Feather, 1894 **Mehera-Meher: A Divine Romance** David Fenster, 2021-01-21 Mehera Meher is the story of an intimate Divine Romance between the Beloved and his closest disciple The three volume hardbound set draws deeply from Mehera's firsthand narrative gathered from over 200 hours of tape recordings made by the author David Fenster from the years 1974 to 1982 To this he painstakingly researched and added other historical material from Mehera and those close to her to create an epic 1700 page biography of Avatar Meher Baba's foremost woman disciple This is the latest revised edition and contains numerous corrections and additions to previous editions Hearings United States. Congress. House. Committee on Science and Astronautics, 1959 **The Battle of Leyte Gulf** Stan Smith, 2017-07-19 LEYTE The eight day series of battles that took place on land sea and air over thousands of square miles in October 1944 has gone down in history as the time of decision in World War II The men who were there recall it with one unforgettable word Leyte In the pages of this new book many years in preparation those days of glory live again **Building a Nation** Eric D. Duke, 2018-10-15 Caribbean Studies Association Gordon K and Sybil Lewis Award Honorable Mention The initial push for a federation among British Caribbean colonies might have originated among colonial officials and white elites but the banner for federation was quickly picked up by Afro Caribbean activists who saw in the possibility of a united West Indian nation a means of securing political power and more In Building a Nation Eric Duke moves beyond the narrow view of federation as only relevant to Caribbean and British imperial histories By examining support for federation among many Afro Caribbean and other black activists in and out of the West Indies Duke convincingly expands and connects the movement's history squarely into the wider history of political and social activism in the early to mid twentieth century black diaspora Exploring the relationships between the pursuit of Caribbean federation and black diaspora politics Duke convincingly posits that federation was more than a regional endeavor it was a diasporic black nation building undertaking with broad support in diaspora centers such as Harlem and London deeply immersed in ideas of racial unity racial uplift and black self determination A volume in this series New World Diasporas edited by Kevin A Yelvington **My Kind of Country** Carl Carmer, 1995-06-01 This book is really a best of as chosen by the author himself These are Carmer's favorite pieces drawn from three decades of work He mixes leisurely reminiscences with folklore verse and portraits of Upstate's diverse population Geographically they range from Niagara Falls to Montauk Point and include pieces on the fate of Native Americans ghost stories tall stories character sketches a piece on the erosion of New York State's natural beauty as well as poems and works of wit and humor I Was Vermeer Frank Wynne, 2011-01-15 Frank Wynne's remarkable book tells the story of Han van Meegeren a paranoid drug addicted second rate painter whose Vermeer forgeries made him a secret superstar of the art world During van Meegeren's heyday as a

forger of Vermeers he earned the equivalent of fifty million dollars the acclaim of the world's press and the satisfaction of swindling Hermann Göring himself trading the Nazi commander one of his forgeries in exchange for the return of hundreds of looted Dutch paintings But he was undone by his very success thriving so noticeably during World War II that when it ended he was arrested as a Nazi collaborator His only defense was to admit that he himself had painted the Old Masters that had passed through his hands a confession the public refused to believe until in a huge media event the courts staged the public painting of what would be van Meegeren's last Vermeer I Was Vermeer is a gripping real life mystery that exposes the life and techniques of the consummate art forger the fascinating work of the experts who try to track down the fakes and the collusion and ego in the art establishment that even today allow forgery to thrive Wry amoral and plotted like a thriller it is the first major book in forty years on this astonishing episode in history Frank Wynne is a writer and award winning literary translator Born in Ireland he has lived and worked in Dublin Paris Amsterdam London and Buenos Aires and currently lives in San José Costa Rica He has translated more than a dozen novels among them the works of Michel Houellebecq Frédéric Beigbeder Pierre Moret and Ahmadou Kourouma A journalist and broadcaster he has written for the Sunday Times the Independent the Irish Times Melody Maker and Time Out

Colonial Adventure Ken Gelder,Rachael Weaver,2024-10-08 Adventure was one of the grand narratives of colonisation which saw European powers sending agents off to new and distant worlds Their journeys didn t always follow a straight line Some were shipwrecked lost or marooned adventure turned into misadventure Others left the colony as soon as they arrived Convicts fled to Timor China and South America while bushrangers roamed the country antagonising colonial authorities But when adventurers directly served the interests of colonisation they could be violent ruthless and brutally racist rapaciously seeking profit and property Many adventurers went wherever ambition took them killing and dispossessing Aboriginal people and claiming ownership of their lands By examining colonial adventure narratives in all their rawness and complexity this book asks us to reflect on the continuing legacies of colonisation in Australia today

Black,2020-10-14 The Hoosac railroad tunnel in the mountains of northwestern Massachusetts was a nineteenth century engineering and construction marvel on par with the Brooklyn Bridge Transcontinental Railroad and Erie Canal The longest tunnel in the Western Hemisphere at the time 4 75 miles it took nearly twenty five years 1851 1875 almost two hundred casualties and tens of millions of dollars to build Yet it failed to deliver on its grandiose promise of economic renewal for the commonwealth and thus is little known today Andrew R Black s Buried Dreams refreshes public memory of the project explaining how a plan of such magnitude and cost came to be in the first place what forces sustained its completion and the factors that inhibited its success Black digs into the special case of Massachusetts a state disadvantaged by nature and forced repeatedly to reinvent itself to succeed economically The Hoosac Tunnel was just one of the state s efforts in this cycle of decline and rejuvenation though certainly the strangest Black also explores the intense rivalry among Eastern Seaboard states for the spoils of western expansion in the post Erie Canal period His study interweaves the lure of the West the competition between Massachusetts and archrival New York the railroad boom and collapse and the shifting ground of state and national politics The psychic makeup of Americans before and after the Civil War heavily influenced public perceptions of the tunnel by the time it was finished Black contends the indomitable triumphalism that had given birth to the Hoosac had faded to skepticism and cynicism Anticipated economic benefits never arrived and Massachusetts eventually sold the tunnel for only a fraction of its cost to a private railroad company Buried Dreams tells a story of America s reckoning with the perils of impractical idealism the limits of technology to bend nature to its will and grand endeavors untempered by humility
