Leggio, Timothy C. Guetterman, 2023-01-01 Leaders in healthcare today face many challenges ranging from managing interprofessional teams and teamwork to payment reform to tackling issues such as homelessness and the opioid crisis. Leaders have access to depth of information and resources to help them solve these complex and real world problems. However, it is our belief that given the complexities of healthcare, there is value in sharing and learning from those who have first-hand experience with interprofessional leadership in healthcare. *Challenges and Opportunities in Healthcare Leadership: Voices from the Crowd in Today's Complex and Interprofessional Healthcare Environment* is a volume in a book series titled *Contemporary Perspectives in Business Leadership*. In this book, authors share their true authentic reflections and professional stories describing the lived experiences of the author-leaders and how the experience changed the author-leaders' approach as an interprofessional leader. Each chapter includes a 1-story about the topic and the lived experience, 2 perspectives, and 3 lessons of the author's. Additionally, scholarly commentary and discussion questions included within each chapter create opportunity for application to leadership theories and strategies as well as allow for reflection and further dialogue on the topic. The intended audience is broad, including faculty and students in institutions of higher education, interprofessional healthcare team leaders and members, and other healthcare stakeholders who have experience in interprofessional healthcare leadership. The book is applicable for leadership growth and development at a personal, group, or organizational level.

The Making of Martyrs in India, Pakistan & Bangladesh Faisal Khosa, 2021-05-18 Making of Martyrs unravels an epic saga of populist politics in the postcolonial Indian subcontinent. Indira Gandhi, Zulfikar Ali Bhutto, and Sheikh Mujibur Rahman were towering figures and have been simultaneously loved and hated in equal measure. During their heyday, each of these leaders garnered extraordinary power and charisma. Their followers, admirers, and loyal supporters continue to idolise and romanticise them, yet in the eyes of their critics, they were ruthless, power-hungry tyrants and partisan villains. These dichotomies remain irreconcilable since their followers venerate them as a model for the future, and their critics relegate them to a haunted past. Drawing on years of research, Faisal Khosa explores the turbulent lives and times of these three leaders and gives us a vivid account of their politics and personalities.
