The strength of the present volume lies in the breadth of scholarly approaches represented. The book begins with several papyrological studies presenting important new texts in Greek and Coptic, continuing with essays focusing on taxonomy and definition. The concluding essays apply contemporary theories to analyses of specific test cases in a broad variety of ancient Mediterranean cultures.

Oppo - The Mystical Mirror Antony West, 2018-01-12. Loretta Wallis is a girl with an outrageous imagination that hijacks her mind at any moment. Can anything match it? After her family move to London, they start seeing Aunt Doris, whose late husband Walter had been an inventor extraordinaire. Aunt Doris thereby keeps a secret which is perhaps too extreme to tell. When the secret is eventually revealed to Loretta and her brother Mark, Aunt Doris is unable to guess what will happen next. So it is that events spiral out of control as the dangers which result from our everyday lives become an ever-increasing threat.

Witchcraft, Demonology and Magic Marina Montesano, 2020-05-20. Witchcraft and magic are topics of enduring interest for many reasons. The main one lies in their extraordinary interdisciplinarity: anthropologists, folklorists, historians, and more have contributed to build a body of work of extreme variety and consistence. Of course, this also means that the subjects themselves are not easy to assess. In a very general way, we can define witchcraft as a supernatural means to cause harm, death, or misfortune, while magic also belongs to the field of supernatural or at least esoteric knowledge but can be used to less dangerous effects, e.g. divination and astrology. In Western civilization, however, the witch hunt has set a very peculiar perspective in which diabolical witchcraft, the invention of the Sabbat, the persecution of many thousands of mostly female and sometimes male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft. This Special Issue of *Religions* dedicated to Witchcraft, Demonology, and Magic features nine articles that deal with four different regions of Europe: England, Germany, Hungary, and Italy, between Late Medieval and Modern times, in different contexts and social milieus. Far from pretending to offer a complete picture, they focus on some topics that are central to the research in those fields and fit well in the current cumulative concept of Western witchcraft that rules out all mono-causality theories, investigating a plurality of causes.

Red Magic, Black Magic: The Two Faces of Power Alina Rubi, 2025-06-25. This book brings together rituals, incantations, and secrets of two of the most powerful and controversial forms of magical art: black magic and red magic. It is not a work for those who seek light without shadow, but for those who wish to understand and channel the deepest energies of desire, domination, transformation, and revenge. Here you will find ancient practices and modern formulas for energetic control, intense attraction, separation of bonds, personal protection, awakening of passion and power over oneself and others. Each chapter opens a door to occult knowledge that has been feared, persecuted, and misunderstood for centuries. An intense, unadorned, and unvarnished guide for those who dare to explore both

sides of power the fire it ignites and the shadow it claims
