**Encounters with the nagual** Armando Torres, 2004-11-26 Every human being is by right a warrior who has achieved his place in the world in a battle of life and death Look at it this way at least once as sperm we all fight the bullfight for life a unique contest against millions of other competitors and we win Now the battle continues A warrior knows that there is no guarantee of triumph over death Even so he fights his battle not because he believes he will win but because of the emotion of the war itself For him to give his war is already a victory And while he fights he rejoices because for those who have already died every second of life is a gift I love my children because they are deposits of my energy my wife because she washes my clothes she cooks and I catch her my dog because he takes care of the house my country because I was born here my god because he s going to save me The sorcerers have discovered the most refined form

of love because they love themselves They have put the power of passion at the service of being and it gives them the impetus to undertake the only quest that counts that of oneself
