*The Keeper of Magical Things* Julie Leong, 2025-10-14 An almost mage discovers friendship and maybe something more in the unlikelyst of places in this delightfully charming novel from the USA Today bestselling author of *The Teller of Small Fortunes* Certainty Bulrush wants to be useful to the Guild of Mages that took her in as a novice to the little brother who depends on her and to anyone else she can help Unfortunately her tepid magic hasn't proven much use to anyone When Certainty has the chance to earn her magehood via a seemingly straightforward assignment she takes it Nevermind that she'll have to work with Mage Aurelia the brilliant unfairly attractive overachiever who's managed to alienate everyone around her The two must transport minorly magical artifacts somewhere safe Shpelling the dullest least magical village around There they must fix up an old warehouse separate the gossipy teapots from the kind of flaming swords corral an unruly little catdragon who has tagged along and above all avoid complications The Guild's uneasy relationship with citizens is at a tipping point and the last thing needed is a magical incident Still as mage and novice come to know Shpelling's residents and each other they realize the Guild's hoarded magic might do more good being shared Friendships blossom while Certainty and Aurelia work to make Shpelling the haven it could be But magic is fickle add attraction and it might spell trouble **Staging**

**Fairyland** Jennifer Schacker, 2018-12-17 Examines pantomime and theatricality in nineteenth century histories of folklore and the fairy tale In nineteenth century Britain the spectacular and highly profitable theatrical form known as pantomime was part of a shared cultural repertoire and a significant medium for the transmission of stories Rowdy comedic and slightly risqu pantomime productions were situated in dynamic relationship with various forms of print and material culture Popular fairy tale theater also informed the production and reception of folklore research in ways that are often overlooked In *Staging Fairyland Folklore Children's Entertainment and Nineteenth Century Pantomime* Jennifer Schacker reclaims the place of theatrical performance in this history developing a model for the intermedial and cross disciplinary study of narrative cultures The case studies that punctuate each chapter move between the realms of print and performance scholarship and popular culture Schacker examines pantomime productions of such well known tales as Cinderella Little Red Riding Hood and Jack and the Beanstalk as well as others whose popularity has waned such as Daniel O'Rourke and The Yellow Dwarf These productions resonate with traditions of impersonation cross dressing literary imposture masquerade and the social practice of fancy dress Schacker also traces the complex histories of Mother Goose and Mother Bunch who were often cast as the embodiments of both tale telling and stage magic and who move through various genres of narrative and forms of print culture These examinations push at the limits of prevailing approaches to the fairy tale across media They also demonstrate the degree to which perspectives on the fairy tale as children's entertainment often obscure the complex histories and ideological underpinnings of specific tales Mapping the histories of tales requires a fundamental reconfiguration of our thinking about early folklore study and about fairy tales their bearing on questions of genre and

ideology but also their signifying possibilities past present and future Readers interested in folklore fairy tale studies children s literature and performance studies will embrace this informative monograph      **The Adrenaline Junkie's Bucket List**

works in this period and the occasionally contradictory ways in which racial Others was represented through text and music a particular focus is the depiction of Oriental women and ideas of sexuality Through examination of this collection of libretti the ways in which the writers of these works filter and romanticize the changing intellectual ideas of this era are explored Part II Works of Fiction is a close study of the works of Sir Henry Rider Haggard using other examples of popular fiction by his contemporary writers as contextualizing material with the primary concern being to investigate how music is utilized in popular fiction to represent Other non Europeans and in the creation of orientalized gender constructions Part III Visual Culture is an analysis of images of music and the Orient in examples of British high art illustration and photography investigating how the musical Other was visualized
