Magic Cup:

The Magic Cup Howard Behar, 2016-03-29 We all love the fairy tales we grew up on creating a world in which good always wins over evil where those whose hearts are true and who do the right thing come out on top But grown up competition for success is rough even cutthroat and we've often heard that nice guys finish last Not according to Howard Behar whose career as one of the three leaders who built the Starbucks organization most definitely proves that nice guys finish first In THE MAGIC CUP Behar spins an engaging corporate tale to teach us exactly how we can do the same thing The story revolves around Vince Steadfast the newly named CEO of imaginary manufacturer Verity Glassworks which has fallen on difficult times Vince is hired to help the once iconic company return to its glory days and he brings with him a parting gift from his mentor and former boss a stunning crystal coffee cup from Verity's halcyon days The cup turns out to be magic truly and helps him come to understand and reinvigorate the values that Verity has misplaced along the way As Vince and his new team make their way to and through many challenges including the aptly named Worthy Way Perilous Passage and Arduous Stair the cup fills with a gold elixir and the universal truths that they learn to embrace such as Responsibility Forgiveness and Courage magically become engraved in the glass In the tradition of great parable writers throughout history Behar quickly involves us in an engrossing fantasy continually challenging us to compare each situation with our own real life experiences The story of THE MAGIC CUP helps each of us discover that only by acting on sound moral principles can we fill our own cups with the personal and professional success and satisfaction we seek **The Magic Cup** Andrew M.

Spellbound Daniel Z. Lieberman, MD, 2022-08-23 Psychiatrist Daniel Z Lieberman MD reveals how to join forces with your unconscious to make better decisions find more meaning in everyday life and develop a richer more balanced way of living The conscious mind the part of your mental life you experience directly is responsible for only a tiny sliver of what science says is going on inside your brain Most of what you experience your moods and the things you like or dislike most of who you are comes from a much more mysterious part of your mind the unconscious And to really understand the influences of the unconscious says psychiatrist Daniel Z Lieberman coauthor of The Molecule of More we need to look to something often considered science s alter ego magic Drawing on the work of Swiss psychiatrist Carl Jung and with deep dives into what we can learn from ancient mystical traditions from alchemy to numerology to meditation Spellbound weaves together ancient magical traditions psychological research and the latest neuroscientific discoveries in order to bridge the gap between the conscious and unconscious mind Like it or not your unconscious is currently the source of most of your choices It s the source of your passions your energy and your gut instinct It can help you solve seemingly impossible problems with the gift of inspiration But it s not always working in your favor The unconscious is wild and untamed often leading us down self destructive paths that leave us baffled by our own decisions Spellbound helps you take a new path one where you learn how to recognize the influences of the unconscious and make it an ally in helping you become the person you were meant to be The human mind is perhaps the most mysterious thing in the universe Science is only beginning to uncover its secrets and some believe that we may never fully plumb its depths But the ancient traditions of magic traditions of understanding that

have been built up over centuries give us another window into the hidden facets of our humanity After all as the visionary Arthur C Clarke once said Any sufficiently advanced technology is indistinguishable from magic **The Ladies'**
