The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was

temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites

The Taos Sows Francis DiPietro, 2004 In symbolic parallel of politics and current events characters and circumstances within The Taos Sows center on stark juxtaposition Numerous warring factions misuse the transient loyalty of their followers in order to inflict their ideology on all others True government is irrelevant and subordinate to the act and thrill of governing Virtually every character is associated with one cult or questionable organization or another usually working against one another This is a system upon which shaky foundations are laid and rebellion is forced to adopt strange measures and evolve in unexpected ways The corners of this somewhat futuristic society are populated by slightly evolved some would say mutated beings known as autvers Menlo Olsan is one of their leaders in charge of uncovering creating relics of a pre history in which autvers and humans lived peacefully together The AEL or Autver Elimination League is obsessed with autver extermination However after losing their great and charismatic leader Emilio Dirken the AEL is largely ineffectual Emilio directs his split faction to concentrate on eliminating the dreaded lesbian duo of Yumipepper and Cattamanchia scourges of traditional society Some are beginning to see that his obsession has driven him mad while others embrace his madness
