Gnosticism In writing Aleister Crowley he enjoyed complete access to all Crowley's restricted papers unpublished letters and personal diaries kept in a trust at London's Warburg Institute and in the Ordo Templi Orientis archives Ninety percent of the authentic material here has never before been published **Musings of a Thelemite** Frater Da'Neos, 2003-03-22 Although there are a few books on Thelema in print they are mostly by Crowley himself Some have said it is time for a contemporary to write on Thelema To those Da Neos has answered For him the story did not end in 1947 and he represents the forefront of the new Thelemic movement Da Neos is that first brave soul who dares write where others keep silent He is anything but timid or apologetic Although he looks at Thelema in light of the 21st century he stays true to the original ideas of Crowley Da Neos writes about how he came to write this book in spiritual terms He describes how he came to dedicate himself to a spiritual life and the various systems of belief that he examined and lived through before coming to Thelema It is a story of becoming including the ramifications for holding certain ideas He is the first Thelemic author to fully write about the Three Aeons a subject that has been left in pitiful shape for many years Da Neos examines the current of spiritual development that has advanced through history and how this spiritual current has been materialized through exoteric belief systems Da Neos describes what conversation with the Holy Guardian Angel is truly like Even Crowley himself only hints at it He describes in a gripping narrative of how he came to find his True Self and the results of that finding This is only a small sampling of the many areas Da Neos covers He goes on to write in detail on Thelemic ritual the entire development of the Kabbala examinations of the true force behind Christianity and much more **The Demons of Tiamat, the New Gods and the Exploration of the Nightside** Ardashir Frequency 435, 2012-09-12 **The Occult Nineteenth Century** Lukas Pokorny, Franz Winter, 2021-01-09 The nineteenth century witnessed a proliferation of alternative religious currents and practices appropriating earlier traditions entangling geographically distinct spiritual discourses and crafting a repository of mindscapes eminently suitable to be accommodated by later generations of thinkers and practitioners Penned by specialists in the field this volume examines important themes and figures pertaining to this occult amalgam and its resonance into the twentieth century and beyond Global guises of the occult ranging from the Americas and Europe to India are variously addressed with special attention to the crucial role of mesmerism and the origins of modern yoga *The Abecedrian System* Rev. deconstructionists An alternative explanation was advanced by diffusionists that there were transfers between different traditions This book presents empirical case studies of such constructions and of transfers between Judaism Christianity and Islam in the premodern period and Judaism Christianity and Western esotericism in the modern period It shows that there were indeed transfers that can be clearly documented and that there were also indeed constructions often very imaginative It also shows that there were many cases that were neither transfers nor constructions but a mixture of the two
