Wild Races Lalruatkima,2024-01-05 This book analyzes the narrative dynamics of social formations in British India using statistical and ethnographic records visual cultures and linguistic exercises to describe the British Empire's production of knowledge about so called strange new worlds Lalruatkima then labels these narrative dynamics as scripturalizing to account for the creation or writing of these worlds into existence This focus underscores empire as one of many such formations imagined against the backdrop of contested conversations about what it is and what it could be When reverse engineered empire throws into sharp relief its constituent narrative placeholders and the sequences of meaning making that connect them Power differentials between the imperial center and frontier determine the placeholders and how they fit into the larger narrative These discursive components in turn engender the politically charged attitudes and relations within the imperial domain Lalruatkima excavates the imperial archive for material that accounts for these narrative dynamics Hand Book of the Lushai Country ,1899 *Empire's Backyard* Kailash Baral,2025-10-03 This book transcends traditional historical analysis to explore the intricate tapestry of colonialism modernity and identity formation in Northeast India Moving beyond a simplistic view of the region as the British Empire's backyard it examines the transformative processes that turned Northeast India beyond Sylhet the empire's eastern outpost into a vibrant frontier While recognizing the importance of exploration and territorial expansion in establishing colonial dominance the narrative emphasizes the crucial roles of resistance and local agency in shaping the region's history The volume critically analyzes the influence of the Church as a powerful force within the civilizing mission alongside military interventions It dissects the complex relationship between colonialism and modernity revealing how the rhetoric of progress often concealed motives of resource extraction and cultural disruption Through a meticulous unraveling of structures systems and processes the work weaves a compelling narrative of Northeast India not as a passive recipient of colonial ideas its imposition of alien rules and values but as a region actively shaped by the interplay of power resistance and adaptation This book will be of interest to scholars researchers and students of history sociology colonial and postcolonial studies cultural studies and South Asian studies especially those concerned with Northeast India

Re-searching Transitions in Indian History Radhika Seshan,Shraddha Kumbhojkar,2018-06-27 The idea of transitions in Indian history emerged early when the term transition denoted shifts from one period to another The notion of transition itself has moved beyond being primarily economic to include dimensions of society culture and ideology This volume brings together scholarly works that re-examine and re-define the concept of transition by looking into a range of subjects including religion culture gender caste and community networks maritime and mercantile modes ideas of nationalism and historiographies across geographical and temporal settings With contributions by leading scholars from South Asia this book will be useful to scholars and researchers of ancient history modern Indian history sociology and social anthropology and

South Asian studies *Slavery and South Asian History* Indrani Chatterjee, Richard M. Eaton, 2006-10-12 Will be welcomed by students of comparative slavery It makes us reconsider the significance of slavery in the subcontinent Edward A Alpers UCLA Despite its pervasive presence in the South Asian past slavery is largely overlooked in the region's historiography in part because the forms of bondage in question did not always fit models based on plantation slavery in the Atlantic world This important volume will contribute to a rethinking of slavery in world history and even the category of slavery itself Most slaves in South Asia were not agricultural laborers but military or domestic workers and the latter were overwhelmingly women and children Individuals might become slaves at birth or through capture sale by relatives indenture or as a result of accusations of criminality or inappropriate sexual behavior For centuries trade in slaves linked South Asia with Africa the Middle East and Central Asia The contributors to this collection of original essays describe a wide range of sites and contexts covering more than a thousand years foregrounding the life stories of individual slaves wherever possible Contributors are Daud Ali Indrani Chatterjee Richard M Eaton Michael H Fisher Sumit Guha Peter Jackson Sunil Kumar Avril A Powell Ramya Sreenivasan Sylvia Vatuk and Timothy Walker

Northeast India Samrat Choudhury, 2023-07-13 As India and the world are roiled by questions of nationalism and identity this book journeys into the history of one of the world's newest and most fascinating regions Northeast India Having appeared with the stroke of a pen in 1947 as the British Raj was torn asunder and partitioned into India and Pakistan this is a region of hills inhabited by myriad tribes Until colonial rule they had lived in their ancient ways largely unmolested by their neighbours who were rather keen to avoid their traditions of head hunting Samrat Choudhury chronicles the processes by which these remote hill tribes and the diverse other peoples inhabiting the valley of the vast Brahmaputra River below became parts of the imagined nation that is India Through the invention of the Northeast he explores two other ideas of India that remain in daily competition Bharat the Hindu nationalist conception of the country and Hindustan the Persian origin name by which India is still known as far west as Turkey Taking a long view this absorbing political history chronicles the separate pathways by which imperialism Christianity and the British love of tea brought each of the contemporary region's constituent states kicking and screaming into modern India [The Mizo Discovery of the British Raj](#) Kyle Jackson, 2023-11-02 A history of Mizoram in Northeast India from the Indigenous perspectives of encounters with the British Empire from the 1890s to the 1920s

Christianity and Empire in South Manipur Hills Ngaihte|Reuben Paulianding Samuel G. Ngaihte (Paulianding), Reuben Paulianding, 2022 This book contextually examines the advent of Christianity in South Manipur Hills North East India within the larger framework of British colonial intrusions upon the Zo world It explores the internal rationale that informs the reception appropriation and institutionalisation of the Christian narrative through a hermeneutical reading of the Senvon encounter between the missionaries and the Zo communities as a site of dialogic meeting and negotiation The authors postulate the importance of the agency of host communities as a site of contextual enquiry which has methodological and substantive insights both for the theological

discourse on contextualisation and the self understanding of the Zo peoples Publisher **Making of Mizoram** Suhas Chatterjee,1994 Despite seclusion the Mizo Union leaders of Mizoram erstwhile Lushai Hills had a penchant for the mainstream politics But the appeal of Nehru s liberalism and constitutionalism suffered a set back because of manipulative Assam politics Laldenga formed the Mizo National Front to establish Sovereign Mizoram He was brainwashed by the colonialist forces But his revolt plunged Mizoram into a horrible insurgency causing unprecedented bloodbath in North East India China and Pakistan fished in the troubled waters The changed international situation However compelled the MNF supremo to realize his mistake He sought refuge in the constitutionalism Rajiv Gandhi gave that opportunity when MNF abjured violence Laldenga became the legitimate chief minister He was dismissed being betrayed by his own party men
