Necromancer's Gambit A. J. Dalton,2008 A soldier is raised from the dead by a desperate magician who needs his help The soldier cannot remember who he was when alive so sets out to discover his former life those who killed him and what he can do about the fact he s dead Hunted by demons and frustrated by gods what hope is there for just one man Necromancer s Gambit is the first novel in A J Dalton s best selling Flesh Bone Trilogy A J Dalton is the UK s leading author of gothic fantasy The Walsingham Gambit R. Kent Tiernan,2022-11-08 The Walsingham Gambit provides the reader with a new and unique insight into the hidden history associated with the regicide of Mary Queen of Scots This hidden history is revealed in great detail by R Kent Tiernan who describes how the English deception planners led by Sir Francis Walsingham designed engineered and executed a complex seven year operation to expand Queen Elizabeth I s power by ending Mary s life Tiernan presents a counterintelligence analytical approach utilizing conspiracies and deception between two religious mortal enemies Historians have explained what happened during this tumultuous period but this book tells how it happened Whether interested in history or deception the reader will be well rewarded with an enhanced understanding of both This book is a timeless must read for anyone interested in how Mary Stuart was entrapped by Walsingham s gambit **Shadows** Edmar Camara,2025-06-07 How wonderful that you have the book Shadows in your hands I see that you are preparing for a journey and as someone who has traveled similar literary paths I would like to offer you a map a kind of guide to the territory you are about to explore The Context What Is This Book First understand what Shadows is not It is not a history book nor is it a religious text in the traditional sense although its source is one of the oldest and most well known in the world the Book of Genesis the first book of the Bible The author himself presents as a philosopher poet and that is the key to everything Think of the Genesis you might know from stories told the creation of the world Adam and Eve Cain and Abel Noah s Ark Abraham Jacob Joseph These are grand narratives almost like headlines of an epic story Now imagine that the author edii Camara took these headlines and decided to write the secret diaries confessions and psychological analyses of each character involved He is not content to say what happened He delves deep to explore why it happened but from the perspective of the human soul The focus here is on the shadows a word you will see repeated Eve s doubt Cain s envy Jacob s ambition the guilt of Joseph s brothers This book gives voice to the whispers fears and passions that in the original text often remain only implied It is an intense and very human reimagining of these foundational myths The Path Where the Plot Goes The book follows the

chronology of Genesis but each stop is a deep and dramatic exploration Your journey will be more or less like this The Beginning of the World and of Pain The journey begins with Creation not as an act of pure magic but as a struggle between order and a primordial chaos that never completely disappears You will pass through the Garden of Eden but you will feel the tension in the air the weight of choice and the acute pain of the Fall and exile Blood and Water Next the narrative delves into the first family and their first crime You will feel Cain s resentment the weight of his curse Then the world becomes so corrupt that a cleansing becomes necessary The story of Noah and the Flood is told not as an adventure but as a tragedy of cosmic proportions a terrible event that leaves deep scars The Age of the Patriarchs The Heart of Shadows Here the book finds its main rhythm It is the story of God s promises and the human failures that almost destroy them Abraham You will follow the journey of a man called to be the father of nations but who is constantly haunted by doubt fear and his wife s barrenness The story of Sodom and the terrible test of his son Isaac s sacrifice are presented as brutal psychological tests Jacob Prepare for a complex character Jacob is the trickster the usurper the one who deceives his brother and father His life is a long and tortuous escape from himself and his past marked by more deceptions this time he is the victim struggles including a physical and spiritual struggle with a mysterious being and losses Joseph The family saga reaches its climax with Joseph The favorite son the dreamer betrayed by his brothers and sold into slavery You will see his journey from a dark pit in the desert to the corridors of power in Egypt But the main focus is the web of secrets guilt and finally the possibility of forgiveness that unfolds when he reunites with his brothers The Common Thread The title Shadows is the thread that stitches all these stories together It is a pact a promise between the divine and the human But in this book this Shadow is not an easy and illuminated path It is a heavy burden a chain that links generations tested at every moment by envy greed fear and the fragility of the human heart A final piece of advice Read slowly Pay attention not only to the events but to the feelings This book wants you to ask yourself What if it were me What would I feel What would I do It is a dense journey at times extremely difficult but incredibly rich Happy reading and a good journey into the heart of Genesis Magic, Magicians and Detective Fiction
