

THE MAGICIAN'S SON

A Warhammer Fantasy story
by Barrington J. Bayley

here have been goblins hereabouts," Muenchbek said. "I can smell them, by Mann." "

"Smell them?" Vukotich, his younger companion, shifted uneasily and looked about him. "How do you smell them? What do they smell like?"

"Oh, you wouldn't be able to do it," Muenchbek was peering through the trees, bulky in his thick leather jerkin and brass-studded morion. "Hissum."

The trail was slight and the forest dense. Earlier in the day there had been bright sunlight, but now a mist had descended and the gloom and darkness of endless wilderness lay all about. "I didn't think to find them this far south," the Marienburger said gruffly. "Oh well, we'd better keep moving."

Vukotich didn't like the situation and hung back. Muenchbek, when he did not hear the tread of his hanks behind him, stopped again and looked back, battle-axe resting on his shoulder. His white teeth showed through his beard in a mirthless grin. "What's the matter? Are you afraid now?" He raised his arm and pointed back along the trail. "Back to Middenheim then. Beg in the gutter. Better still, try your luck in Bretonnia or some place like that. Wade in farm muck minding pigs and chickens — perhaps that's what you're used to." And he turned his back and went lumbering on.

After a few moments Vukotich followed. Muenchbek's taunt had made him angry — he'd never told Muenchbek much about his early life, other than that he'd spent some of it in Kislev. But it was not advisable to walk alone in a goblin-haunted forest.

Vukotich had been wandering the streets of Middenheim looking for work as a hired sword when he'd had the good luck — though as dusk began to press, he was not sure it had been good luck at all — to meet up with the mercenary Muenchbek, himself having just arrived in Middenheim after taking part in some kind of trouble somewhere, and also looking for work. But pickings in Middenheim were thin. On hearing of a campaign against the east being prepared in Kislev, Muenchbek had decided to try his luck there, and it struck him that Vukotich, with his acquaintance of the region, would make a useful companion-at-arms. Vukotich hadn't much liked the idea of journeying back to Kislev, which he'd been only too keen to leave behind him, but Muenchbek had persuaded him.

Actually they were eating better now than they had in Middenheim. The forest had plenty of game and both men were expert trappers and hunters. But though his belly was full of venison, Vukotich felt an empty sensation in his stomach as he paced after his companion, taking the precaution as he did so of fastening his bowstring.

The trail swerved north and passed by a tumble of stone

and rock. Muenchbek paused. He raised his head, and sniffed. "They're here," he hissed. "If I can smell them, they can smell us!"

And at that moment something came scrambling over the rocks that roared over their heads to their left. They were green as moss, green as green leaves, as if they had grown like a vegetable cancer in the forest, squat and burly, lower jaws fanged, toad-like skin rippling with muscles. For weapons they carried small swords and cudgels studded with spikes, blades and slivers, which Vukotich saw come tumbling down on him.

There were three of them. Vukotich dropped his bow and snatched his sword from its scabbard. Muenchbek's great battle-axe was already swinging, biting into the shoulder of the first goblin, which grunted and gobbled with pain, ichor-blood gushing to the ground. The creature rolled aside, leaving Muenchbek to its two companions and making for Vukotich, swinging its fearsome cudgel into its left hand.

For an instant Vukotich froze. He knew now what Muenchbek meant by the smell of goblin. Its blood, its sweat, had an overpowering tang, like crushed ants, like pickled melon gone bad, like an apothecary's acid that tickled the nostrils and made one hold one's breath. He sidestepped to avoid the cudgel's spikes and jabbed at the creature's left arm, hoping to incapacitate it, but produced no more than a rivulet of dark blood from the timber-hard bicep. He heard a throaty rumble, saw the great mouth gape, and then a forest of spikes was hurtling for his face.

Instinctively he brought up his sword, and at the same time ducked. The bludgeon flew past, one iron spike coming within a hair's breadth of gouging out his eye — and after it came the goblin, the heavy clammy body striking him and carrying him to the ground.

It took him a moment to realize that the goblin was motionless. That it was, in fact dead, the blood from its wounded shoulder dripping over his jerkin. He struggled to free himself and stood up. A very long, light green arrow protruded from the goblin's back.

Where it came from he had no time to think, for he saw that Muenchbek was hard pressed. Keeping his two attackers at bay with wide sweeps of his axe, the Marienburger had his short broadsword in his left hand, moving like a dancer to prevent them from bracketing him. But the goblins knew something of footwork too. Suddenly one was behind him, weapon raised for the death blow. Vukotich snatched up the fallen goblin's bludgeon, and brought it down with all his might on the flat, green head.

The spikes went into the goblin's skull with a crunch of bone, all the way to the timber. The club was wrenched from Vukotich's grasp as, still standing, its own weapon still raised, the creature turned to look at him. The expression on its face was one of surprise, almost puzzlement; the bludgeon balanced on its head like a hat.

Then the tip of Muenchbek's broadsword appeared briefly from its burly chest, like the flicker of a snake's tongue, and the goblin toppled like a fallen tree.

The Architect as Magician Albert C. Smith, Kendra Schank Smith, 2020-05-07 The Architect as Magician explores the connection between magic and architecture There is a belief that a greater understanding of the meaning of magic provides insights about architecture and architects design processes Architects influence the effects of nature through the making of their buildings In an analogous condition magicians perform rituals in an attempt to influence the forces of nature This book argues that architects could gain much by incorporating ideas from magic into their design process The

book demonstrates through historical and current examples the important influence magic has had on the practice of architecture. The authors explain how magic helps us to understand the way we infuse architecture with meaning and how magic affects and inspires architectural creation. Aimed at architects, students, scholars, and researchers, *The Architect as Magician* helps readers discover the ambiguous and spiritual elements in their design process. **The Literary Filmography** Leonard Mustazza, 2006-05-17 From the very infancy of the film industry, filmmakers have relied heavily upon literature as the foundation for their movie material. Well-known literary works such as Dickens's *A Christmas Carol* and Hawthorne's *The Scarlet Letter* were adapted to film in the silent era, as were such books as Thomas Dixon's Jr.'s *The Klansman*, the basis for the film *Birth of a Nation*. In recent years, Nick Hornsby's *About a Boy* and each of Helen Fielding's *Bridget Jones's Diary* novels were the basis for popular movies bearing the same names. A guide to English language works that have been adapted as theatrical and television films, this volume includes books, both fiction and non-fiction, short stories, newspaper and magazine articles, and poems. Entries are arranged alphabetically by literary title, with cross-listings for films made under different titles. Each entry includes the original work's title, author, year of first publication, literary prizes, and a brief plot summary. Information on film adaptation, such as the work including adaptation titles, director, screenwriter, principal cast, and the names of the characters they portray, major awards, and availability in the most common formats (DVD, VHS) is also offered. **Tribals, Empire and God** Zhodi Angami, 2017-04-06 Tribal biblical interpretation is a developing area of study that is concerned with reading the Bible through the eyes of tribal people. While many studies of reading the Bible from the reader's social, cultural, and historical location have been made in various parts of the world, no thorough study that offers a coherent and substantive methodology for tribal biblical interpretation has been made. This book is the first comprehensive work that offers a description of tribal biblical interpretation and shows its application by making a lucid reading of Matthew's infancy narrative from a tribal reader's perspective. Using reader response criticism as his primary method, Zhodi Angami brings his tribal context of North East India into conversation with Matthew's account of the birth of Jesus. Since tribal people of North East India see themselves as living under colonial rule, a tribal reader sees Matthew's text as a narrative that actively resists and subverts imperial rule. Likewise, the tribal experience of living at the margins inspires a tribal reader to look at the narrative from the underside, from the perspective of those who are sidelined, ignored, belittled, or forgotten. Tribal biblical interpretation presented here follows a process of conversation between tribal worldview and Matthew's narrative. Such a method animates the text for the tribal reader and makes the biblical narrative not only more intelligible to the tribal reader but allows the text to speak directly to the tribal context. **Encyclopedia of Identity** Ronald L. over time Offering a broad comprehensive overview of the definitions politics manifestations concepts and ideas related to identity the entries include short biographies of major thinkers and leaders as well as discussions of events personalities and concepts The Encyclopedia of Identity is designed for readers to grasp the nature and breadth of identity as a psychological social anthropological and popular idea Key Themes ArtClass Developing Identities Gender Sex and Sexuality Identities in Conflict Language and Discourse Living Ethically Media and Popular Culture Nationality Protecting Identity Race Culture and Ethnicity Relating Across Cultures Religion Representations of Identity Theories of Identity *Science Fiction and Fantasy Book Review* Neil Barron, R. librarians in collection development and bibliotherapy services *In the Shadow of the Magic Mountain* Andrea Weiss, 2024-05-31 A biography of Thomas Mann's two eldest children that provides intriguing insight into both their lives and the political and cultural shifts at the same time. Thomas Mann's two eldest children, Erika and Klaus, were unconventional, rebellious, and fiercely devoted to each other. Empowered by their close bond, they espoused vehemently anti-Nazi views in a Europe swept up in fascism and were openly even defiantly gay in an age of secrecy and repression. Although their father's fame has unfairly overshadowed their legacy, Erika and Klaus were serious authors, performance artists before the medium existed, and political visionaries whose searing essays and lectures are still relevant today. And as Andrea Weiss reveals in this dual biography, their story offers a fascinating view of the literary and intellectual life, political turmoil, and shifting sexual mores of their times. *In the Shadow of the Magic Mountain* begins with an account of the make-believe world the Manns created together as children, an early sign of their talents as well as the intensity of their relationship. Weiss documents the lifelong artistic collaboration that followed, showing how, as the Nazis took power, Erika and Klaus infused their work with a shared sense of political commitment. Their views earned them exile, and after escaping Germany, they eventually moved to the United States, where both served as members of the U.S. armed forces. Abroad, they enjoyed a wide circle of famous friends, including André Gide, Christopher Isherwood, Jean Cocteau, and W. H. Auden, whom Erika married in 1935. But the demands of life in exile, Klaus's heroin addiction, and Erika's new allegiance to their father strained their mutual devotion, and in 1949, Klaus committed suicide. Beautiful, never-before-seen photographs illustrate Weiss's riveting tale of two brave nonconformists whose dramatic lives open up new perspectives on the history of the twentieth century.
