Higgs boson But even before the Higgs was discovered before the champagne corks popped and while the television producers brushed up their quantum mechanics a new wave of enthusiasm for accelerators to be applied for more practical purposes was gaining momentum Almost all fields of human endeavour will be enhanced by this trend energy conservation medical diagnostics and treatment national security as well as industrial processing Accelerators have been used most spectacularly to reveal the structure of the complex molecules that determine our metabolism and life For every accelerator chasing the Higgs there are now ten thousand serving other purposes It is high time to move from abstract mathematics and philosophy to the practical needs of humankind It is the aim of this revised and expanded edition to describe this revolution in a manner which will attract the young not only to apply their curiosity to the building blocks of matter but to help them contribute to the improvement of the quality of life itself on this planet As always the authors have tried to avoid lengthy mathematical description In describing a field which reaches out to almost all of today's cutting edge technology some detailed explanation cannot be avoided but this has been confined to sidebars References guide experts to move on to the journal Reviews of Accelerator Science and Technology and other publications for more information But first we would urge every young physicist teacher journalist and politician to read this book A Cause to Kill For Eric Jackson, 2004-09-01 A CAUSE TO KILL FOR a novel by Eric Jackson SYNOPSIS When the United States discovers oil deposits off the southern coast of Puerto Rico the U S President and Congress move to grant statehood to the island a U S possession since 1898 During a plebiscite to choose between statehood free association or independence leftist terrorists kidnap the First Lady of Puerto Rico to force Puerto Rico's governor to cancel the vote thus jeopardizing the national interests of the United States Powerful political interests brutally clash with common human instincts as Puerto Ricans decide their political future Alison Cruz is the current governor of Puerto Rico and the top leader of the pro statehood forces Rigonaldo Pastrana is the fugitive comandante of September Twenty third a separatist organization committed to stopping Cruz from bringing statehood to Puerto Rico In a campaign of terror September Twenty third attempts to assassinate Governor Cruz When the attempt fails they kidnap his wife First Lady Ana Mara Cruz and threaten to kill her if the governor doesn't cancel the plebiscite In the Puerto Rican Senate the terrorists have found a voice in Senator Orlando Tonos an outspoken advocate of independence who has called for a boycott of the plebiscite He has put himself at odds with

the moderate leadership of the Independence Party which is eagerly supporting the historic vote Tonos calls Rigonaldo a patriot and refuses to condemn the kidnapping of Ana Mara Cruz William Montana the Assistant Director in Charge of the FBI in Puerto Rico has a crisis on his hands he must arrest Rigonaldo Pastrana and rescue the First Lady of Puerto Rico Its not an easy task An insider is cooperating with the terrorists he fears Who can he or she be A bomb explodes on a crowded street in Old San Juan September Twenty third has set a deadline They are running out of time Rigonaldo will kill the First Lady if his demands are not met Montana has to act In a bold attempt to pressure Rigonaldo to release the First Lady Montana orchestrates a kidnapping of his own Barbara Tonos the prominent wife of Senator Tonos Meanwhile Karen Perez an audacious TV reporter interviews Rigonaldo in his hideout sees the First Lady and airs the encounter on prime time TV The footage of the battered First Lady shaken scared blindfolded and tied to a chair like an animal in captivity shatters the country And so ensues a battle of wills and conflicting ends A quixotic race against time As Puerto Ricans prepare to vote on their future Governor Cruz wonders in terror if he will see his wife alive again
