

Magic Animals Of Japan

Leslie W. Crawford

Magic Animals Of Japan:

Magic Animals of Japan Davis Pratt,1967-09-01 Japan and American Children's Books Sybille Jagusch,2021-06-18 For generations children's books provided American readers with their first impressions of Japan. Seemingly authoritative and full of fascinating details about daily life in a distant land, these publications often presented a mixture of facts, stereotypes, and complete fabrications. This volume takes readers on a journey through nearly 200 years of American children's books depicting Japanese culture, starting with the illustrated journal of a boy who accompanied Commodore Matthew Perry on his historic voyage in the 1850s. Along the way, it traces the important role that representations of Japan played in the evolution of children's literature, including the early works of Edward Stratemeyer, who went on to create such iconic characters as Nancy Drew. It also considers how American children's books about Japan have gradually become more realistic, with more Japanese American authors entering the field and with texts grappling with such serious subjects as internment camps and the bombing of Hiroshima and Nagasaki. Drawing from the Library of Congress's massive collection, Sybille A. Jagusch presents long passages from many different types of Japanese-themed children's books and periodicals, including travelogues, histories, rare picture books, folktale collections, and boys' adventure stories, to give readers a fascinating look at these striking texts. Published by Rutgers University Press in association with the Library of Congress.

□,1986 *Women Religious Leaders in Japan's Christian Century, 1549-1650* Haruko Nawata Ward,2016-12-05 Meticulously researched and drawing on original source materials written in eight different languages, this study fills a lacuna in the historiography of Christianity in Japan, which up to now has paid little or no attention to the experience of women. Focusing on the century between the introduction of Christianity in Japan by Portuguese Jesuit missionaries in 1549 and the Japanese government's commitment to the eradication of Christianity in the mid-seventeenth century, this book outlines how women provided crucial leadership in the spread, nurture, and maintenance of the faith through various apostolic ministries. The author's research on the religious backgrounds of women from different schools of late medieval Japanese Shinto Buddhism sheds light on individual women's choices to embrace or reject the Reformed Catholicism of the Jesuits and explores the continuity and discontinuity of their religious expressions. The book is divided into four sections devoted to an in-depth study of different types of apostolates: nuns, women who took up monastic vocations, witches, the women leaders of the Shinto Buddhist tradition who resisted Jesuit teachings, catechists, women who engaged in ministries of persuasion and conversion, and sisters, women devoted to missions of mercy. Analyzing primary sources, including Jesuit histories, letters, and reports, especially Luis Fróis's *História do Japão*, hagiography, and family chronicles, each section provides a broad understanding of how these women, in the context of misogynistic society and theology, utilized resources from their traditional religions to new Christian adaptations and specific religious-social issues, creating unique hybrids of Catholicism and Buddhism. The inclusion of Portuguese, Spanish, Italian, and Japanese texts, many available for the first time in English, and the dramatic conclusion that

women were largely responsible for the trajectory of Christianity in early modern Japan makes this book an essential reading for scholars of women's history, religious history, history of Christianity and Asian history. Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1971. **The Japanese Collection** Slippery Rock State College. Library, 1975.

Koro Arabinda Narayan Chowdhury, 2022-01-01 This book provides a definitive account of koro, a topic of long standing interest in the field of cultural psychiatry in which the patient displays a fear of the genitals shrinking and retracting. Written by Professor A N Chowdhury, a leading expert in the field, it provides a comprehensive overview of the cultural, historical and clinical significance of the condition that includes both cutting edge critique and an analysis of research and accounts from the previous 120 years published literature. The book begins by outlining the definition, etymology of the term and clinical features of koro as a culture bound syndrome and contextualizes the concept with reference to its historical origins and local experience in Southeast Asia and its subsequent widespread occurrence in South Asia. It also critically examines the concept of culture bound disorder and the development of the terminology such as cultural concepts of distress which is the term that is currently used in the DSM 5. Subsequent chapters elaborate the cultural context of koro in Chinese and South Asian cultures including cultural symbolic analysis of associations with animals, fox and turtle and phallic imagery based on troubling self-perceived aspects of body image that is central to the concept. The second section of the book offers a comprehensive global literature review before addressing the current status and relevance of koro, clinically relevant questions of risk assessment and forensic issues and research methodology. This landmark work will provide a unique resource for clinicians and researchers working in cultural psychiatry, cultural psychology, anthropology, medical sociology, social work and psychosexual medicine. *The Book of Dog Magic* Sophia, Denny Sargent, 2016-06-08.

Enter the realm of dog magic where you'll develop incredible relationships with your canine friends that allow you to know what your dogs are thinking, see through their eyes, heal physically and emotionally through your spiritual bond with them and more.
