and Madonna to the politics of George Clinton's uses and abuses of language to the referencing of Elvis Costello in two recent novels and the use of 1970s rock in several recent film soundtracks these essays are as varied as the artists they consider Informal and theoretically informed Reading Rock and Roll is an important investigation of the music that more than any other has defined our century **The Software Encyclopedia 2000** Bowker Editorial Staff,2000-05 **The**
